Natick High School

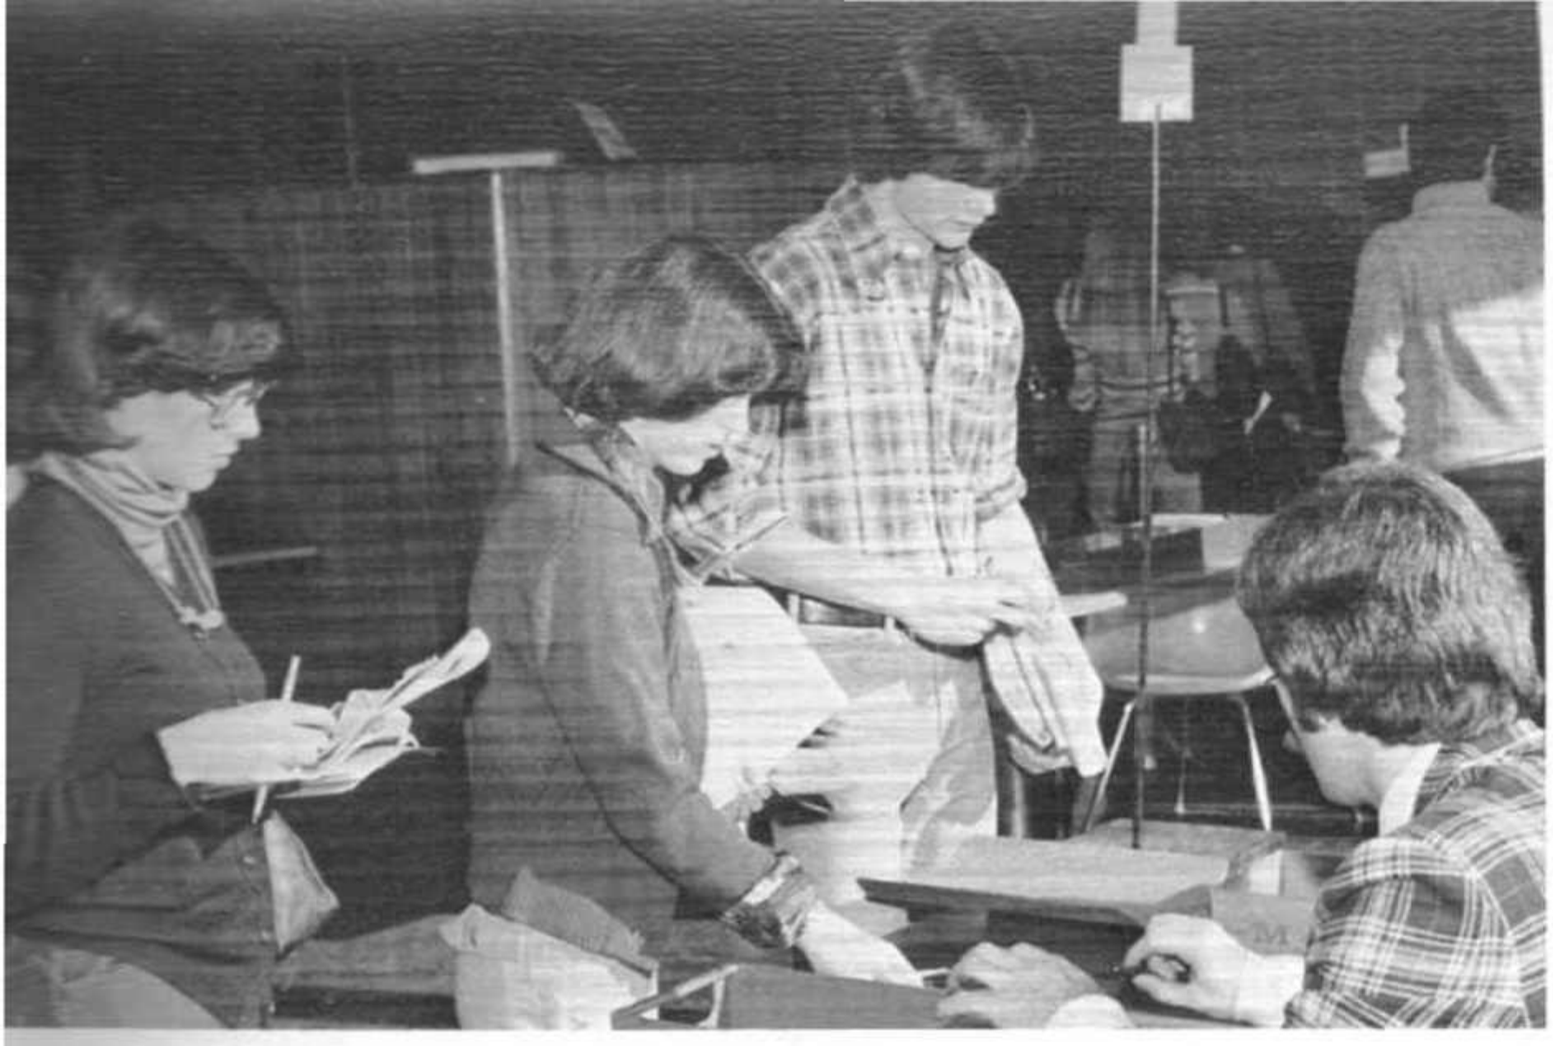

Natick, Mass.

Dedication

We the Class of '77, proudly dedicate our yearbook to Mrs. Frances Arena. By so doing, we express our appreciation for a person whose work and devotion often goes unrecognized.

Mrs. Arena does a great deal to make the guidance office a place that benefits students. For instance, she sets up the career conferences that help us set our goals for the future.

Most seniors going on to college know of the work involved in typing and sending the college transcripts, which is also done by Mrs. Arena.

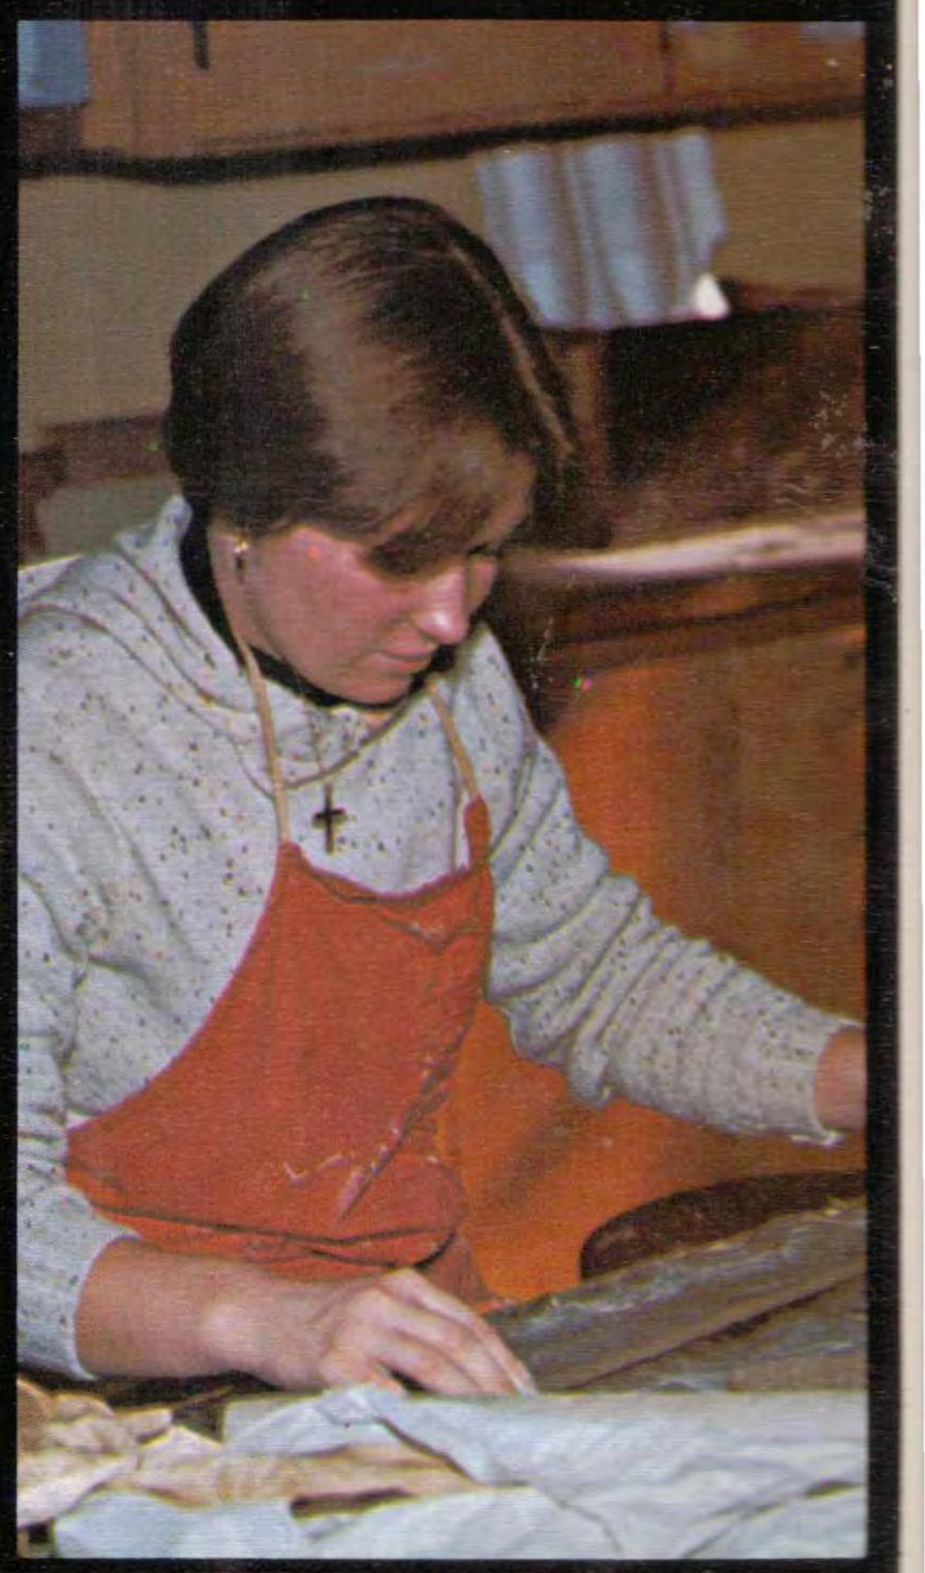

In addition to the work, Mrs. Arena finds time to help anyone who wanders into the guidance office and, with her husband, served as a chaperone on the Speech Team's weekend in Biddeford, Maine. Also the candy dish which is always filled is one of the "little things" Mrs. Arena does in going out of her way to please the students as well as the faculty.

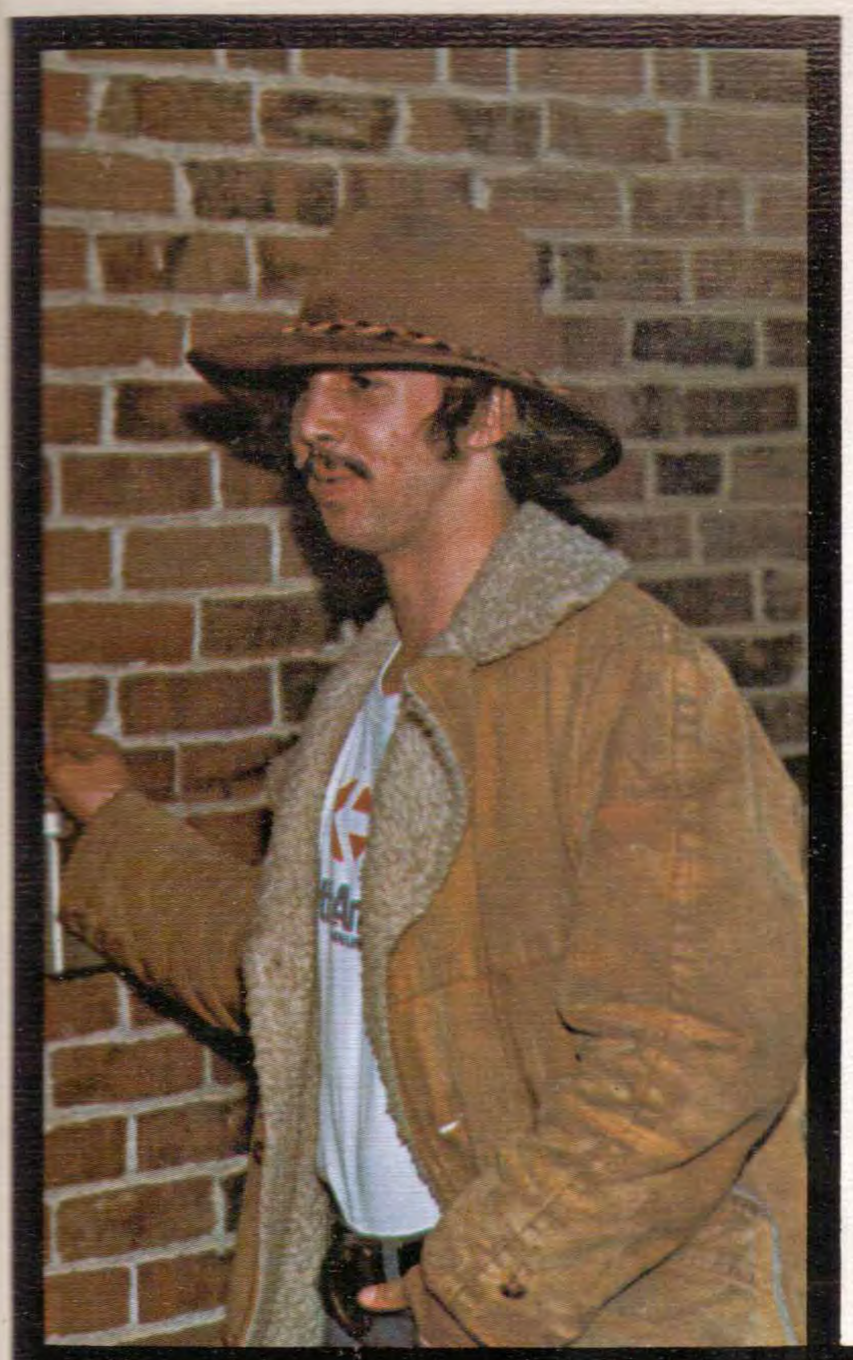

THANK YOU MRS. ARENA!!

In our high school years and all throughout life, all of us have and always will have many different experiences. From these experiences we learn and Natick High School has been our center for learning over the past three years, as each of us has crossed a very important path of life. This path has not only included academics but more importantly social growth and hopefully mental maturity.

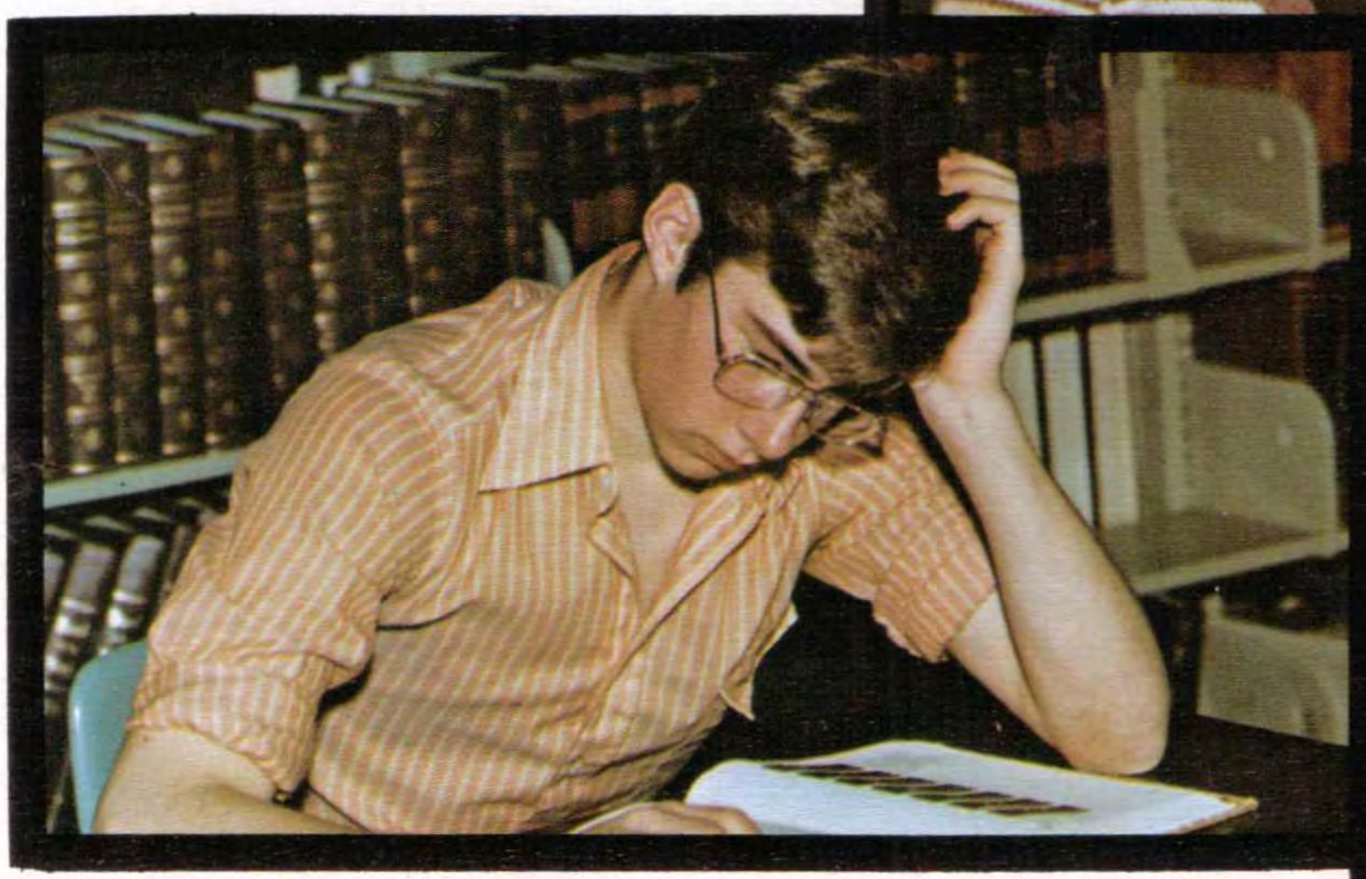

Our years at Natick have consisted of bright sunny days when we felt we had reached our peak of happiness, and those dark grey days when we felt as if the sun would never come out again. It was on these days when everything seemed so dark and grey that we needed friends the most, and with their friendship and understanding the sun would soon shine through again bringing with it a feeling of hope and a new beginning.

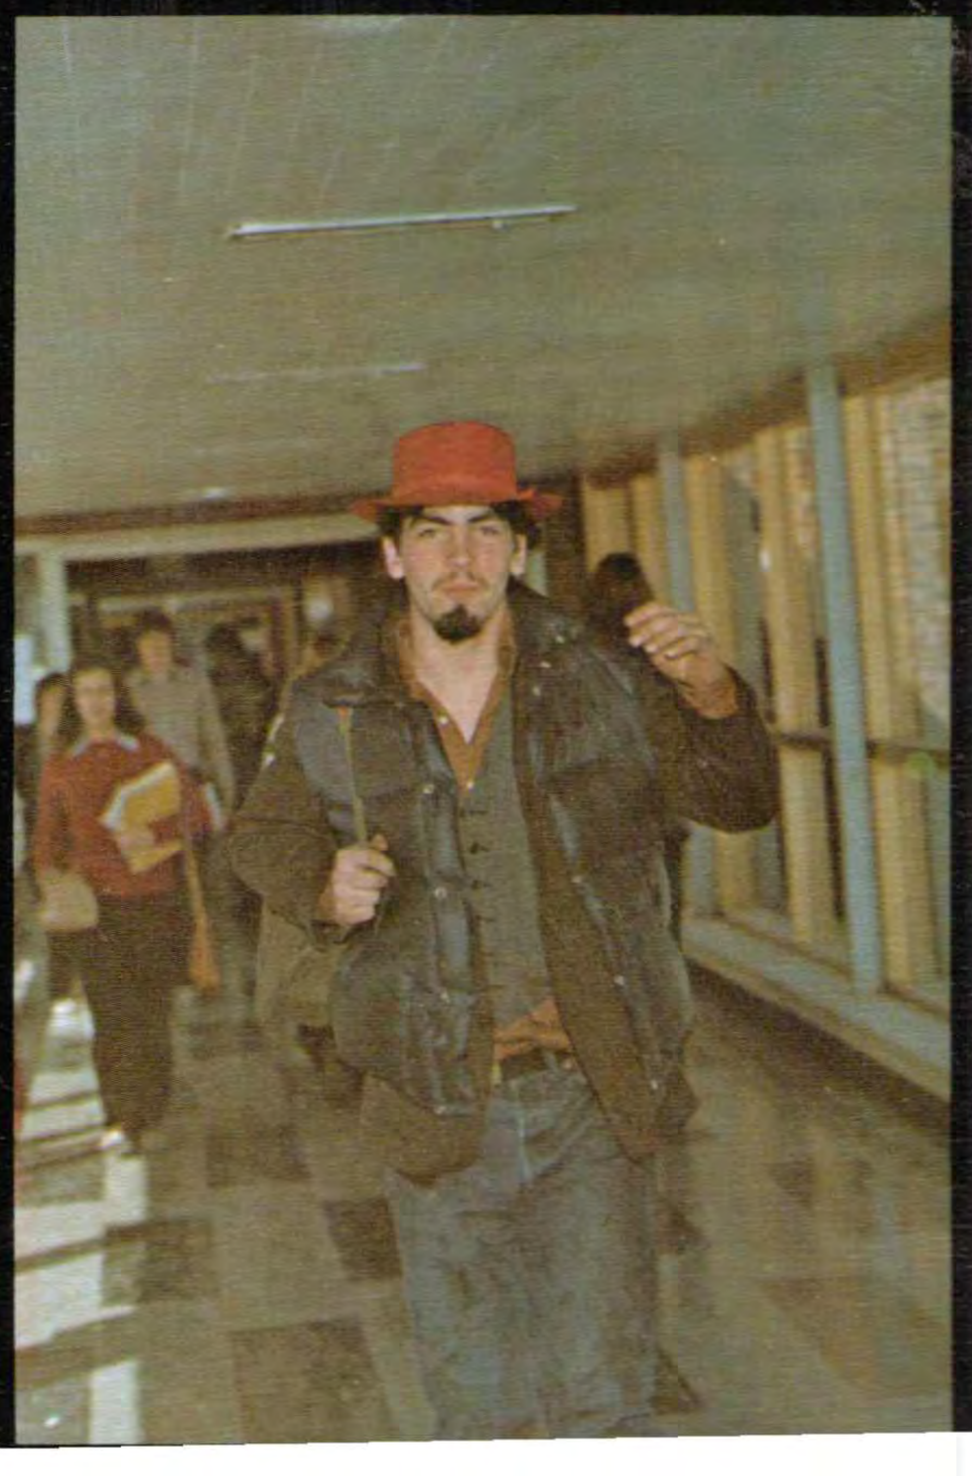

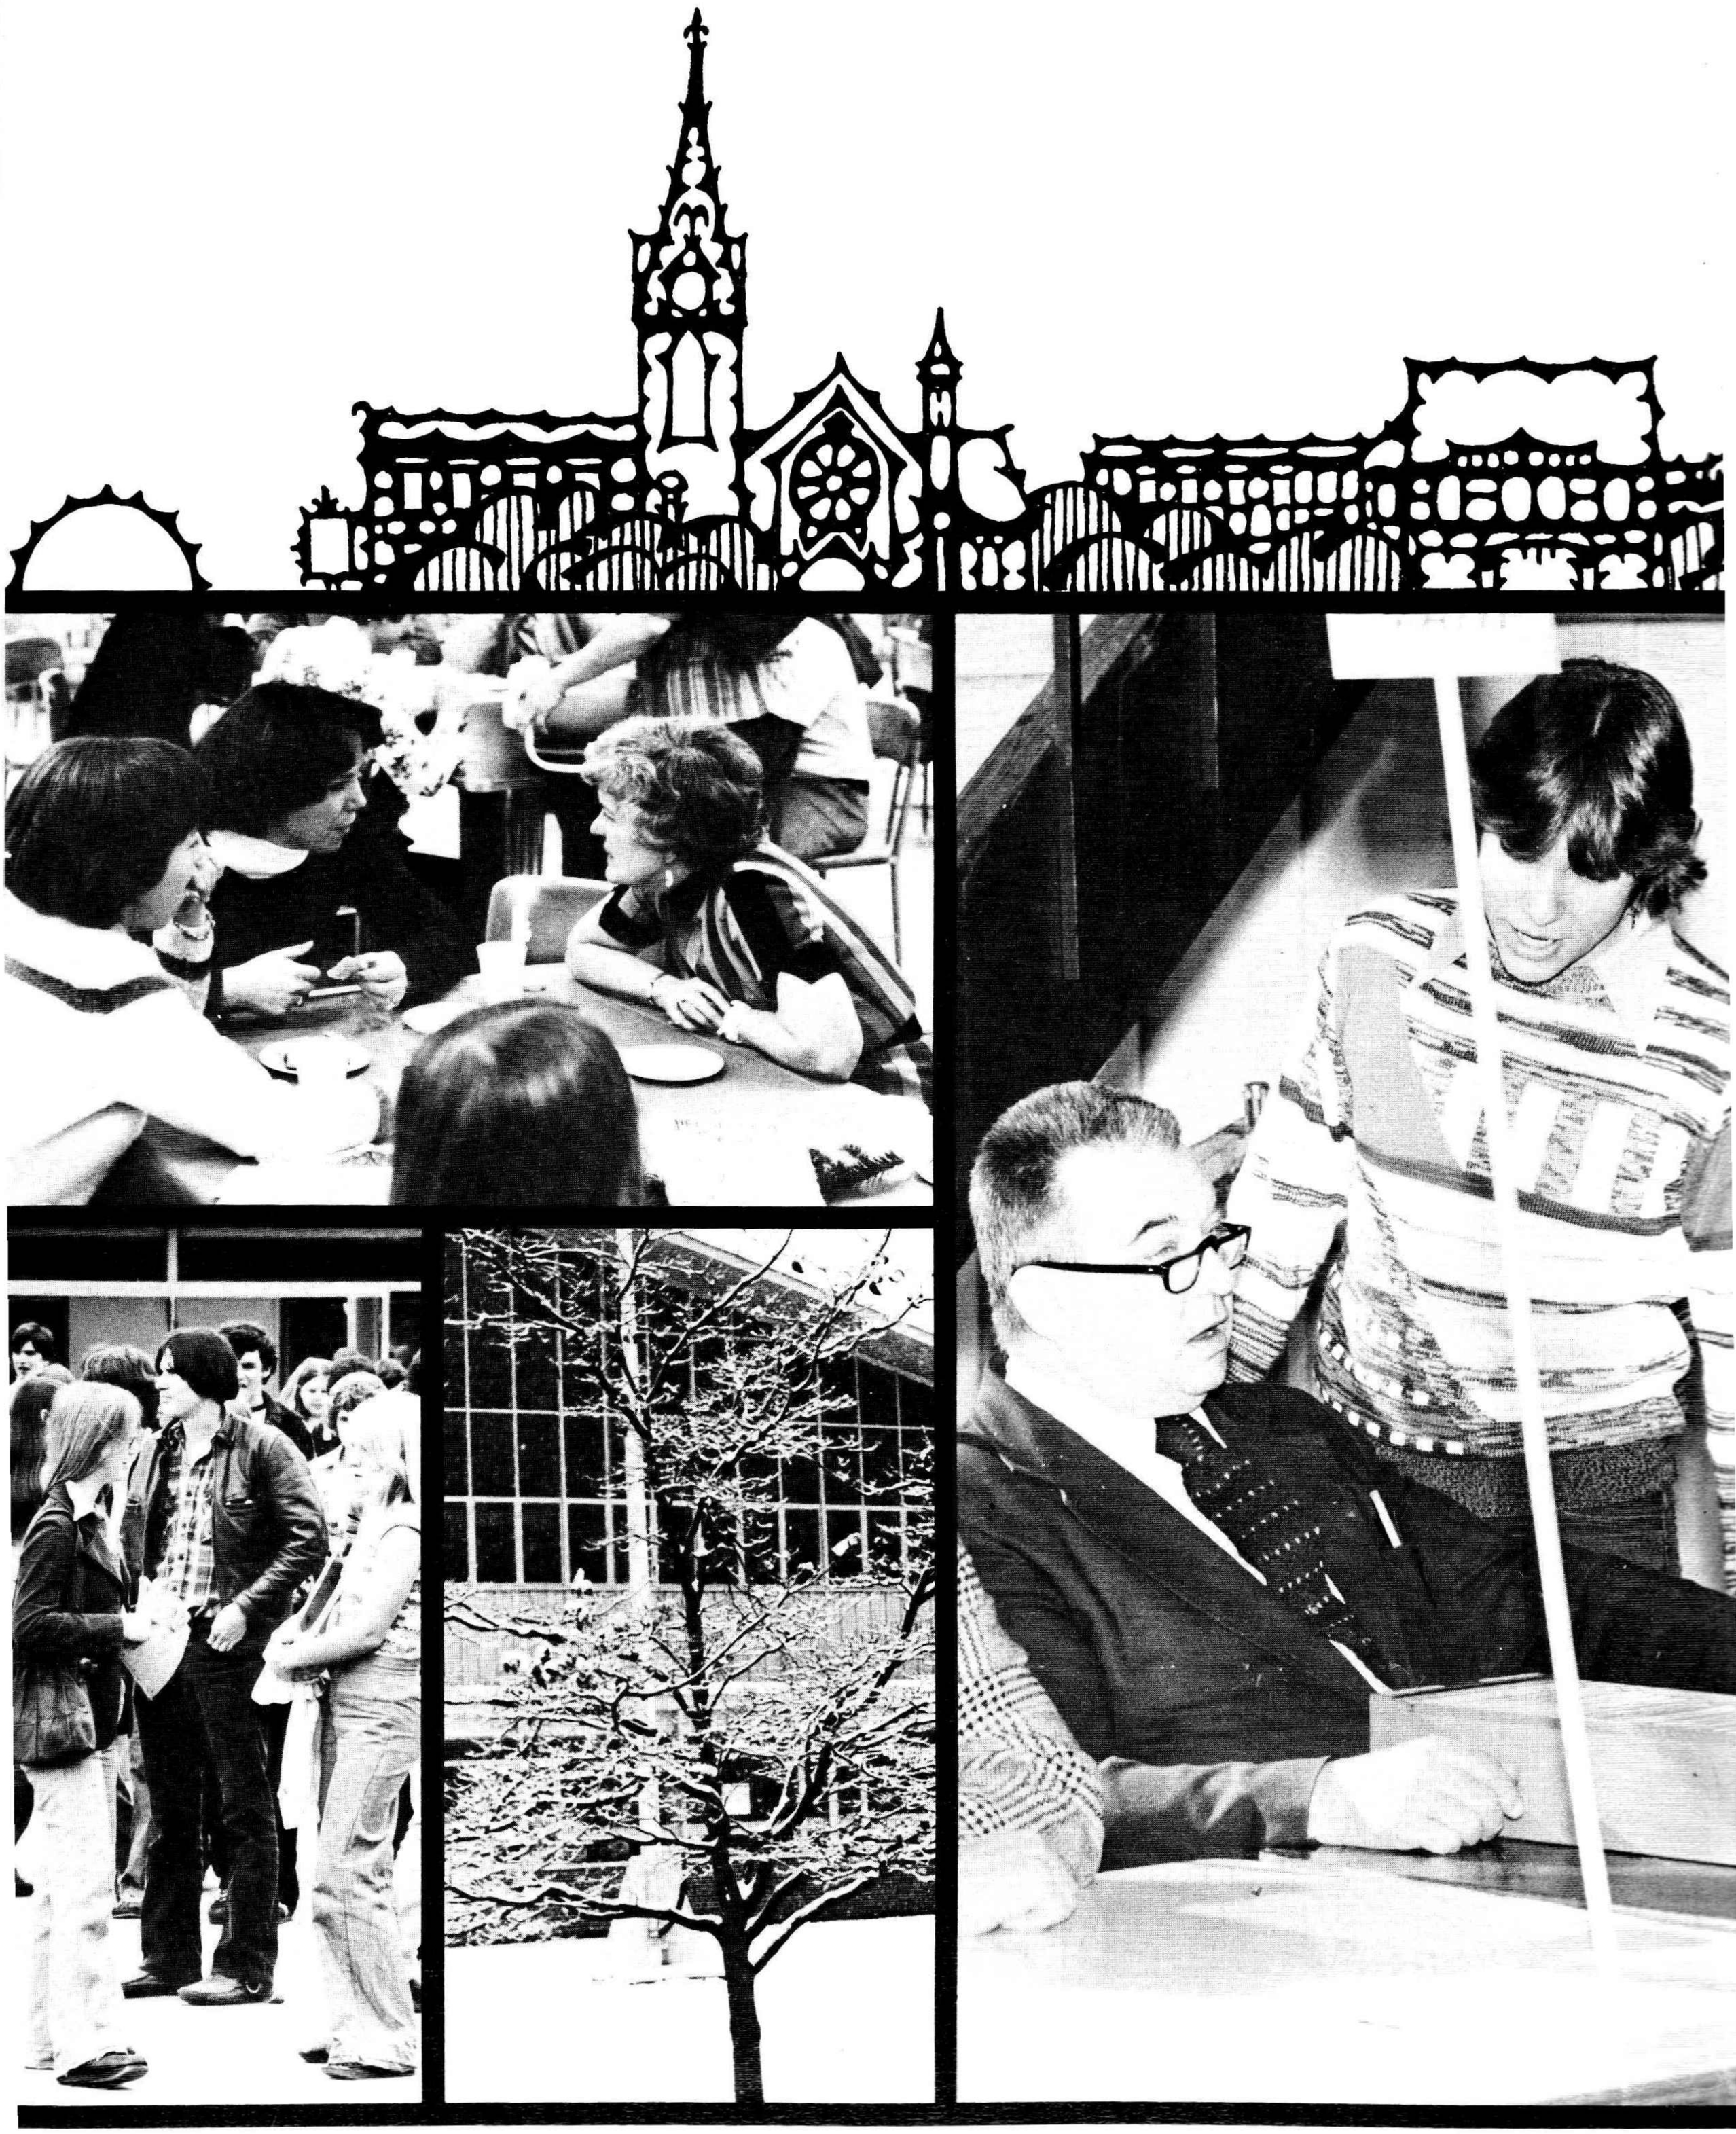

In a school of almost 2,000 students there are many unique individuals that one can meet. It was impossible to get to know everyone, but all of us have had the opportunity to meet some new people and begin many special friendships.

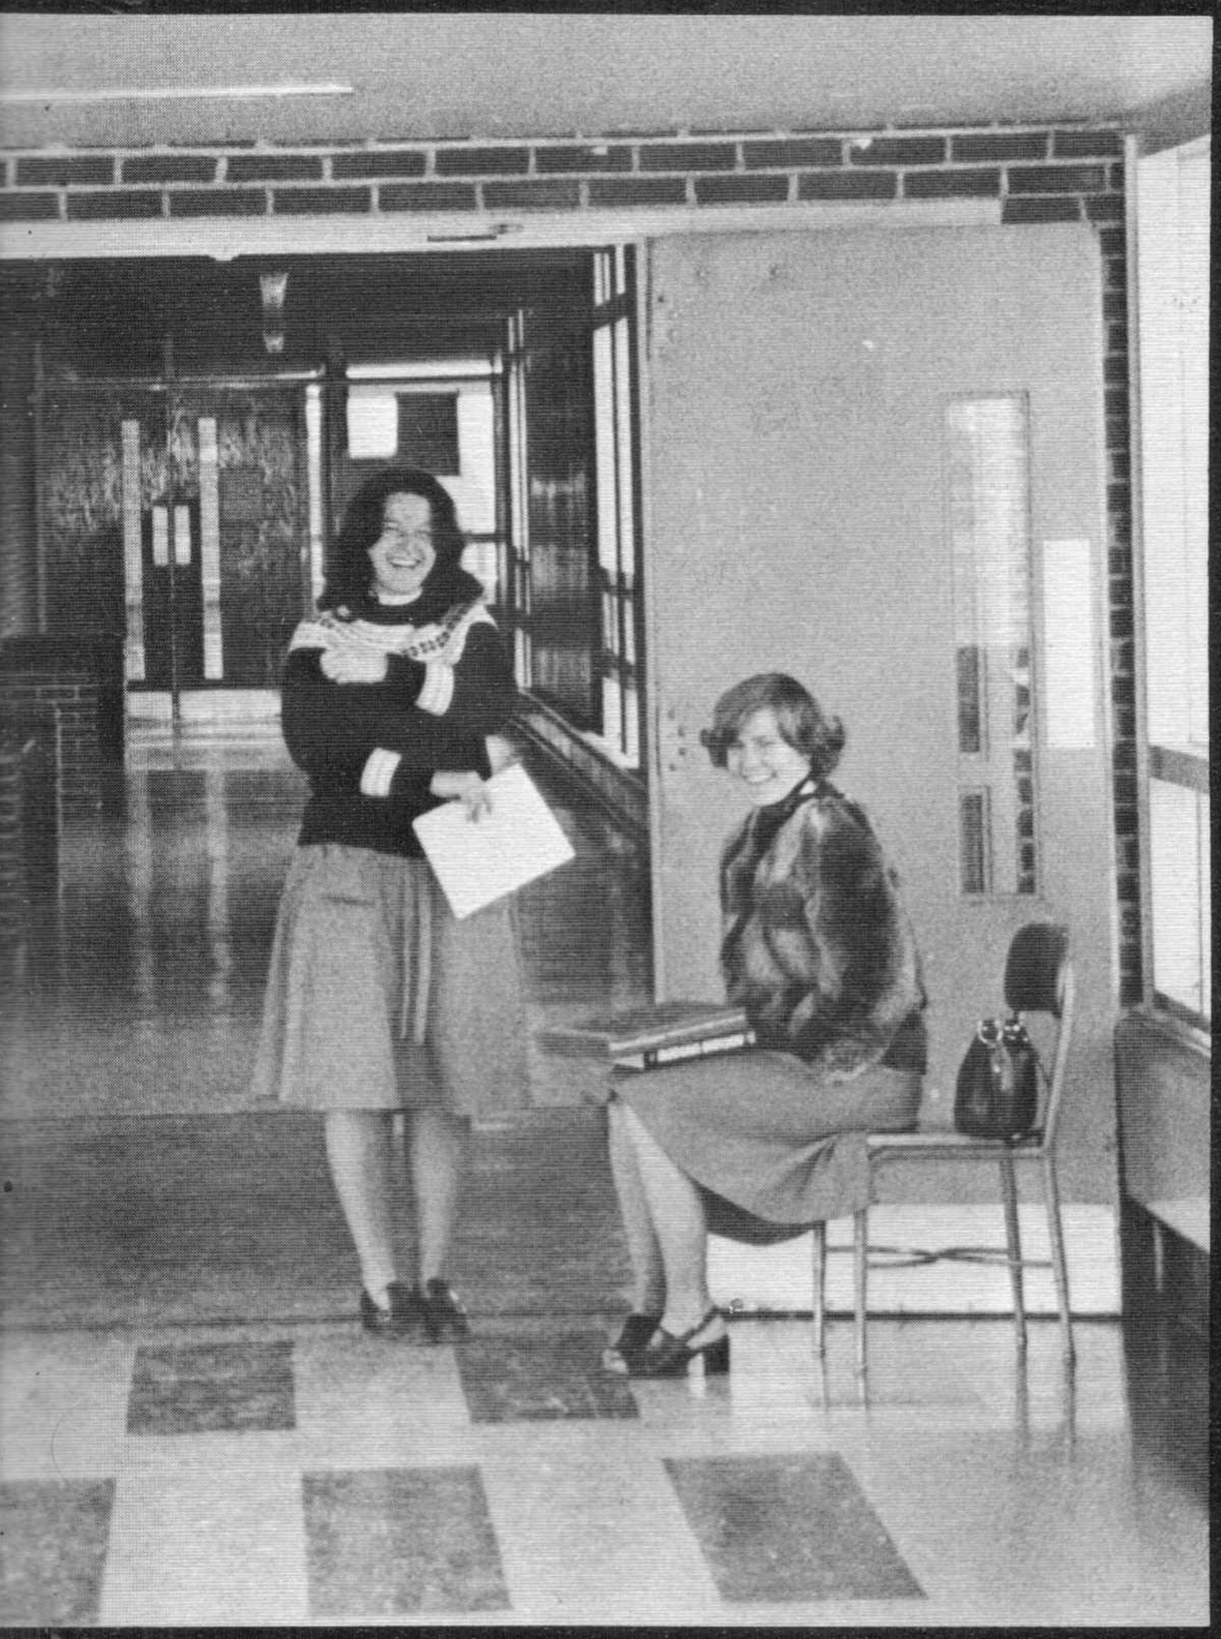

It would be totally unrealistic to pretend that we, the class of 1977, were a completely unified body of over six hundred people who got along perfectly with one another. It would also be unrealistic to say that there was something wrong in this because no matter where you go in your lifetime you will always find people whose ideas and interests differ from your own. Although we mainly associated with people in our own sphere of friends, we all have one thing in common: we have shared days, weeks, months and years together, at the same place filled with new and exciting experiences and together they are ours to remember

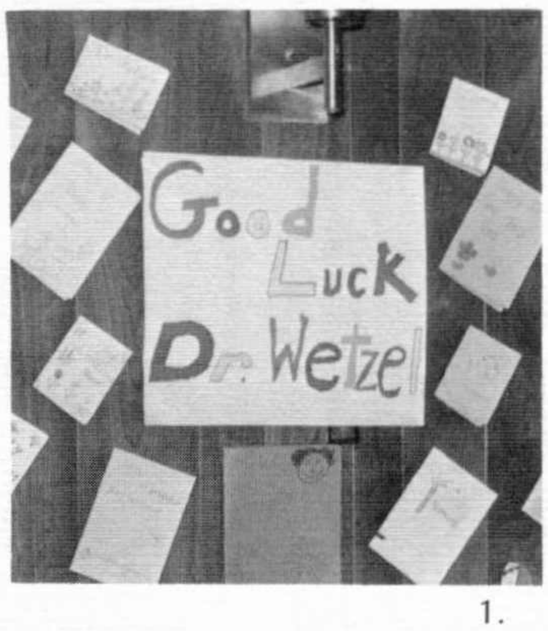

What can be said about the faculty that hasn't already been said? The teachers and various administrators at NHS have been praised, pleaded with, cajoled, and sometimes cursed during our 3 year sojourn at the high school. We liked some, disliked others, loved some, tolerated most.

Whether they were loved or hated, however, the faculty of NHS played a dominant role in our school day and we all appreciate the sincere effort they gave in trying to give us an education.

SUPERINTENDENTS

Dr. Winston W. Wetzel retired as Superintendent of the Natick Public Schools after seven years in that position, at the end of 1976. Dr. Joseph Keefe was appointed to fill the position. Dr. Keefe, the former principal of Kennedy Junior High, returned to Natick after serving in Worcester. We wish Dr. Wetzel a happy retirement and wish Dr. Keefe the best of luck.

There has never been a time when we have been able to supply all the office workers needed by the business community. That fact has been established in the past 10 years or so by the calls from employers for high school seniors or recent graduates for clerks, bookkeepers, typists, stenographers, or machine operators. Since we started the Cooperative Office Work program and the Distributive Education cooperative program (retail and wholesale positions), our contacts with the business community have taken on a more definite regular working relationship. This helps us to keep our work realistic in terms of local business needs and insures that our students will be able to adapt to employment quickly and efficiently.

The business education staff hopes that through student awareness of what various subjects prepare for or lead to, each student will choose to prepare for the future by taking one or more business subjects each year.

This year saw the addition of Donald Booth to our staff. He teaches Personal Typing and Notetaking. He has also joined the Driver Education staff. This year also saw the promotion of Sgt. McDade to Staff Sergeant Major. We all look forward to the near future when we may be addressing her as "Five Star General McDade."

This department is currently in the process of re-accessing its entire curriculum. The goal is to provide better techniques for preparing students for their futures. Many faculty members have attended national, state and local conferences looking for new ideas and concepts. They are emphasizing considerable changes in the sophomore program. Mr. Harrington, Mrs. McLaughlin, Mrs. Cantwell and Mr. Minton make up a reorganization team covering the following areas; honors, senior, junior and sophomore, respectively. To complete the program Mrs. Robbins and Mr. Holbrook are in charge of electives.

The Industrial Arts Department had a very productive year. This may or may not be attributed to the new white jackets worn by the faculty members.

Child Development classes entertained groups of children on Halloween, Christmas and Easter. Nutrition was well received in its second year, and there was an overwhelming response to the introduction of Creative Stitchery. In the fields of electricity and electronics, the job market has opened up tremendously. This trend is seen in the three hundred per cent increase in the want advertisements for people with these backgrounds.

In art, Ross Berman and Susan Lynch were chosen to exhibit at the Massachusetts Regional Scholastic Art Awards sponsored by the Boston Globe.

The Natick Rotary Club awarded scholarships to the following students: Lawrence Maletta and David LaRhette for Power Mechanics, Robert O'Leary for Metalworking, Paul Monaco for Woodworking, Debra Doll for Graphic Arts, Robert Friedman for Technical Drawing, Jenny Pollak for Electricity/Elctronics and Thomas Carr for Structures.

Two of our third-year French students were winners in the National French Contest Exam this year, Susan Fine and James Levin. Also showing their talent was Mrs. Pataky's B period Spanish 31 class. They published their own newspaper entitled El Toro, which was entirely written in Spanish. In April, all our Spanish students attended a show by the Flamenco Ballet Company.

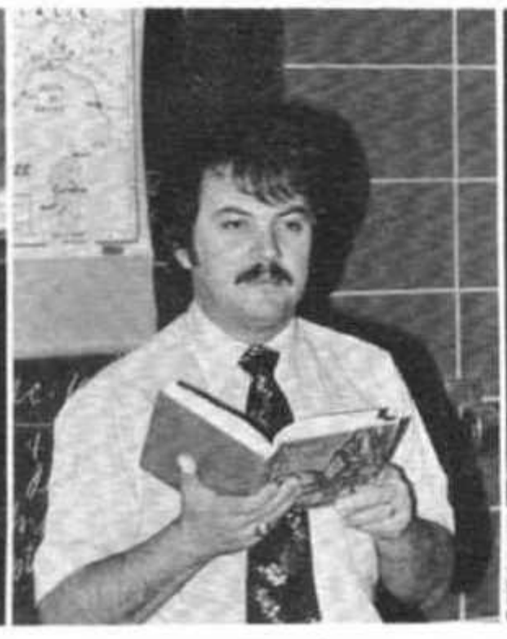

Next year will see some changes in the Language Department. Miss DiGiandomenico and Mrs. Pataky will teach full-time. Two additional courses will be offered to fourth-year French students; France Today and Advanced Grammar & Composition. Both will be semester courses and are expected to receive a wide response.

Members of the Language Department are looking forward to the fall of 1978, which will be the fifth year of Spanish and French. In the past the enrollment has remained stable and hopefully it will continue to do so in the coming years.

The Music Department started the year with the addition of a new band leader to the staff, Joseph Keown, who taught the previous year in New Hampshire. After the football season the Concert Band and the Jazz Ensemble, directed by Mr. Keown, the Concert Choir and the Chanber Singers, directed by Mrs. Karen Bergmann, prepared and presented to the public a Candlelight Concert on December 15th. The Concert Choir and Chamber Singers offered a choral concert entitled "Poetry and Music" on March 9, 1977. This year the Concert Choir was chosen after state-wide competition to sing at the Massachusetts Music Educator's All-State Conference at Lowell, March 31, 1977. During the month of May the Music Department presented the third annual Pops Concert. Next year our new course offering will be Instrumental Class, adding up to a total of ten classes taught by our small staff. Musical events are featured on the following pages: 56-57, 114, 116-117 and 142-143.

There has been a slow but steady increase in enrollment in the Mathematics Department. Some of this can be attributed to the new courses — Integrated Mathematics and Probability and Statistics — that are now offered at the Senior level. Both of these courses appear to be beneficial and enjoyable to the students taking them.

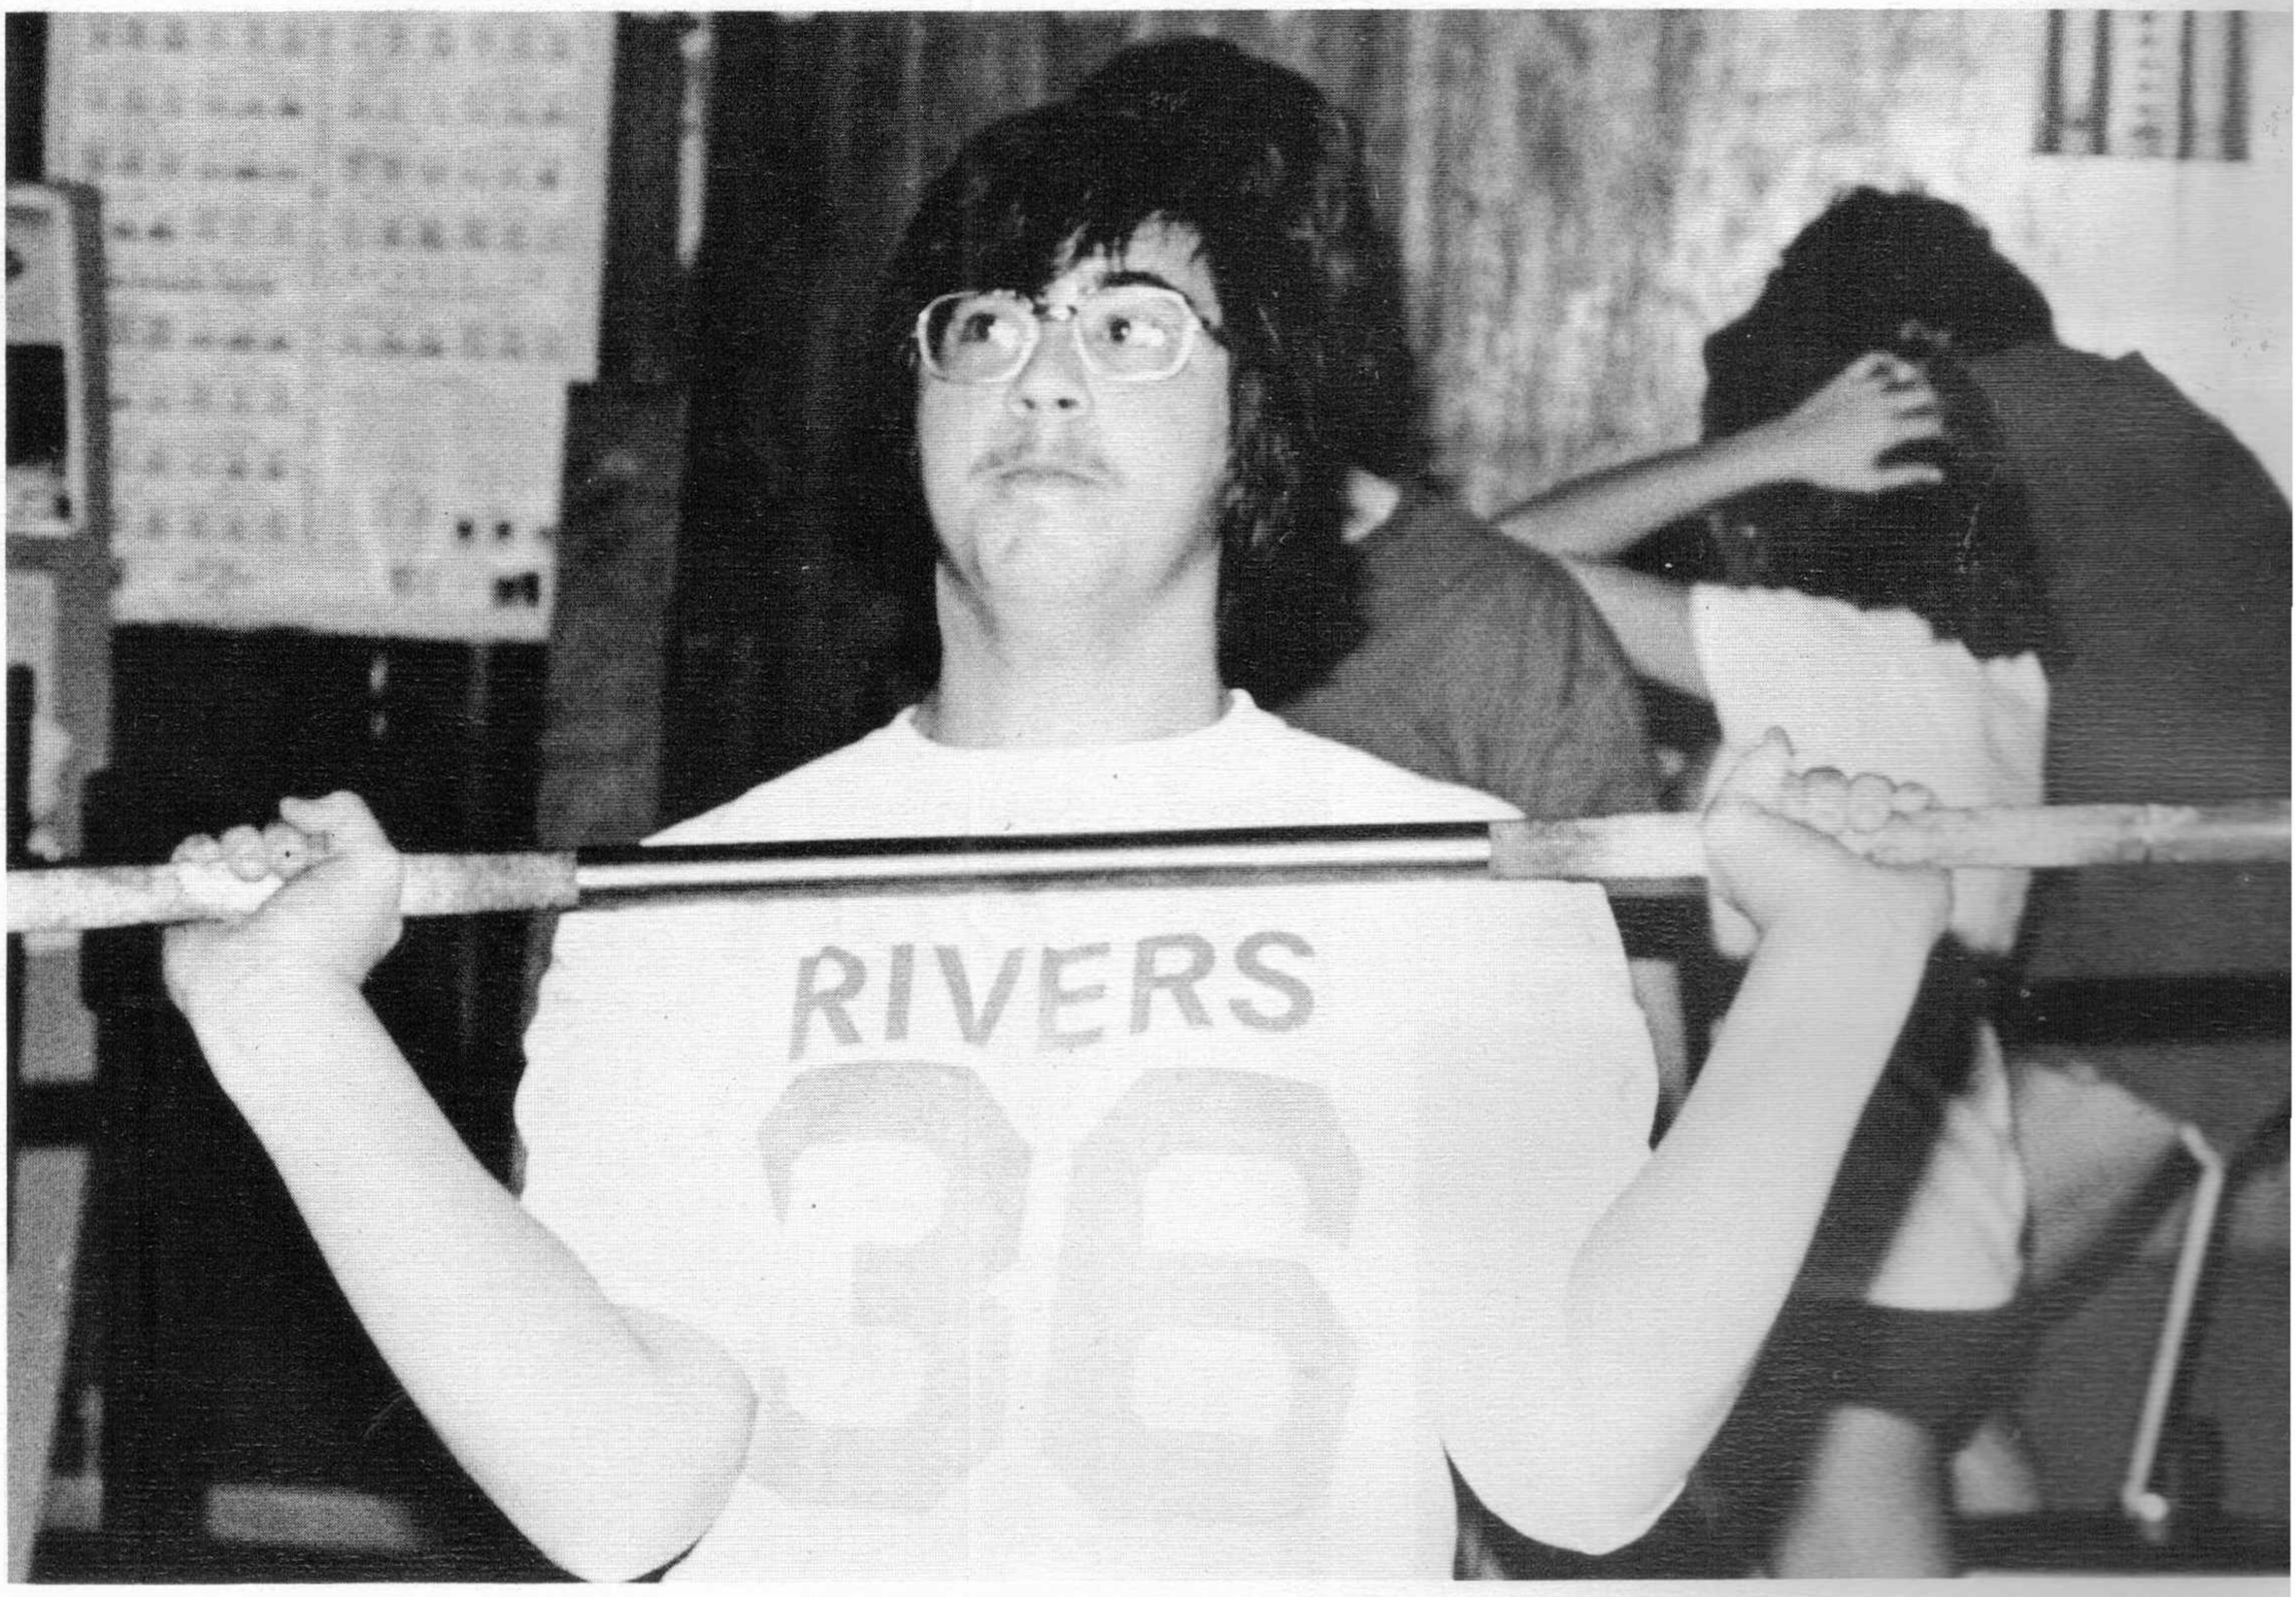

This year construction is underway which will enable the Math department to make use of the computer in every math room. A connection to the computer plus a mobile teletype unit will be used for this purpose. The Mathematics department feels that bringing the computer to the students will provide greater flexibility and use than the converse of the situation.

It is also envisioned that this new availability will enable the department to develop at least two new courses. One would be designed for those students who wish to use the computer as an aid in their mathematics or science courses. The other would be more of a survey course and not as demanding in the mathematical background required of the student. Since it is highly likely that all graduates of N.H.S. will throughout their lives be affected by computerization, the Math Dept. believes that a course which would trace the history of computers, explain their operation, and allow students to write simple programs would lift to some extent the veil of mystery that surrounds computers.

This year the Physical Education department incorporated more popular sports into their programs. Instead of just playing football or basketball, it featured sports such as golf, gymnastics, fencing, bait casting, lacrosse and swimming.

Two of the most popular gym units were cross-country skiing and physical fitness. During the winter, students with classes in the B-wing could watch budding cross-country skiers making their way across the softball field with varying degrees of success. More skis have been ordered as a result of its success.

The physical fitness unit was very popular with the students choosing it. The unit consisted of running, tumbling, and hurdling exercises. At the end of the program, student were timed on an obstacle course. It gave many kids a good chance to see what kind of shape they were in.

The Ham Radio Club resumed operation under Mr. Alfred Murray and was revitalized with the purchase of new equipment.

New teachers include Mrs. Eileen Muller (biology, chemistry), Miss Cynthia Blodgett (biology), and Miss Margaret Pierce (biology, environmental studies). Unfortunately this was Mrs. Helen Wolf's (not pictured) last year teaching at Natick High School. She, therefore, graduates with our class! SOCIAL STUDIES

After the sophomore required course in United States History Part II (1875 to the present), students have a wide array of subjects from which to choose. Nine new semester electives were added for the school year 1976-77. The electives now include Sociology, Sociology II, Psychology, Psychology II, Women in History, Comparative Religions, The American Frontier, Environmental Geography, Political Geography, Ancient History, The 20's and 30's, The 60's, Medieval History, Revolutions in a Modern World, Cultural Anthropology, North American Indian, Modern European History, Contemporary European History, Modern Problems, and International Relations.

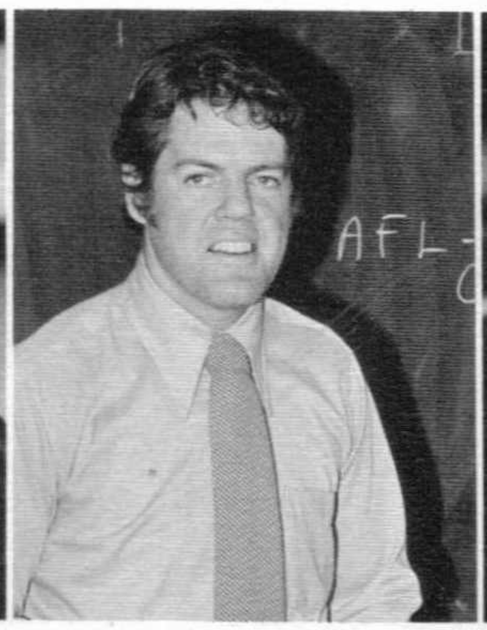

Plans are being discussed to initiate an Honors or Advanced Placement course in United States History and possibly other subject areas.

Each year students participate in a statewide Student Government Day. This year Karl Handelsman was chosen and presented a program for the regulation of vessels in territorial waters. It was one of only three bills that were passed and signed by the acting governor.

The department also conducts the student council and class elections under the direction of Mrs. Katherine Flaherty. Town voting machines are used and the whole procedure is modeled after Natick town elections.

WALK-IN CENTER

The Walk-In-Center is an alternative counseling service made available for students and faculty who need help in making decisions or for those who would like to talk about problems at home, at school, or otherwise. Although its main purpose is crisis intervention, the Walk-In-Center welcomes new students and is involved with several other counseling programs such as Big Brother-Big Sister and Peer Counseling. All matters are kept in the strictest confidence and no records, other than the number of students served, are kept. With 250 students, almost more than can be handled, the program has grown more personal attempts to cater to the individual's needs.

RUBINSTEIN

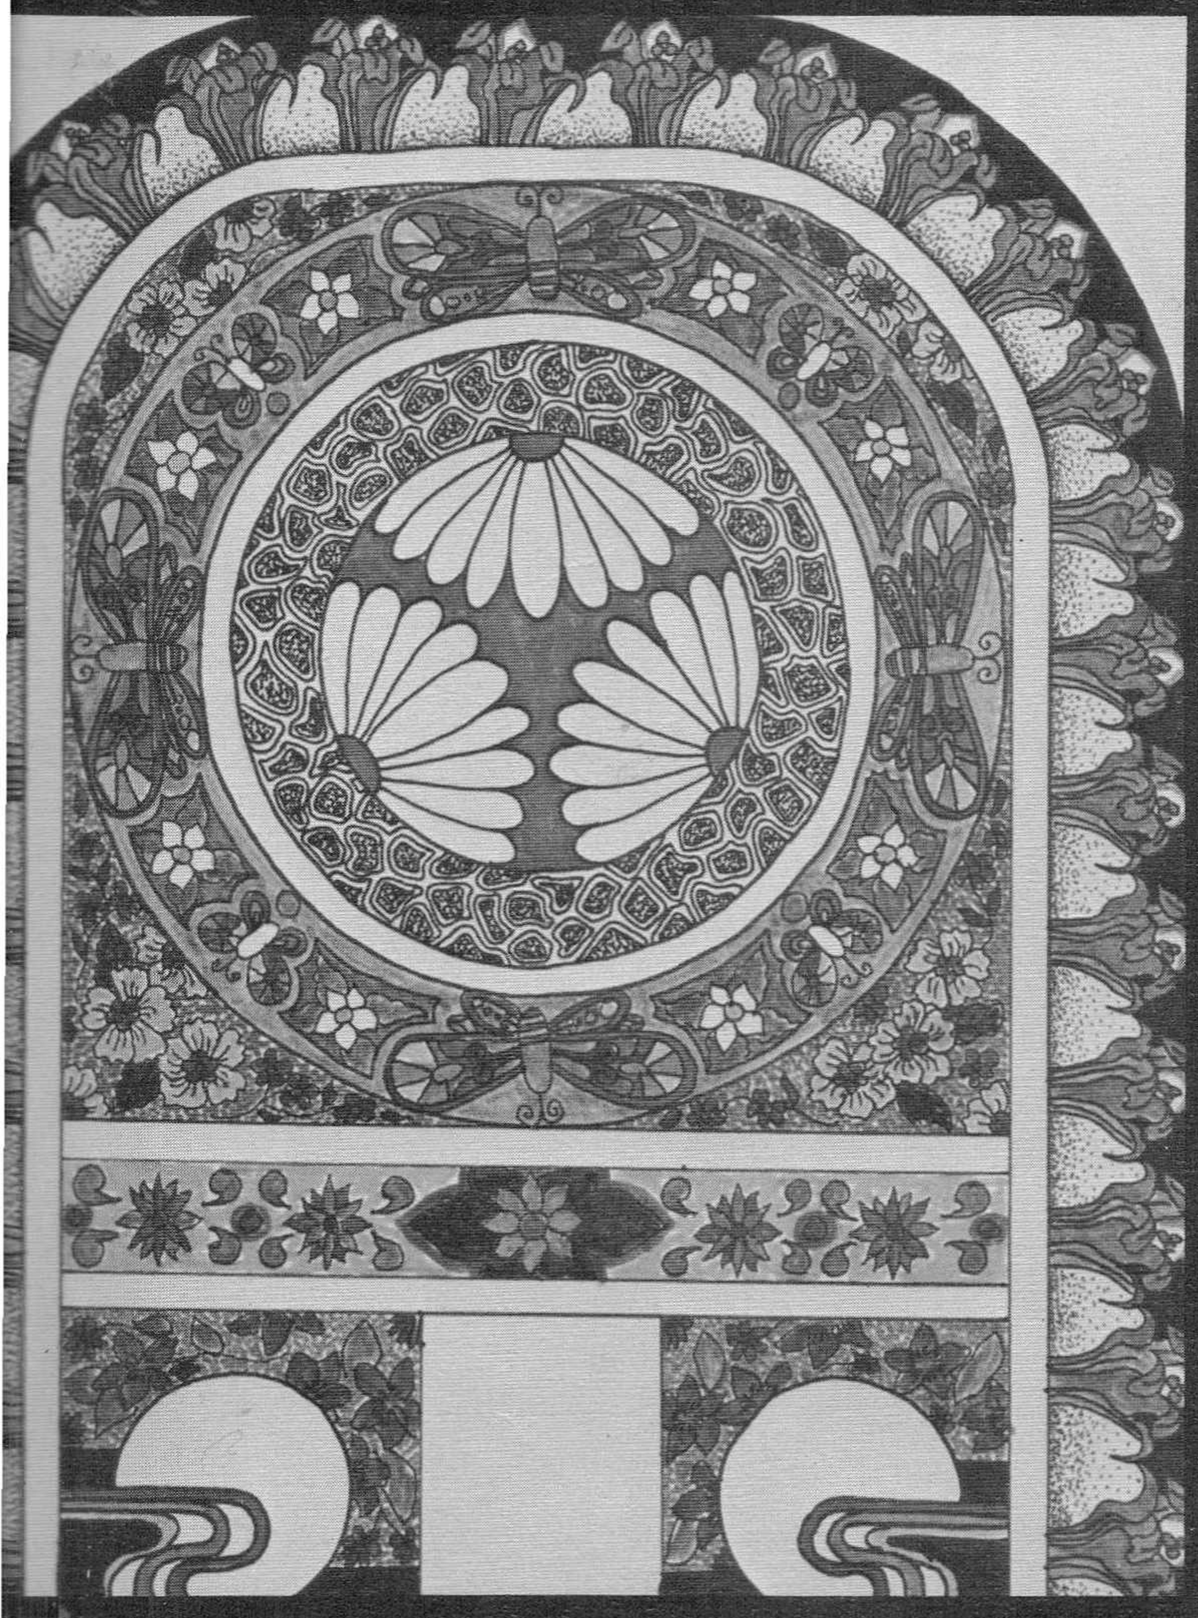

Art, music and drama played an important role in the lives of many students at NHS. These activities provided students with the opportunity to express themselves artistically, do something they enjoyed doing, and receive credits all at the same time. Ranging from the scribbled poetry on the bathroom walls to the lead part in the all-school show, it was obvious that creativity was far from dead at NHS.

Art is a very hard area to define. The Webster Dictionary sees art as being the use of skill and imagination in the production of things of beauty. Here, at Natick High, we see art in our own way. Not only is art seen through the eyes, but it is also heard, read and interpreted through the mind. People who go beyond the expected and put their ideas into focus are thought of as gifted people. The world belongs to those who find more than the ordinary in everyday happenings.

There are those who make it happen . .

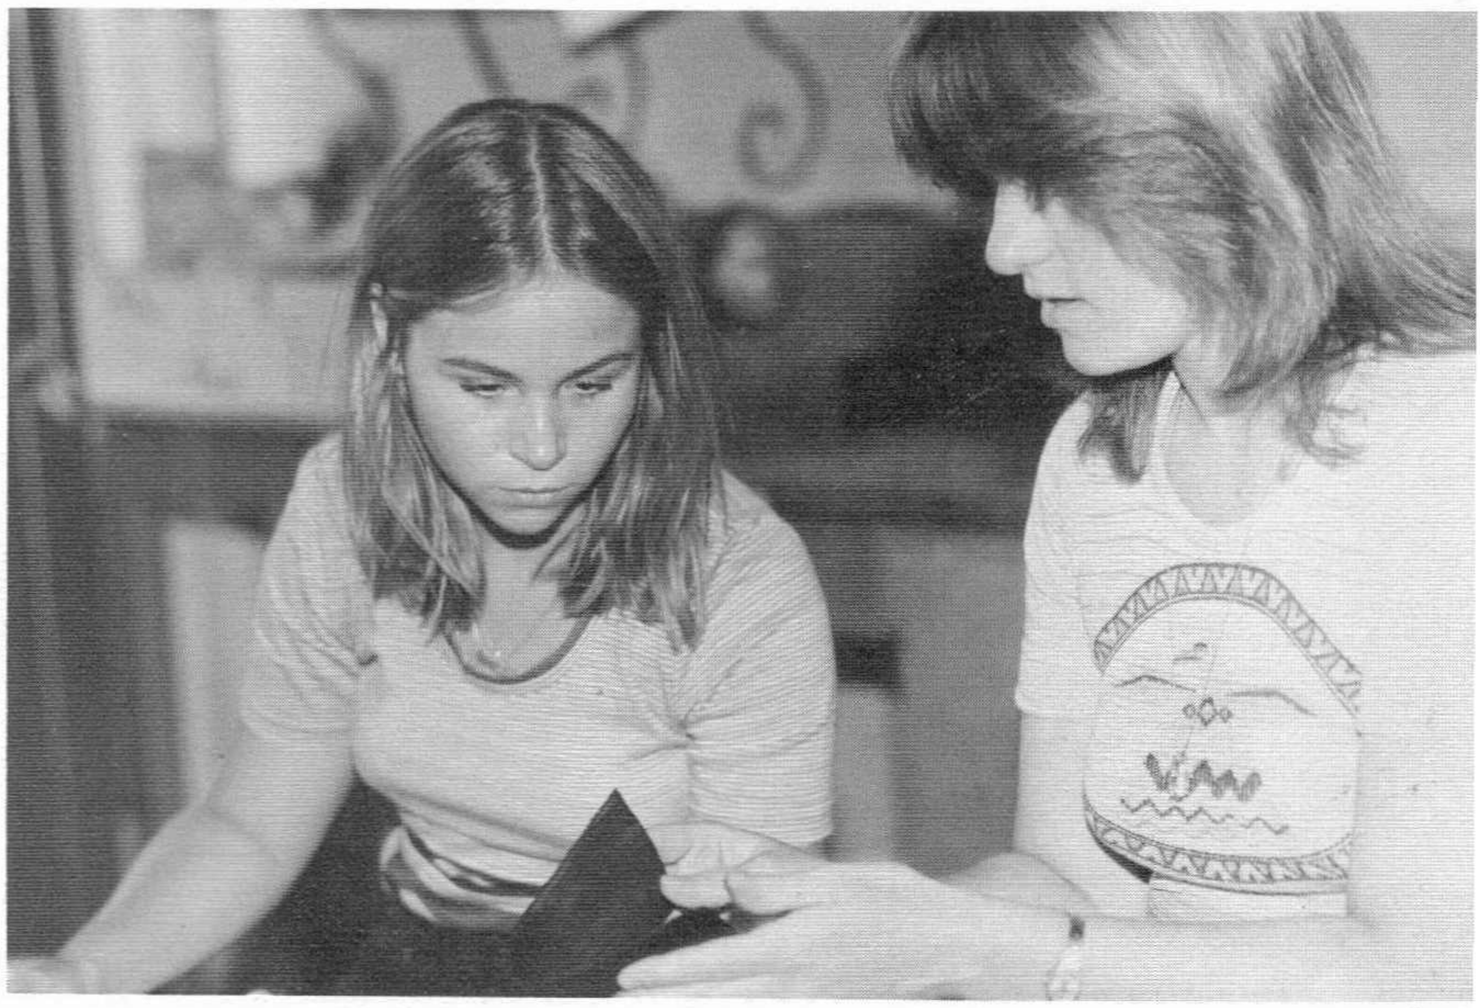

1

1. Andy, Richard and Tim producing Tim's mural design. 2. Diane Fassino completing a batik piece. 3. Mary Ferrari gets a how-to lesson in lacing. 4. Elaine gives Barbara a few pointers. 5. Shot of Crane's Beach by Heidee Lander.

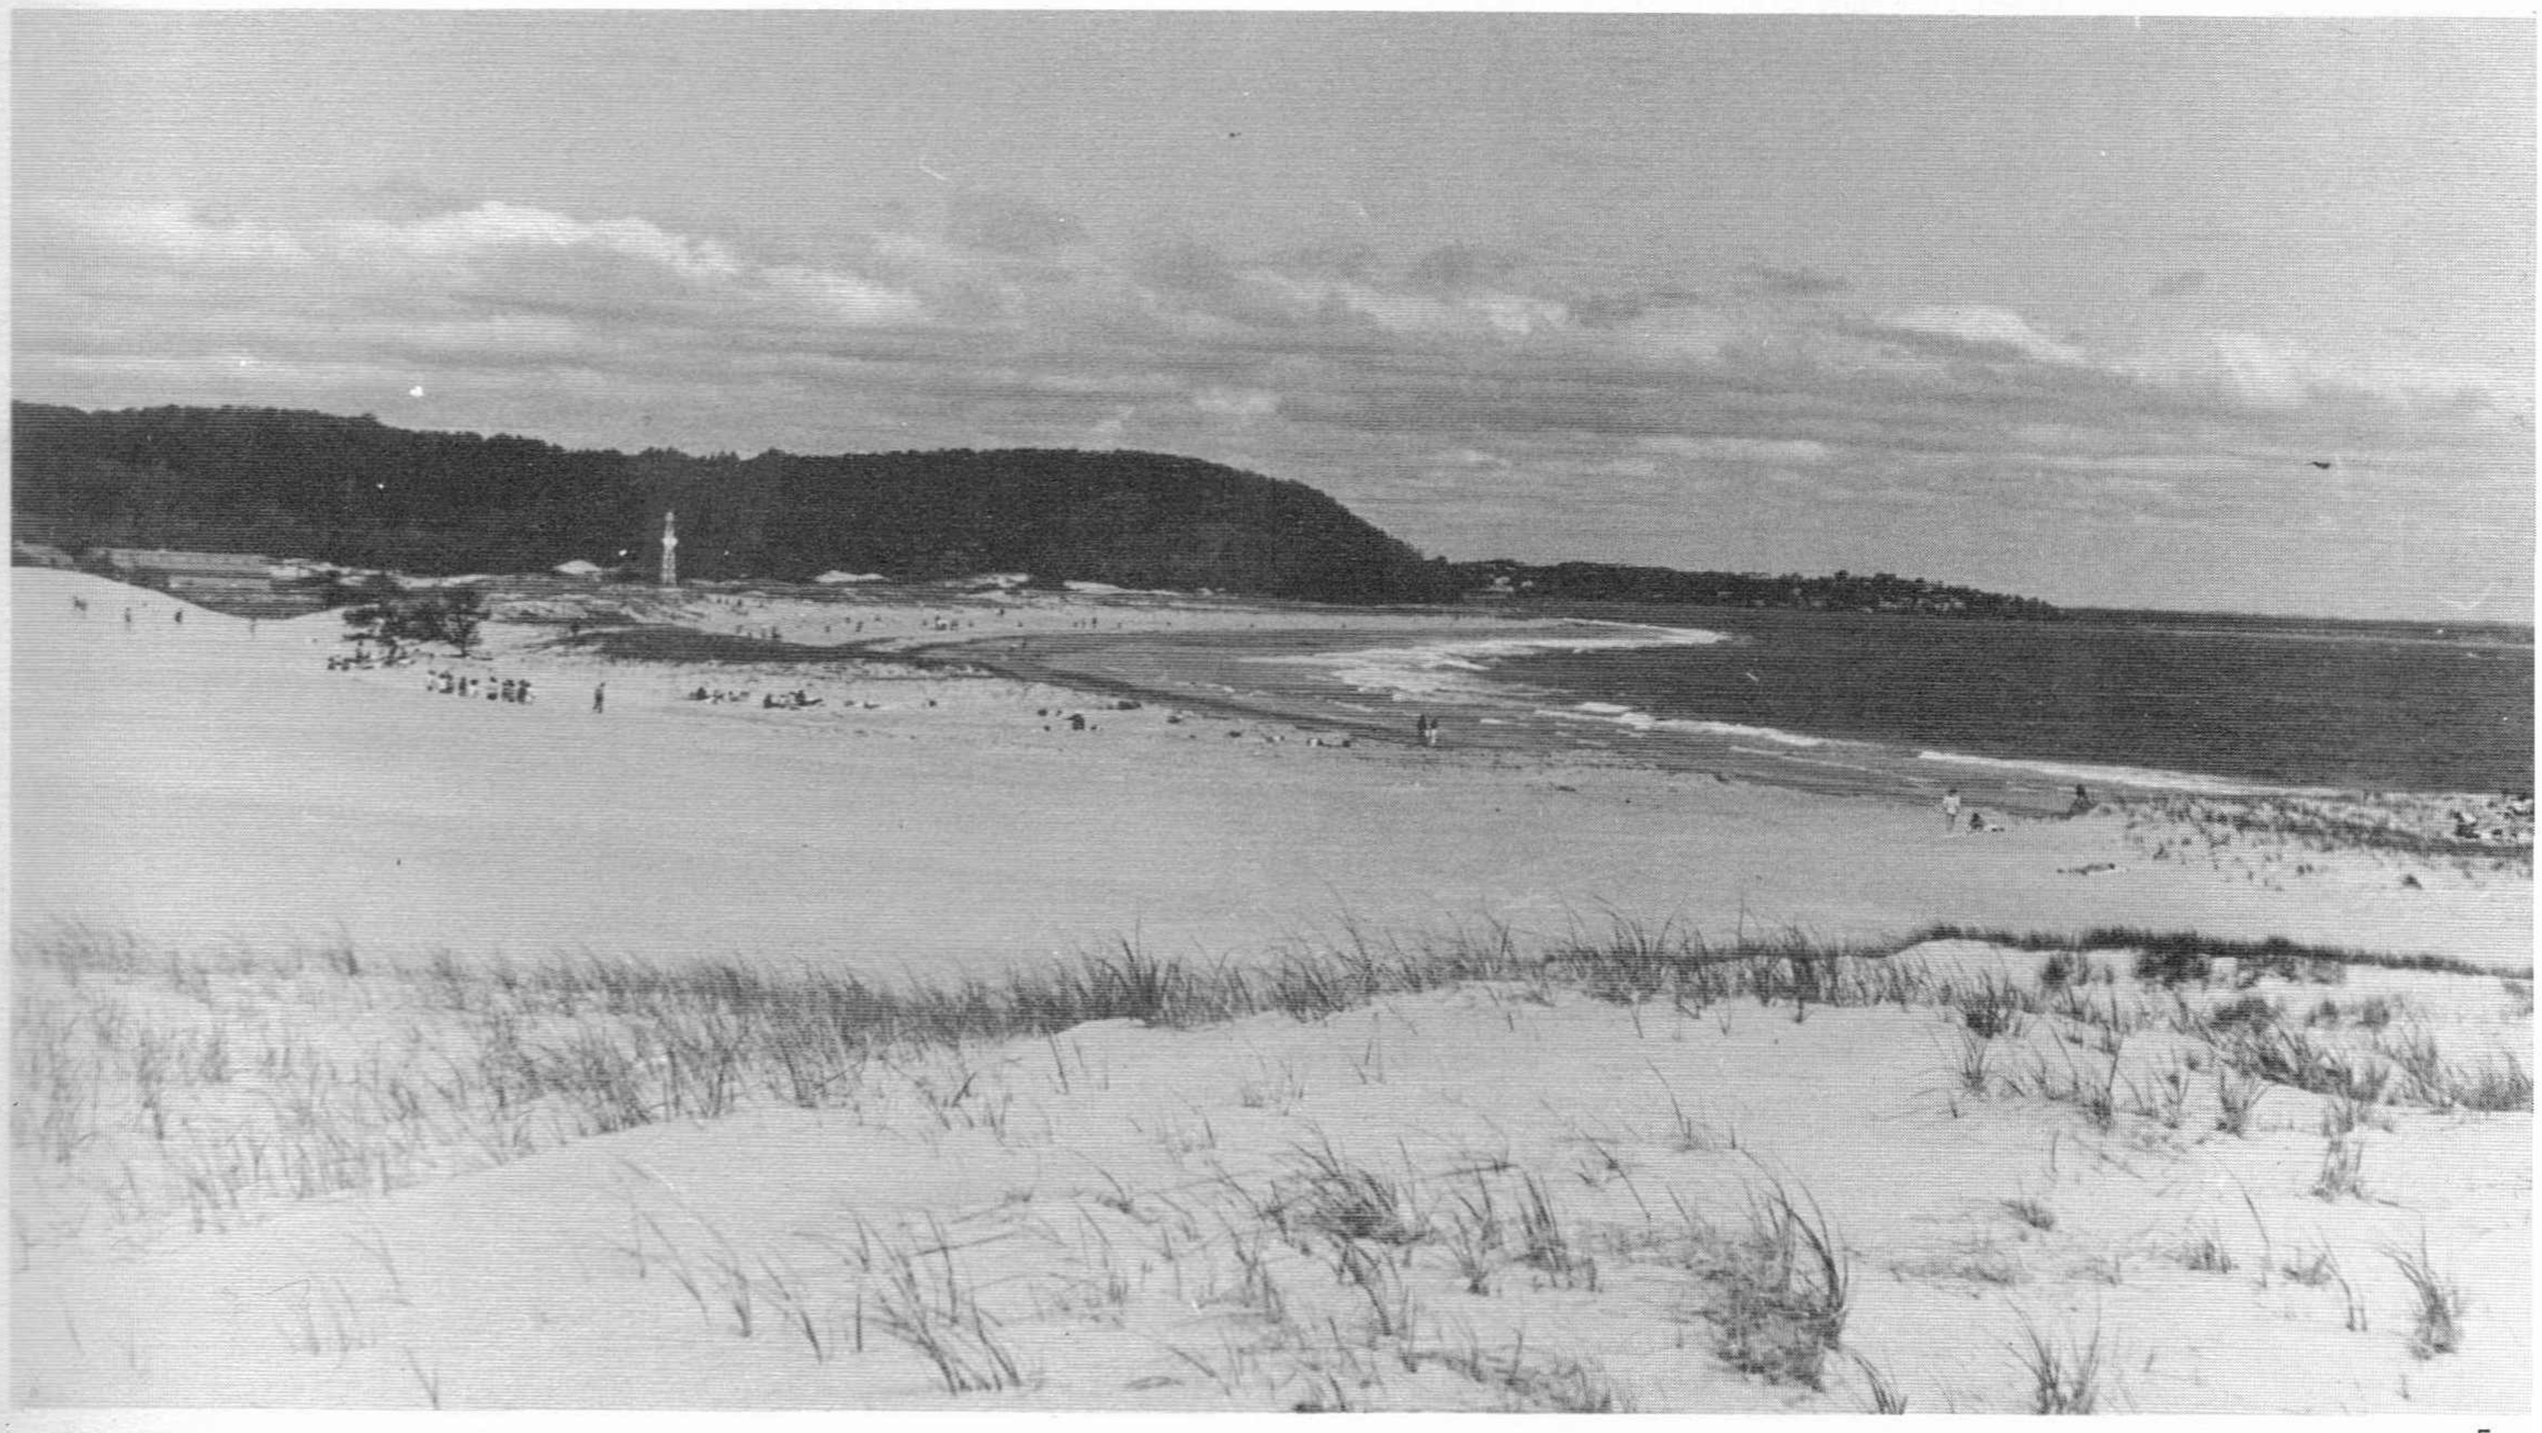

3

those who watch it happen . . .

4

and then there's some which are inspirations for future creativity.

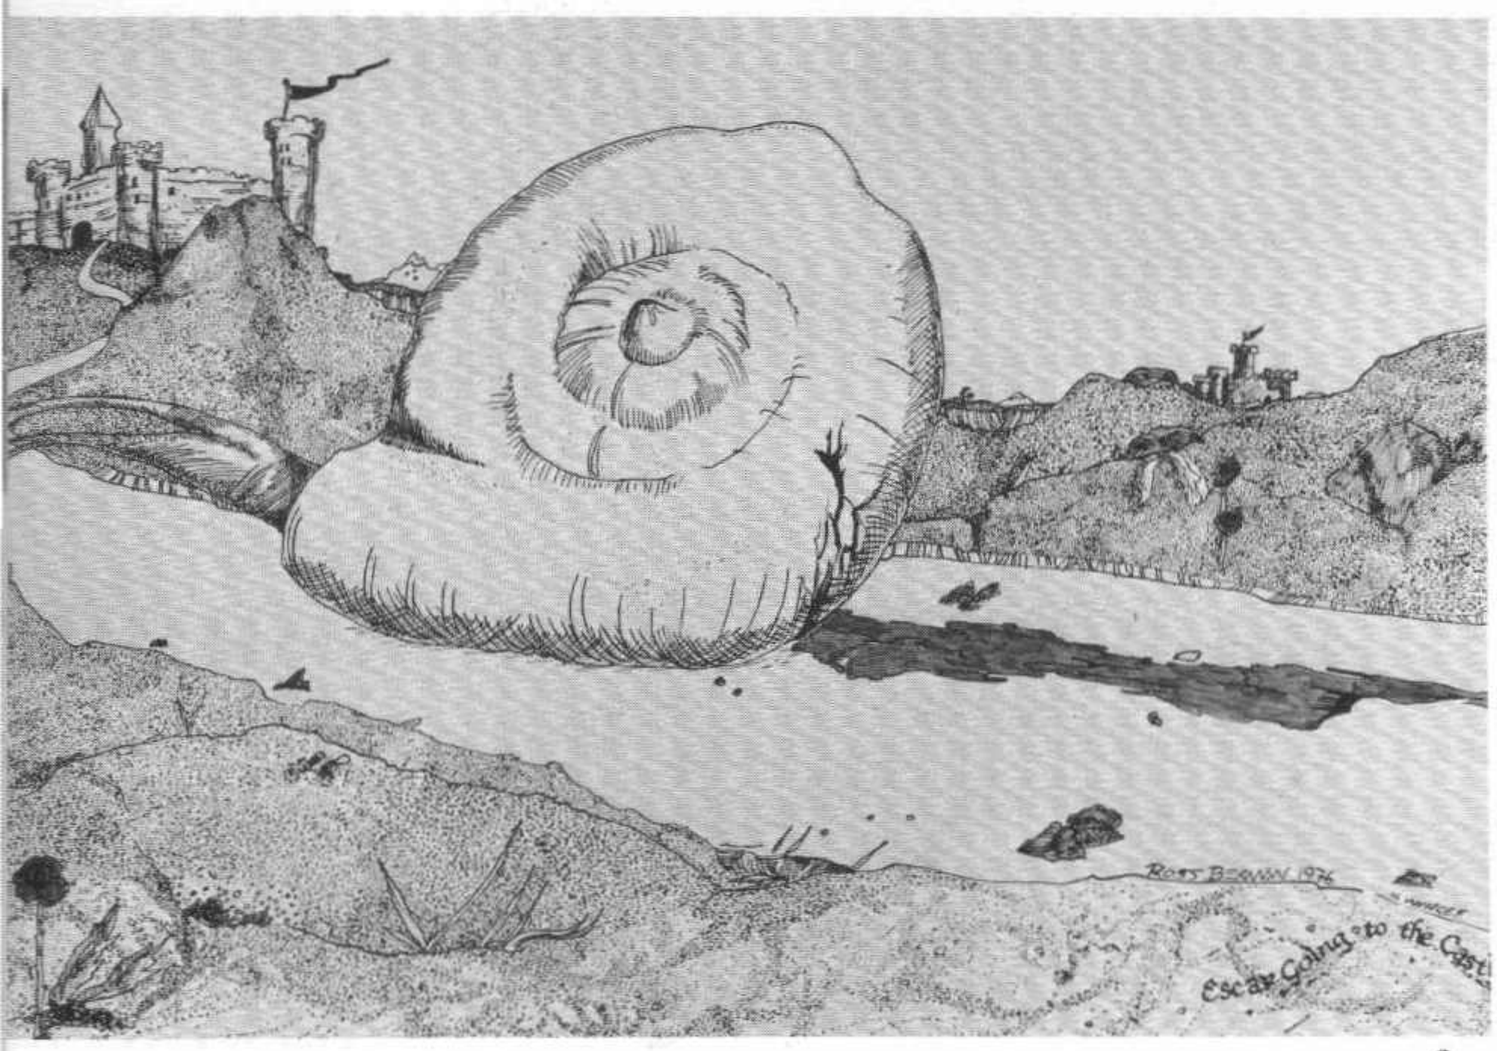

5

There are no boundaries because of sex . . .

Throughout our lives we are subject to art in the many forms in which it surrounds us. It helps us realize that new ideas are limitless. Life has no real boundaries for artistic minds. Each and every day we are able to open new doors. The arts are also used as an escape from any holds society may have upon a person.

There are people who are able to express themselves freely and pass their feeling's hopes and dreams on to others. Some people call them poets.

I whisper not
because you're sleeping,
I like
the sound.
It reminds me of
better days when
we spoke
softly
and savored each word.

— Chris McKeown

FRIENDS

I'm me
you're you,
FRIENDS,
that's us.
Together we're one
apart as two,
alone
afraid and weak.
I need you
you need me,
we understand
and help.
When I'm down
so are you,
sad,
but together.
that's us!

— Cyndi Chase

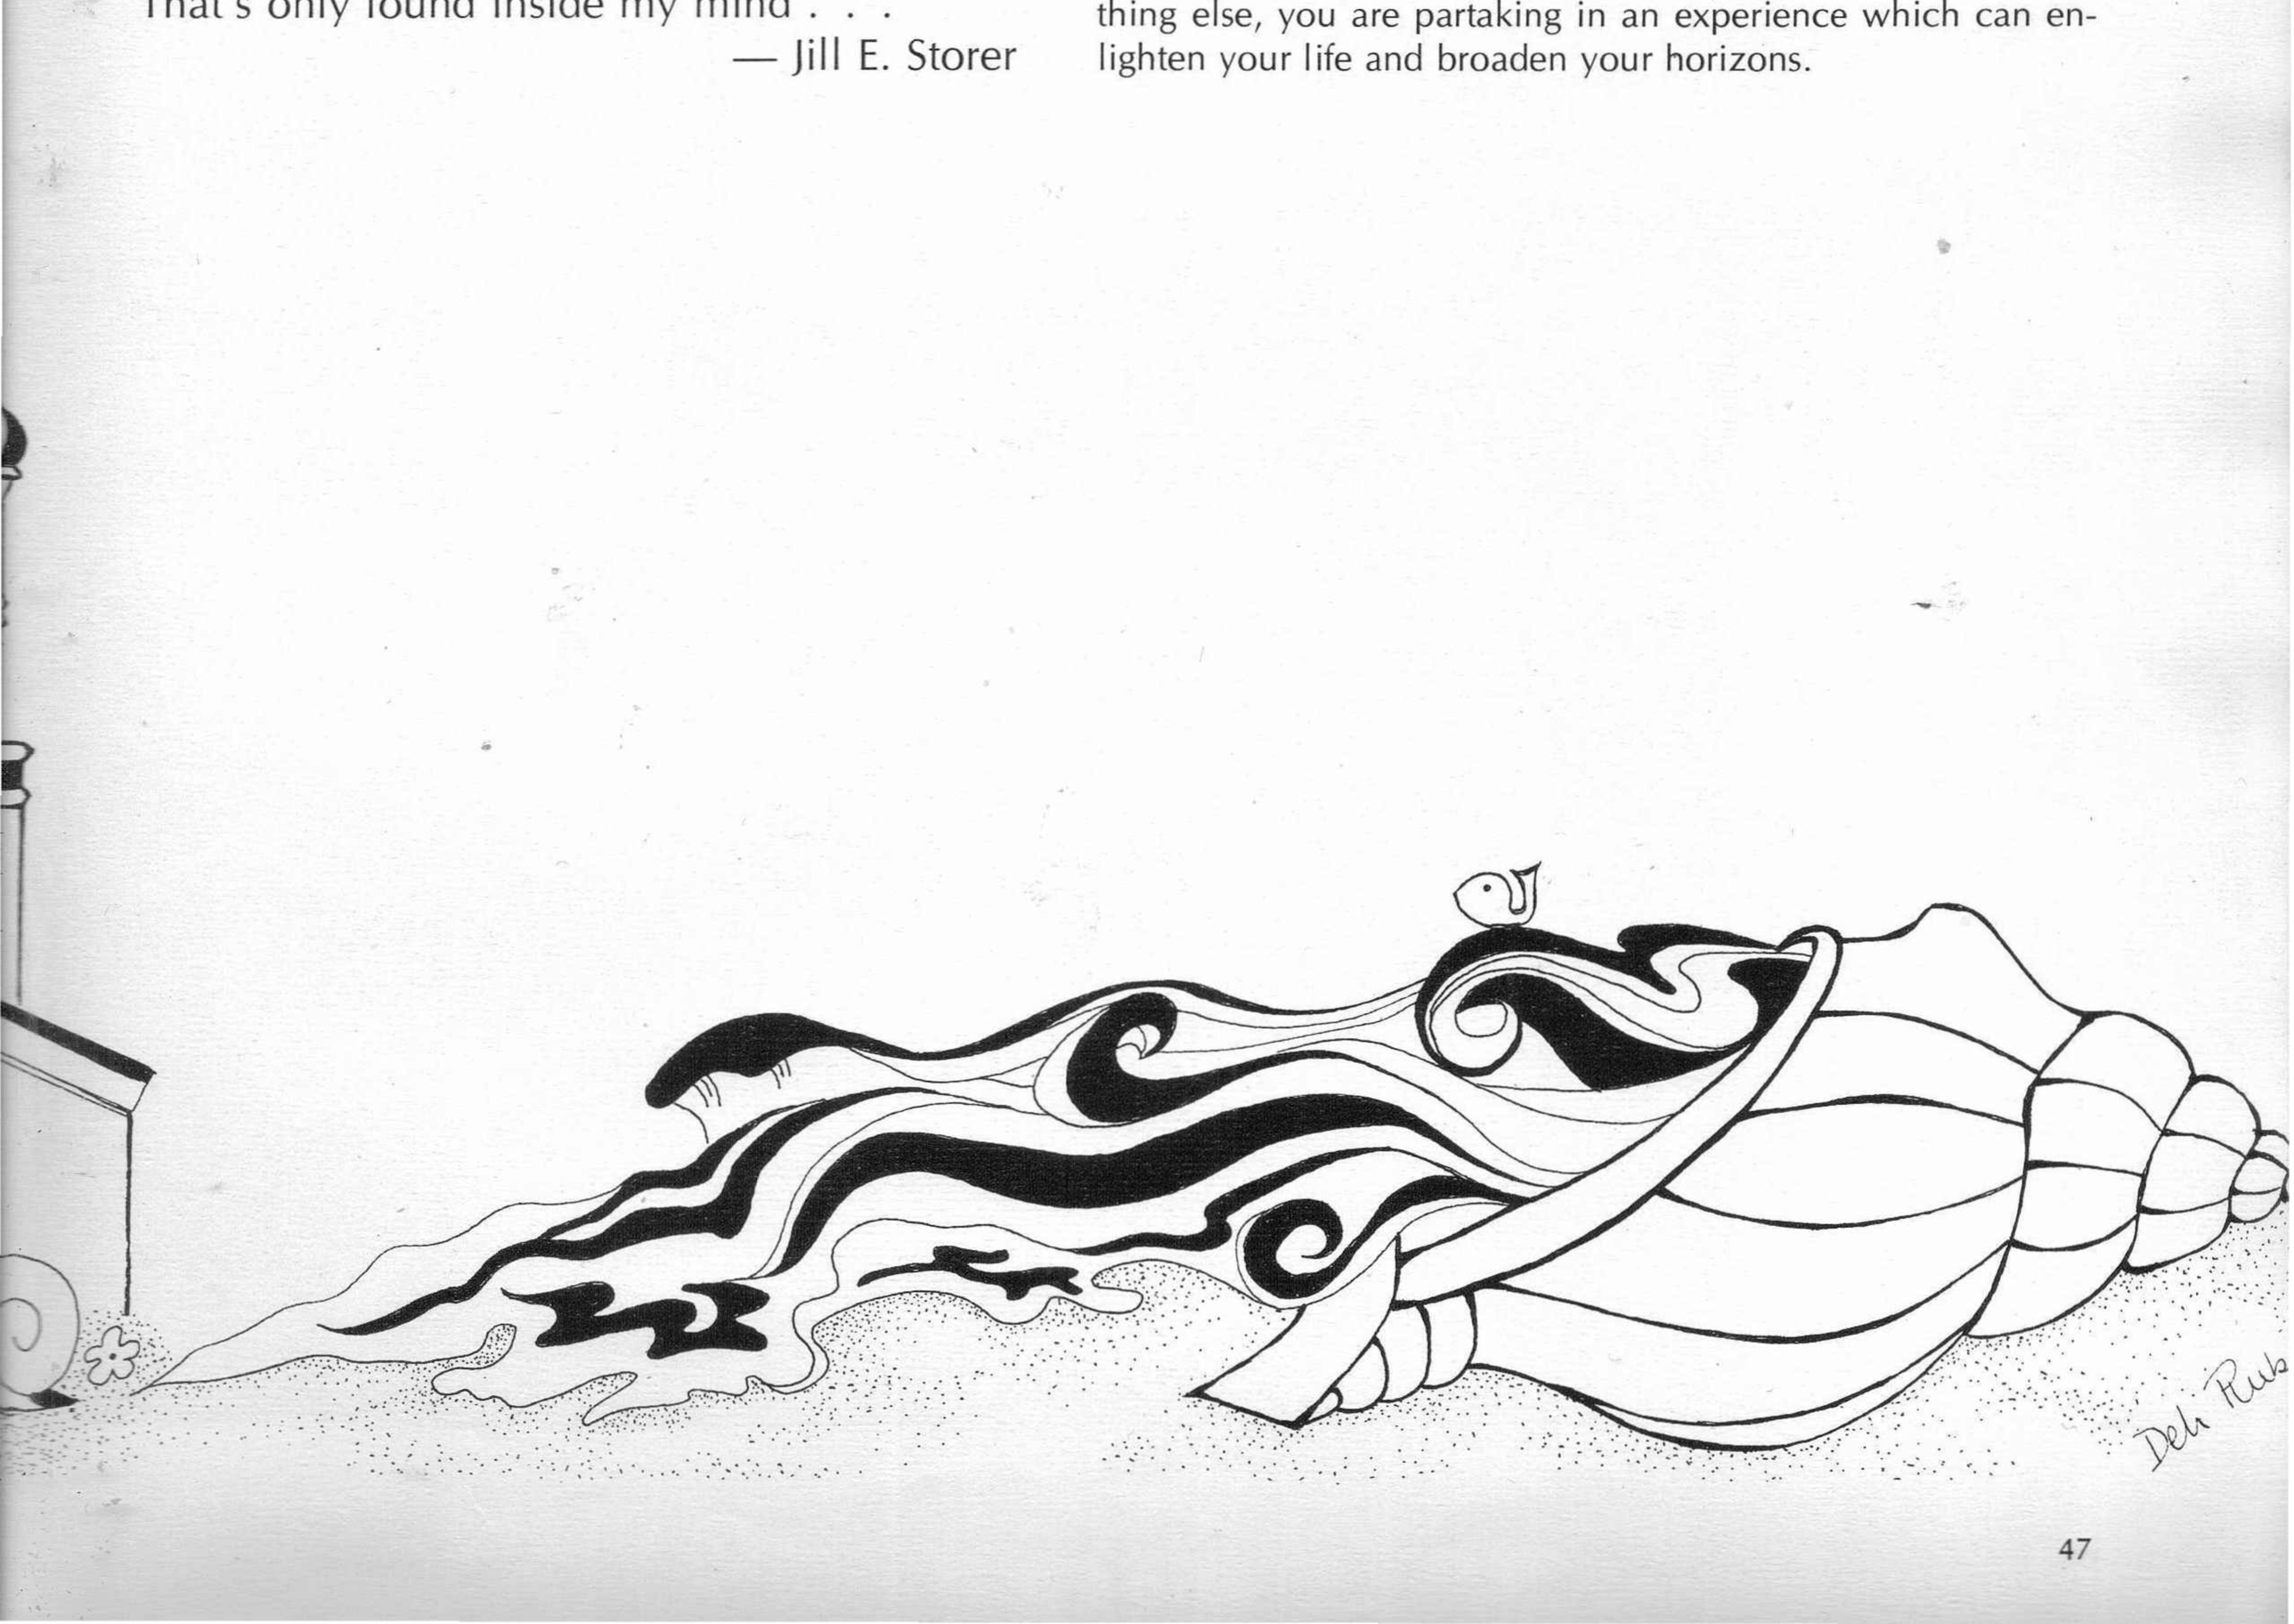

2:00 DESTINY

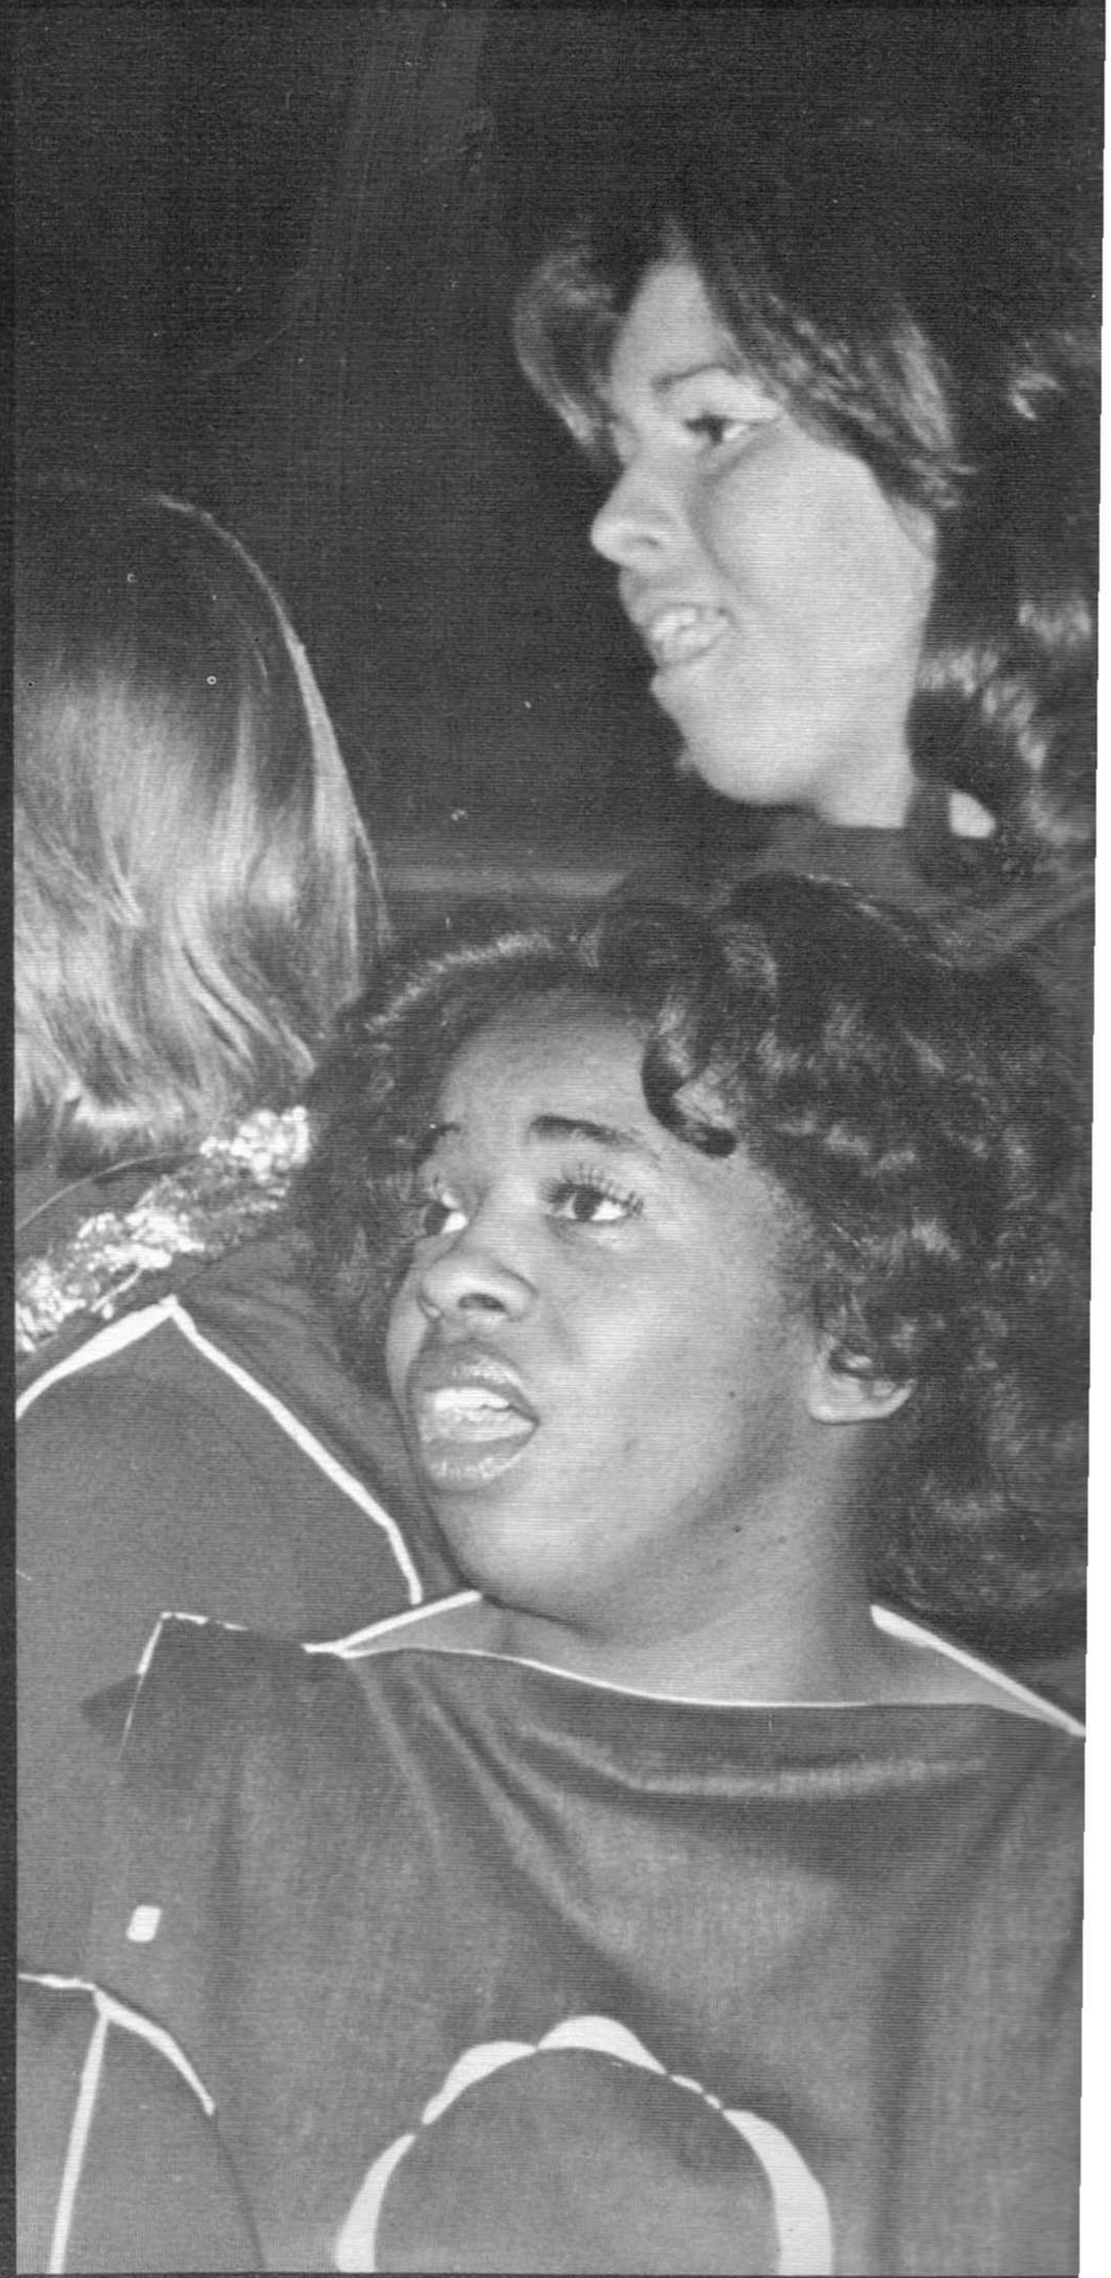

I'll never get tired of hearing the same sad song
I'll never have the feeling of knowing where I belong.
I never could write the words that feel
I never could find anything real.
There were times when I had to be alone
apart from now, tomorrow and yesterday
With time to cry all the empty tears
and watch the wind blow truth away.
I felt dead inside the mask I wore
I was trapped inside a word I didn't know
Time created by misguided conceptions of dreams
that never knew where to go.
Fellings stuck with frozen passion
Locked inside a wretched heart.
Love, oh love, such a tasteless word
Enough to tear the soul apart
Hateful thoughts that were not me scared my wits
— they frightened me.
Would I never ever know
where oh where could I go.
I cry tonight but I don't ask why
I'll laugh tonight then I'll fly
I'm lost in time between then and now
I'm searching for something I'll never find
I'm lost oh lost in a maze of doubt
That's only found inside my mind . . .

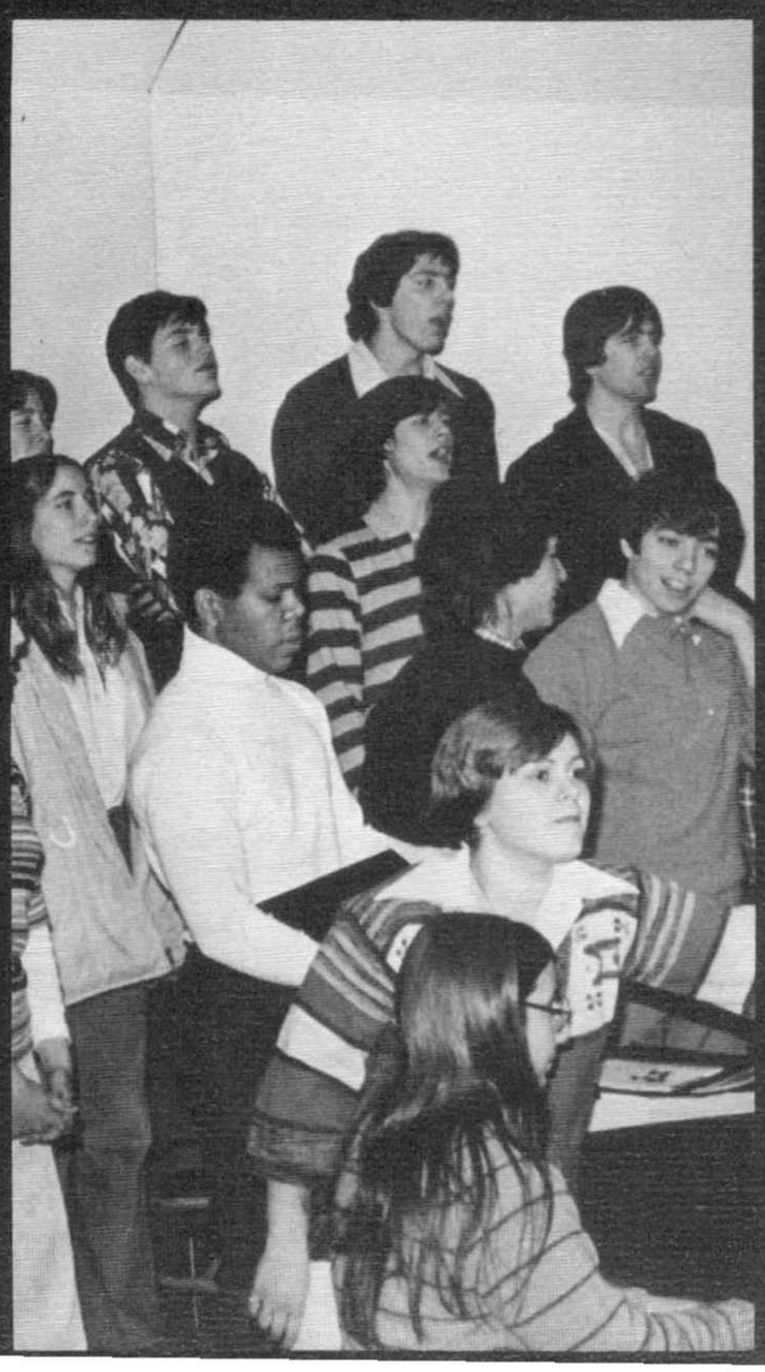

— Jill E. Storer

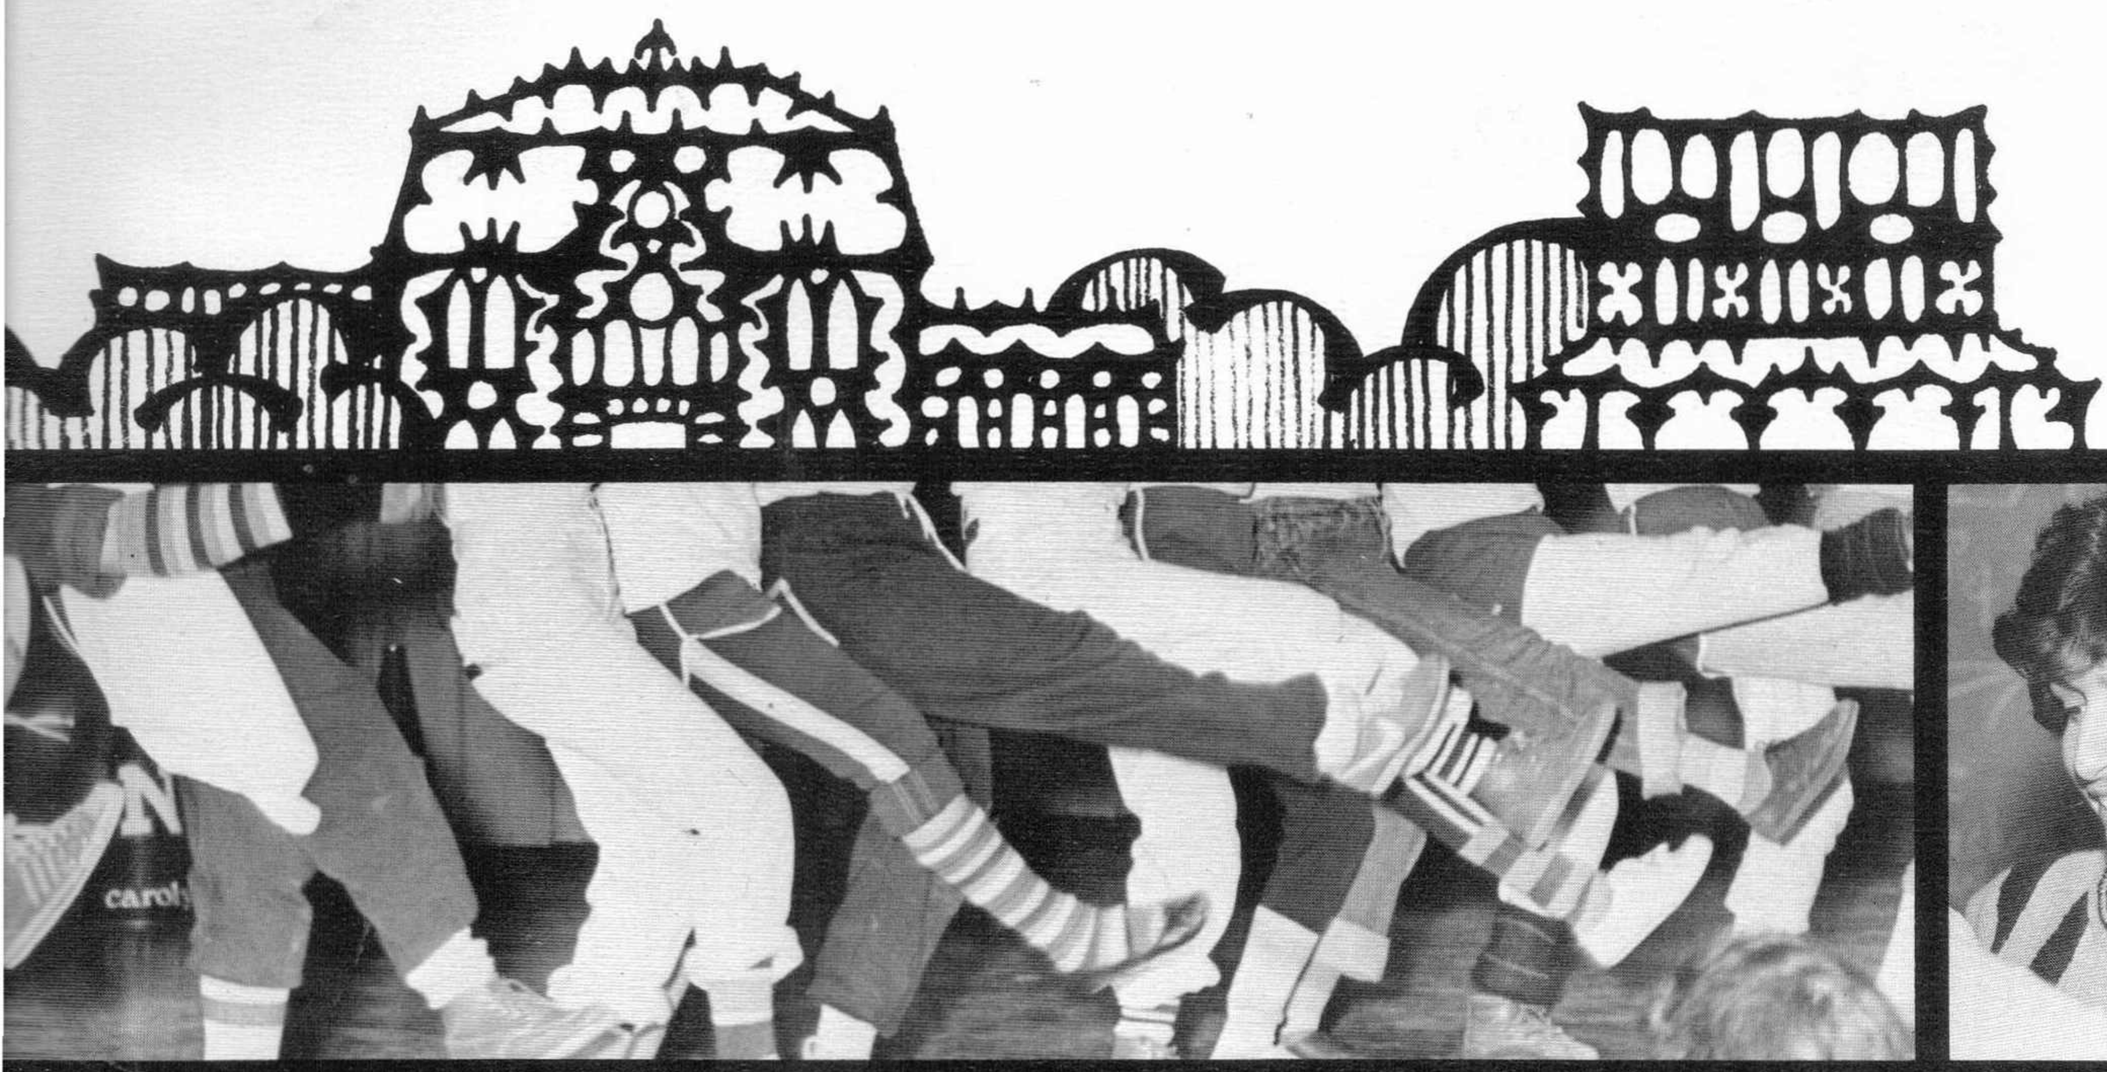

The arts are an outlet for the creative being in all of us. With many different aspects of the field at hand we are able to express ourselves in varied ways. Whether you choose writing, drawing, dancing, acting, playing a musical instrument or anything else, you are partaking in an experience which can enlighten your life and broaden your horizons.

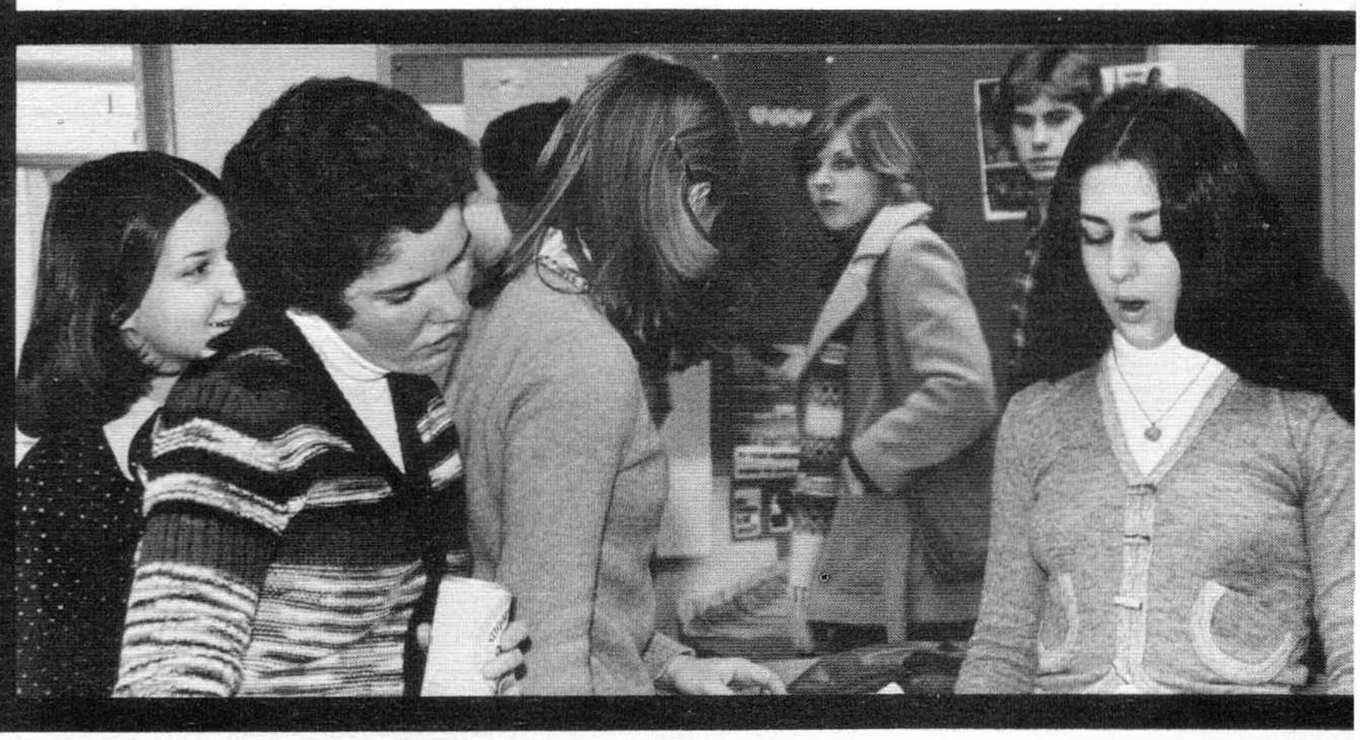

Sharing a common interest was what clubs were all about. The many different clubs at N.H.S. allowed students to become involved in the arts, sports, and student government. In clubs, one worked with and learned from others while creating a feeling of unity and of being a definite part of something. Clubs offered a chance to become acquainted with new people, places, and experiences. These experiences provided us with many happy memories.

COMPETITIVE SPEECH TEAM

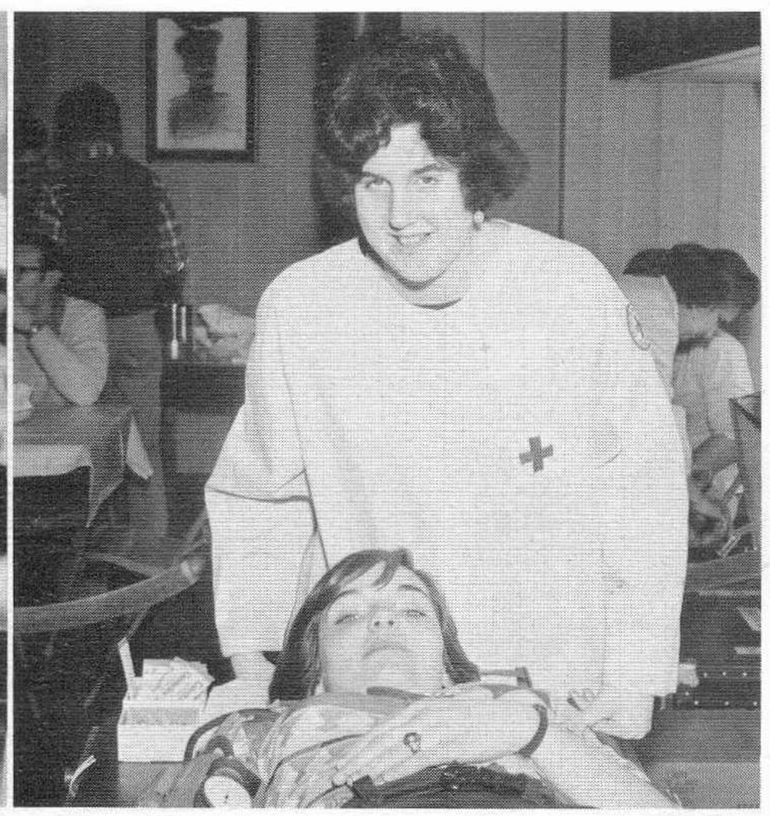

1

The NHS Competitive Speech Team has to be one of the main reasons that Natick is known as the "Home of Champions." Over the years the speech team has compiled an outstanding record of achievement. This year was no exception. For the first time, the team has won a major sweepstakes award in every festival that offered one, according to President Jon Rosenkranz. Natick took second place in the state competition in Fitchburg. Ten contestants were sent to Milwaukee for the Catholic Nationals.

Many individuals on the team distinguished themselves this year. Jon Rosenkranz and Delia Laing placed among the top ten Milwaukee. Delia and Mary Beth Cassedy were sent to the National Foresenic League Championships in Seattle at the end of the year.

AMERICAN FIELD SERVICE

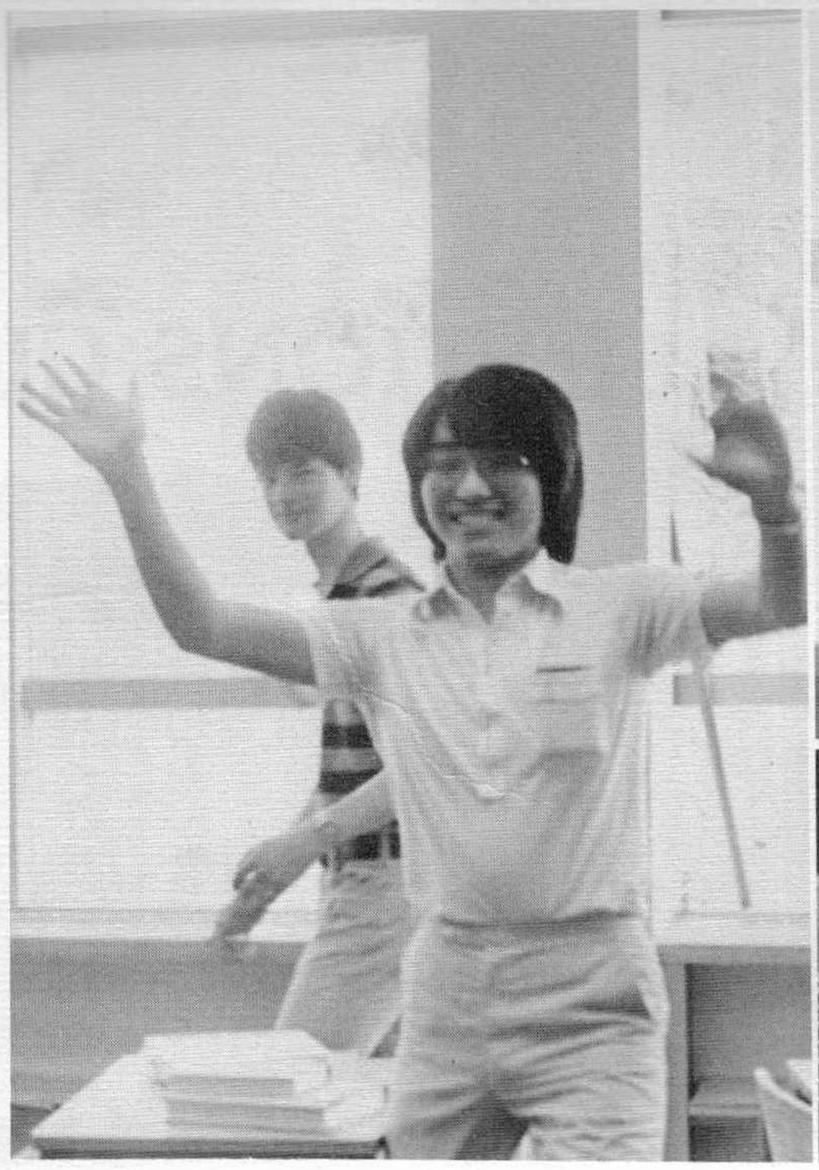

Time has passed as if it were an arrow. These ten months, I've been enjoying my AFS year, mainly school life, and making friends and playing whist, etc.

My dairy of September 7 says, "Don't be so embarrassed to find girls in the calssroom. It's natural to see the girls in a co-ed school, besides, there are only two kinds of human beings in this world. Hey, Atsushi, do you really think you'll be able to adjust to those kids? Everything's different!" As you can see, the beginning of my NHS life was an embarrassment. Even I am surprised to re-read my diary, so no wonder you must also be.

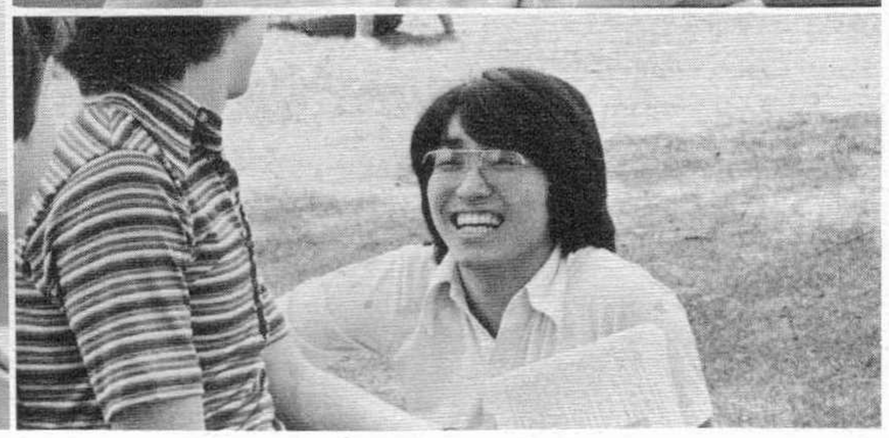

Although some of my friends tell me, "You're corrupted!" or "You're Americanized!", I do not think so. I've just learned another attitude and another way of thinking. Well, time will tell me whether or not I'm corrupted.

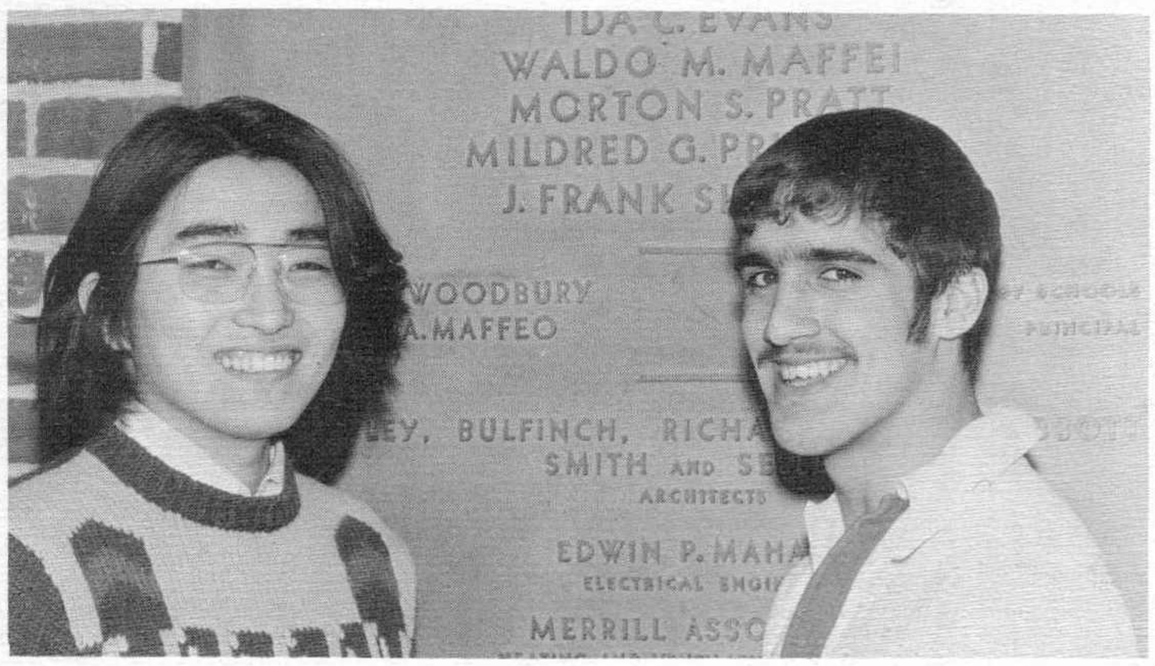

At the end of my writing, I'd like to thank my friends, teachers and others for their help and kindness.

1977 marked the first year of real organization for the Girls' Varsity Club, with the arranging of civic, social and fund-raising events. The GVC assisted the Natick Police Department in their annual Halloween party for children, sponsored a Toys for Tots drive before Christmas and went on a ski trip to Mt. Sunapee. The sale of calendars, jewelry, T-shirts and "bargain paks" also highlighted the GVC year. The club successfully concluded with the annual GVC banquet in June.

The fall of '76 marked the beginning of our last year at N.H.S. Senioritis had not yet begun its sweep of the senior class; most of us looked forward to our senior year with anticipation.

The football team had an excellent season while soccer did not. Swimmer Sue Ehrlich dazzled us with her performances.

All who saw the senior class play Celebration praised it highly. Last but not least, at the Thanksgiving rally, Larry Denaro and the boys showed the cheerleaders how to cheer.

Surprising many with a highly successful 8-2 season, the football team, co-captained by Marc Montgomery and Jack Ryan, showed their opponents just how much an inexperienced team could achieve.

The absence of halfback Jay Yancey for more than half of the season due to a knee injury, set the Redmen offensive attack back. The defense made up for this time and time again throughout the season.

From a team lacking experience, three players managed to make all-star ranks: Jack Ryan, Jim Kane and Carlton Richards. Mike Fortini was named All-Scholastic. Once again the Redmen proved that inexperience does not mean lack of talent.

Natick exhibited plenty of expertise this year in its coaching and by its personnel. Head Coach Mr. Whelan, who announced that this would be his last year, did a fine job of pulling the team together. The Redmen were shown up only twice this season.

The Natick High School Cheerleaders were enthusiasticly led by Captain Susan Chaulk this year. The girls put in many long hours of practice last summer, and prepared themselves for the upcoming sports seasons during the school year.

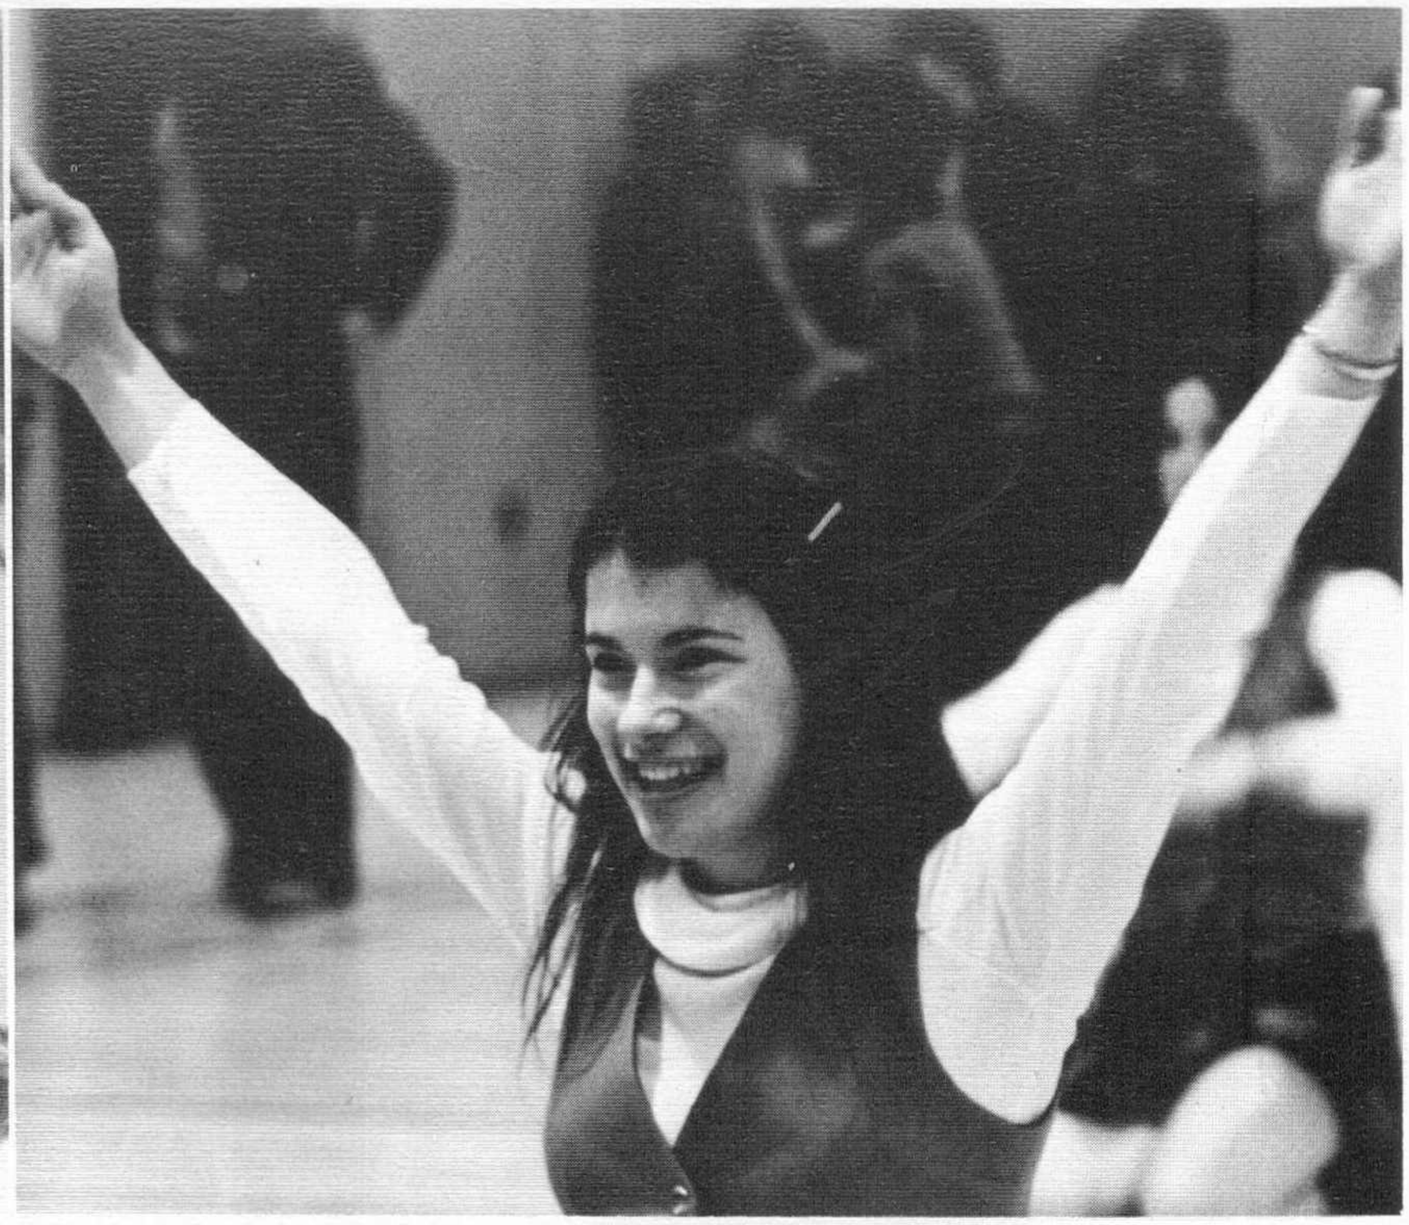

The pep and spirit of the girls brought the spectators to life and they encouraged the boys onto many well-deserved victories. All in all the cheerleaders boosted the morale of all the teams, which was greatly appreciated.

Plagued by illness and injury the N.H.S. field hockey team finished with a respectable 3-6-4 record. Co-captain Carol Naranjo was out for the first half of the season and upon her return promising sophomore Debbie Blume retired due to illness.

Coached by Mrs. Nancy Maloney, the team is composed of only five seniors, making the group a strong contender in next year's competition. Outstanding members of the team include sophomore Cheryl Calder, junior Joan Murphy and senior Paula Weber while Co-captain Nell Franchitto earned herself a place on the all-star team. Next year the girls will be led by Debbie Cope and Lisa Firth.

Soccer is not one of Natick High's stronger teams but the group works hard together and enjoys the game. They repeated last season's disappointing 0-18 record but only after several hard-fought games. According to Coach Cioffi the team had their best effort in the Wellesley game and totally dominated the first two periods. At the half, when they changed ends the wind switched too, and Wellesley came from behind to hand the Redmen another defeat.

Natick was lucky enough to have some outstanding individuals working for them including Mark Cavanaugh, Ralph Letner, John Malloy, and talented sophomore Dave Morana. This year's captains John Malloy and Ralph Letner were given an honorable mention on the all-star team along with senior Mark Cavanaugh. The annual awards of most valuable player and most improved player were by Ralph Letner and Gary Cabo, respectively. Let's cross our fingers and hope that next year's team, to be captained by Ray Cormier and Mike Papa will fare better against the tough league competition.

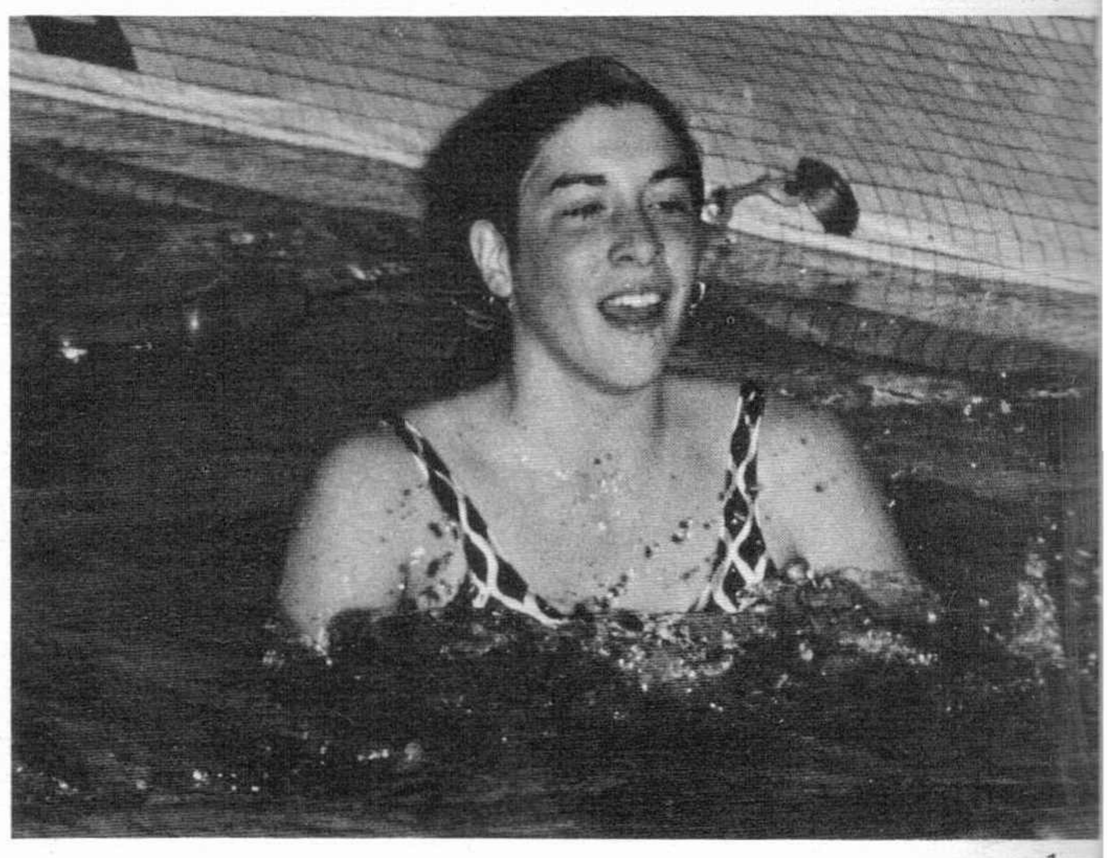

Junior Varsity: B. Jones, G. Ryan, G. Ginsburg, D. Packer, R. Henry, B. Haigas, T. Kelly, J. Miccile, E. Cushing, G. McWeeny. Second row: Coach F. Conte, H. Powers, D. Downs, G. VanEmerson, D. Zaltas, H. Tock, K. Melanson, G. Eckert, D. Kirschtel.

SWIMMING

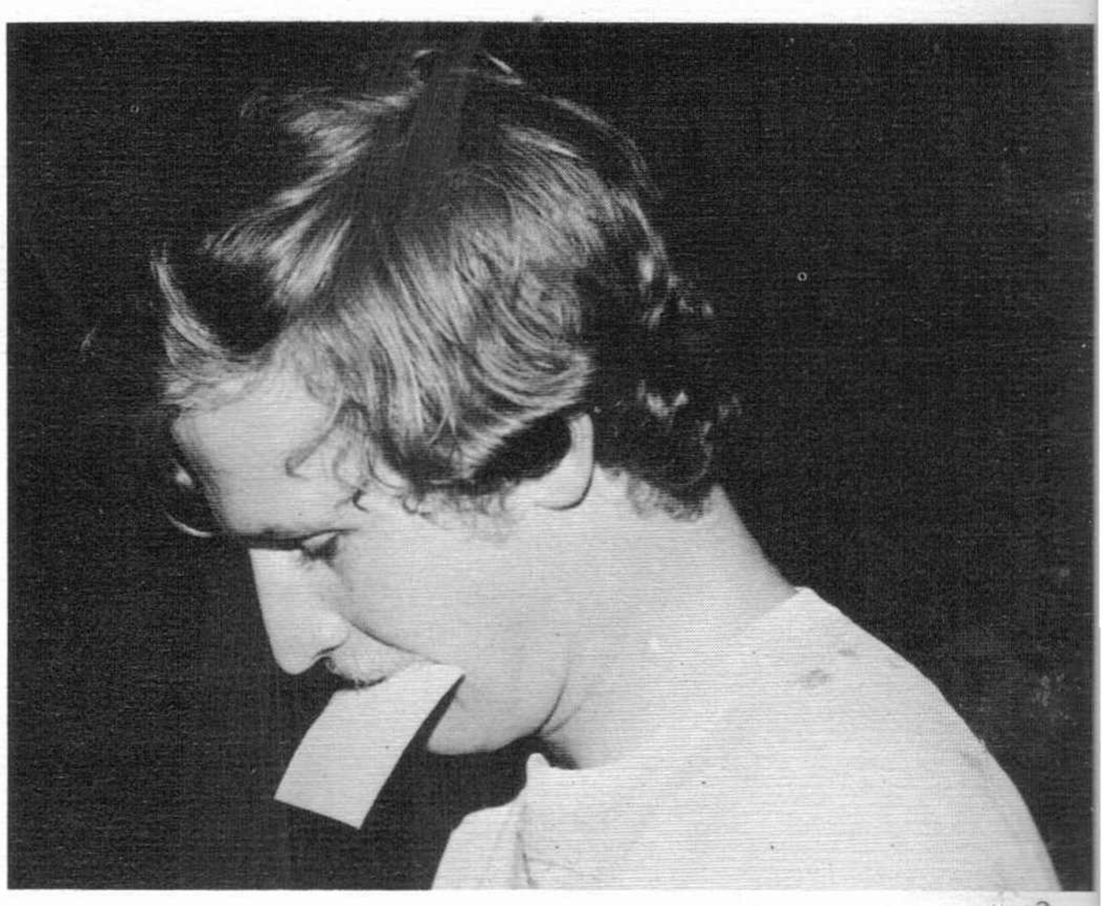

The girls' swim team's contribution to fall sports was more than just a drop in the proverbial bucket. The team added a solid 4-2 record to Natick's fall scoreboard thus improving upon last year's 3-3 record. In additon seven girls competed in intra-league competitions after the season's end. The five girls that went to State championships beat their rivals to take first place in the Bay State league.

This year's co-captains Sr. Sue Ehrlich and Jr. Jean Crisafulli are to be succeeded by Jrs. Charlotte Gibbons and Cathy Ehrlich. The Ehrlich sisters must certainly be given a good deal of credit, for Sue has been co-captain for two years, most valuable player for three years and also an athlete of the month while Cathy is the team's #1 backstroker. Co-captain-elect Charlotte Gibbons was awarded the most improved player trophy, in part, because of her latest feat of slicing seventeen seconds off of her previous time in the 500 yard freestyle.

The team's two losses were frustrating ones. Framingham North beat the Redmen by five points while Needham won by a narrow three. Only six girls are graduating this year so the team has a good shot at being undefeated next year.

The cross country team finished the season with a 4-5 record. All of the meets were competitive and close with the tight win over Wellesley being the sweetest victory. The team placed fifth in the Conference meet.

Seniors Mark Leavitt and Mike Krupski made the most outstanding contributions to the team this season. Leavitt won the MVP trophy.

The team had a large number of seniors who did a good job according to Coach Al Kirton. However, this means that next year's team will be comprised of less seasoned runners.

VOLLEYBALL

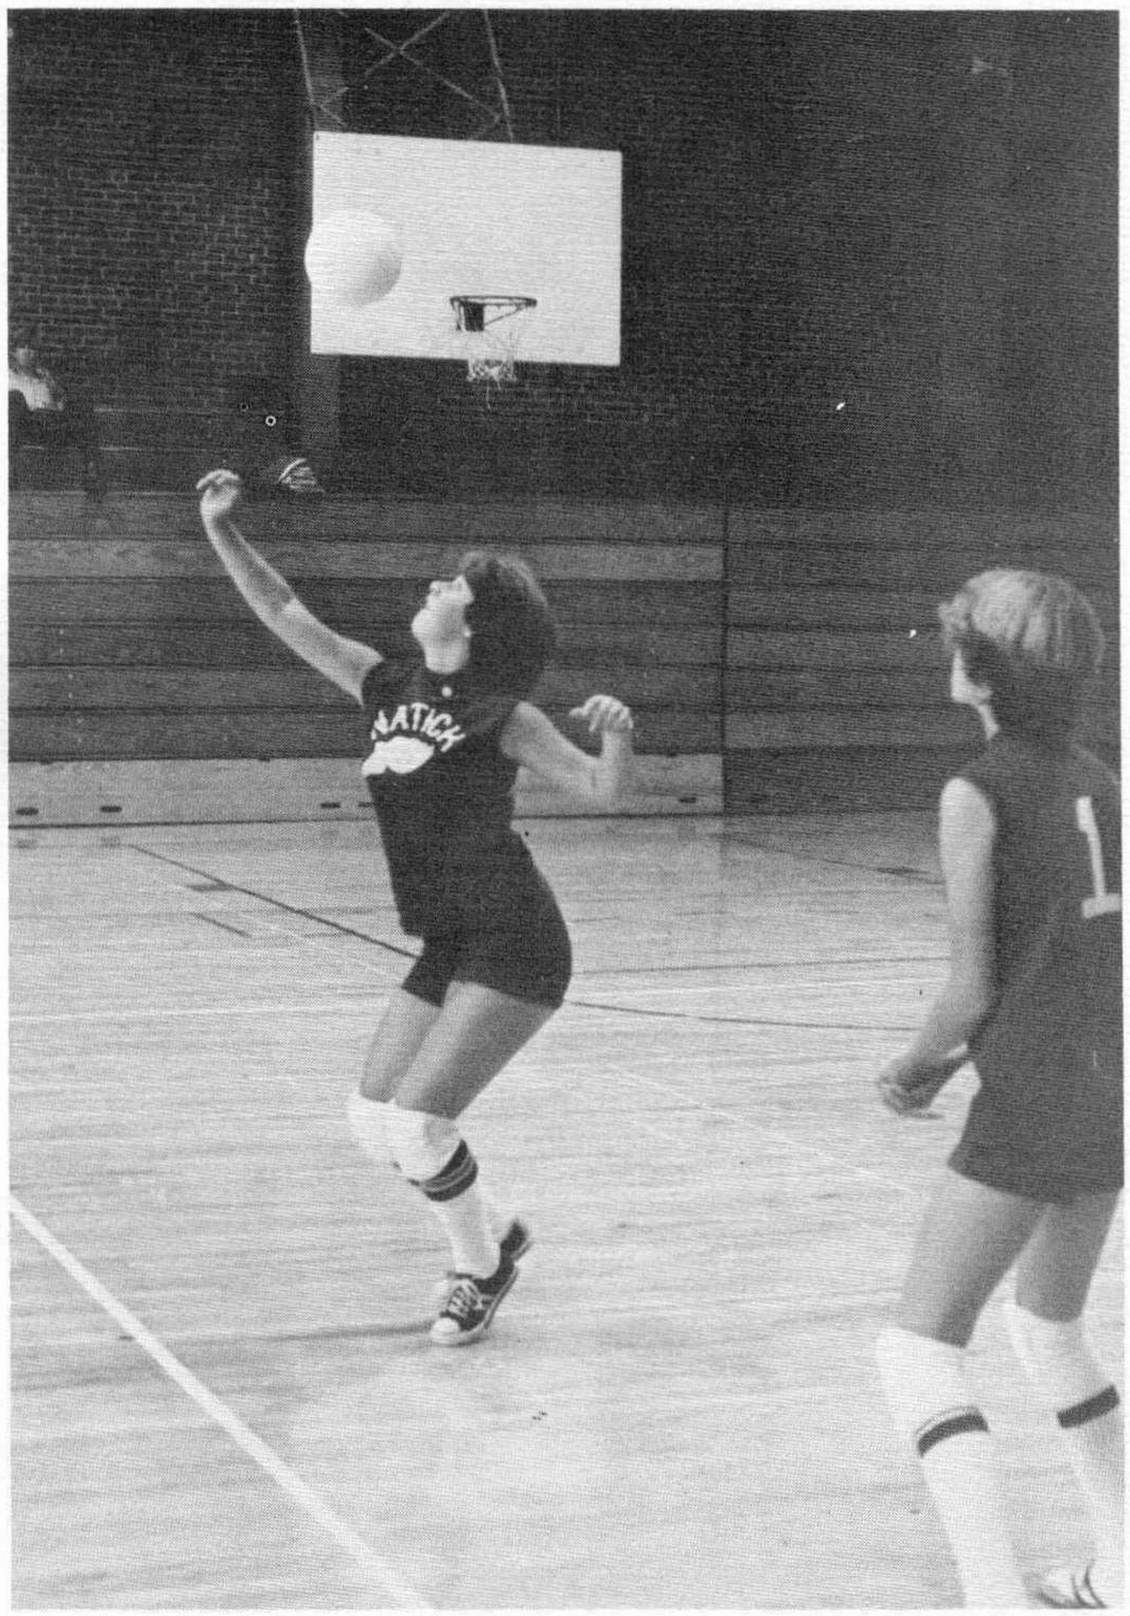

The members of NHS's newest team, volleyball, reaped a surprising amount of honors at the fall awards assembly. Co-captain Sue King earned the various titles of athlete of the month, most valuable player and was also voted to the league's all-star team. Unfortunately, Sue finished out the season with a badly sprained ankle. Cindi Frada replaced her in the all-star game.

In this fast moving game, team members play the best out of three games, in which a game is to fifteen. Perhaps the most frustrating loss was to Braintree, the league champions. The Redmen came from behind in game #1 only to lose 15-11. Given another chance in game #2 they rallied again only to have Braintree gain the needed two points, to win 18 to 16. The team is graduating only one senior and should be a strong threat to next year's league.

Celebration

1

2

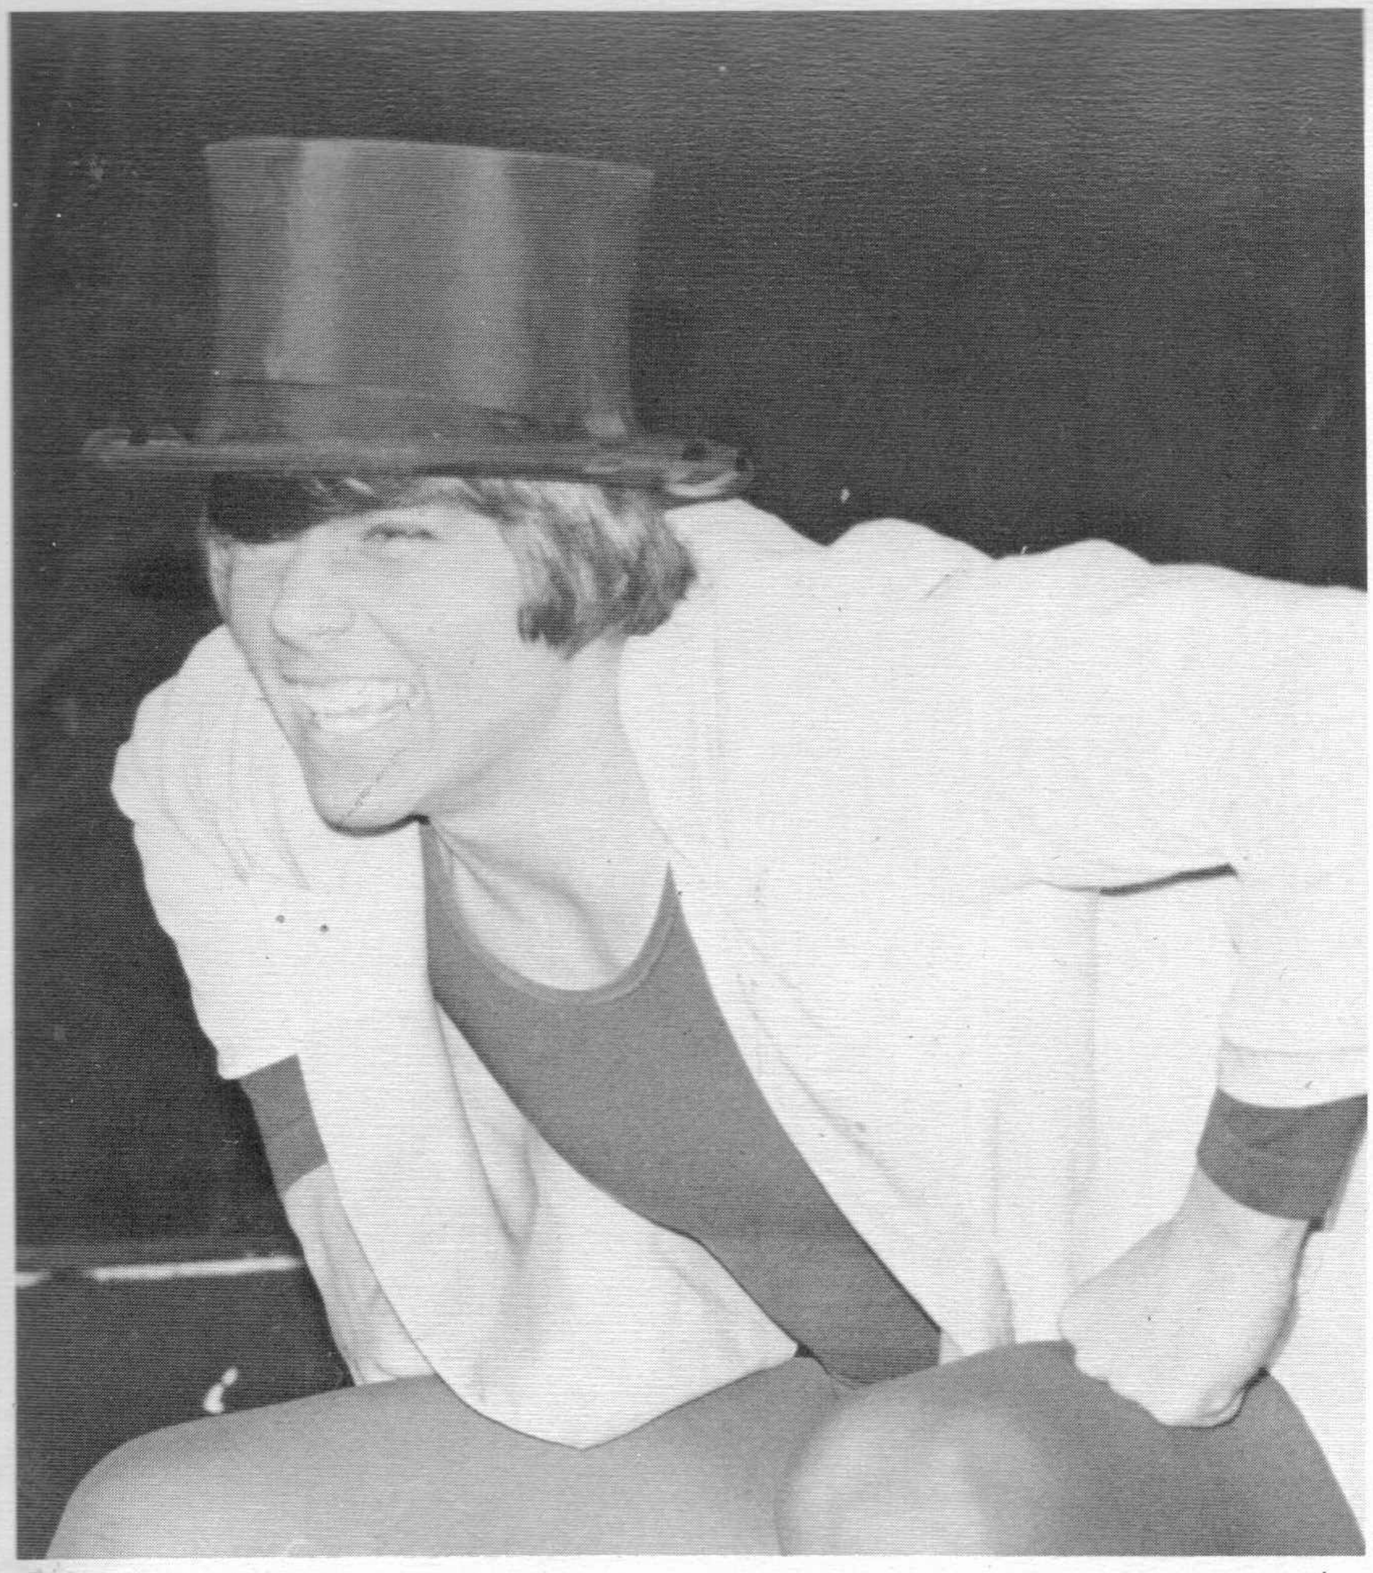

3

There's reason for the senior class of Natick High School to celebrate. Under the imaginative direction of Gerald Dyer, they have staged a mirthful, exciting production of "Celebration" that should make theater buffs and especially those interested in community theater, stand up and take notice.

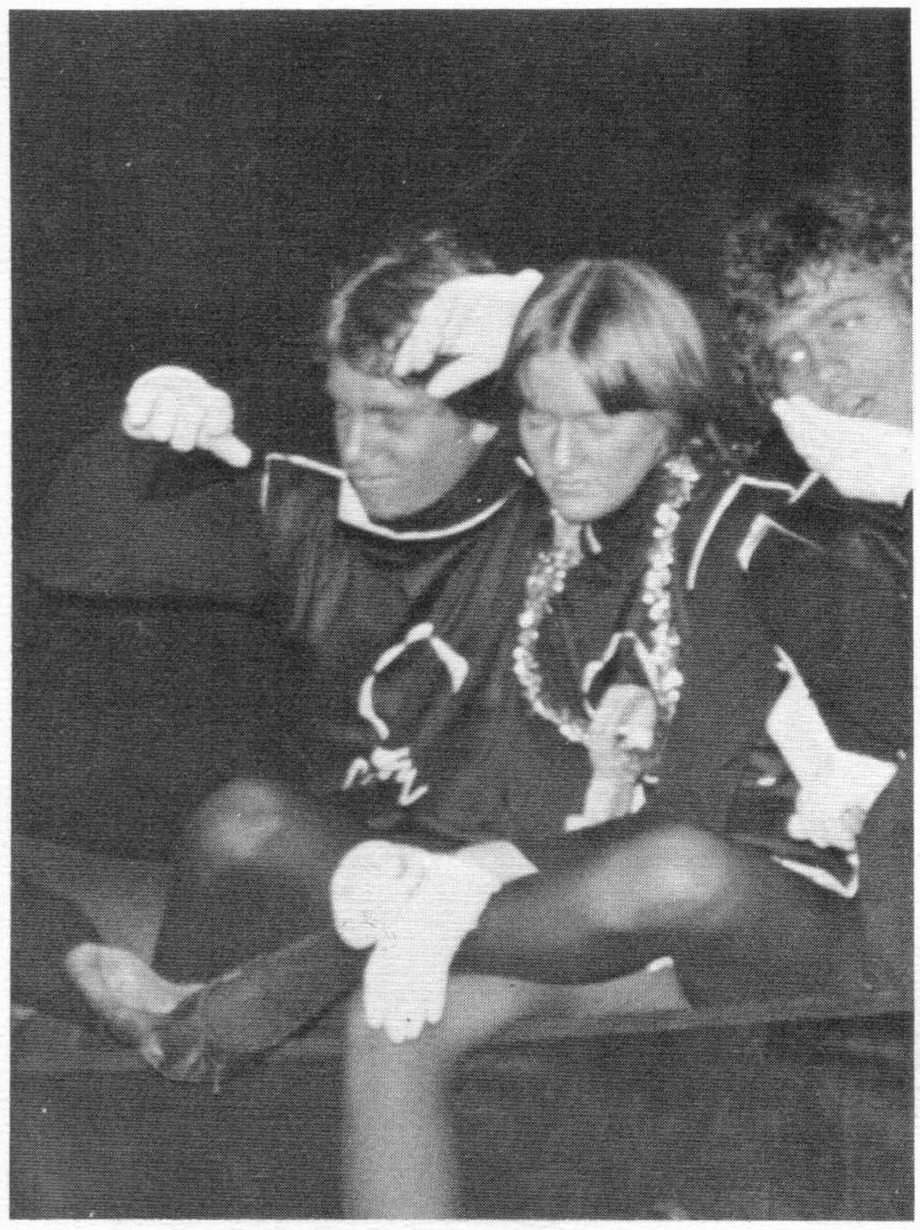

The intimacy of the 70-seat planetarium is an ideal setting for this vehicle — a quest and a celebration of life — and the students have done a superior job of interpretation.

It has been devised with such painstaking style, the action taking place not only on the stage, but in a section of the dome, and the overall affect is magnificent. Everyone involved in this production can accept the praise "bravo" without hesitation. They've all earned it!

On November 19, 1976, the junior class let all the turkeys at Natick High show their stuff. In order to raise money for their class treasury, the Junior Executive Board held a dance for the whole school. Since the dance fell on the Friday before Thanksgiving, it was dedicated to the main symbol of the day — the turkey. Everyone who attended the dance dressed in farmer clothes. Even Mr. Taddeo (among various other brave teachers) donned his overalls and joined in the fun. This was the first truly successful dance of the year, which just goes to show how many turkeys we have in our school!!

Over the years, the Thanksgiving Game Rally has been the high point of fall sports activities. This year was no exception. On Wednesday. Nov. 24, students crowded the auditorium for the big event. The band, majorettes, and cheerleaders did their usual fine job, but this rally had more in store. Eddie Jacobs did a spectacular juggling routine, our mascot, Mark McCabe, performed a spirited Indian dance, and the coaches even added to the spirit of the rally. The high points were the performances of the new cheerleader squad and the rookie football team. The cheerleaders were graced with beauty and "spirit" and the football team was ferocious and organized. What the coaches lacked in humour, these groups made up for! Everyone left the rally with the true Redmen spirit!!

Winter is a cold and dreary season; the winter sports and events were a welcome release from the drudgery of mid-year exams and waist-high snowdrifts.

The speech team performed in its usual outstanding manner and the Winter Cotillion was a big hit. Wrestling had a respectable year while the basketball team was a big disappointment. The hockey team stunned everyone except themselves while gymnast Chris Paul kept everyone awestruck all year.

1. Natick girls protect a strong lead. 2. Ray Cormier heads for the finish line.

Indoor track, preceeded by cross country and followed by outdoor track, is often the second season of three for Natick athletes. The competitors are a unique blend of both boys and girls who have already established themselves in other sports. Co-captains Mark Leavitt and Mike Krupski are both veterans of three track seasons, who this year led the team to a winning 5-4 season. Some of the outstanding team members include: Ray Cormier, slated to be captain next year; Len Adamnson; Peter Augustini, the recipient of the MVP award; and exceptional junior Phil Wright. Phil was the highest scorer this winter season. He is captain of this year's spring team and has been elected captain of the '78 winter team.

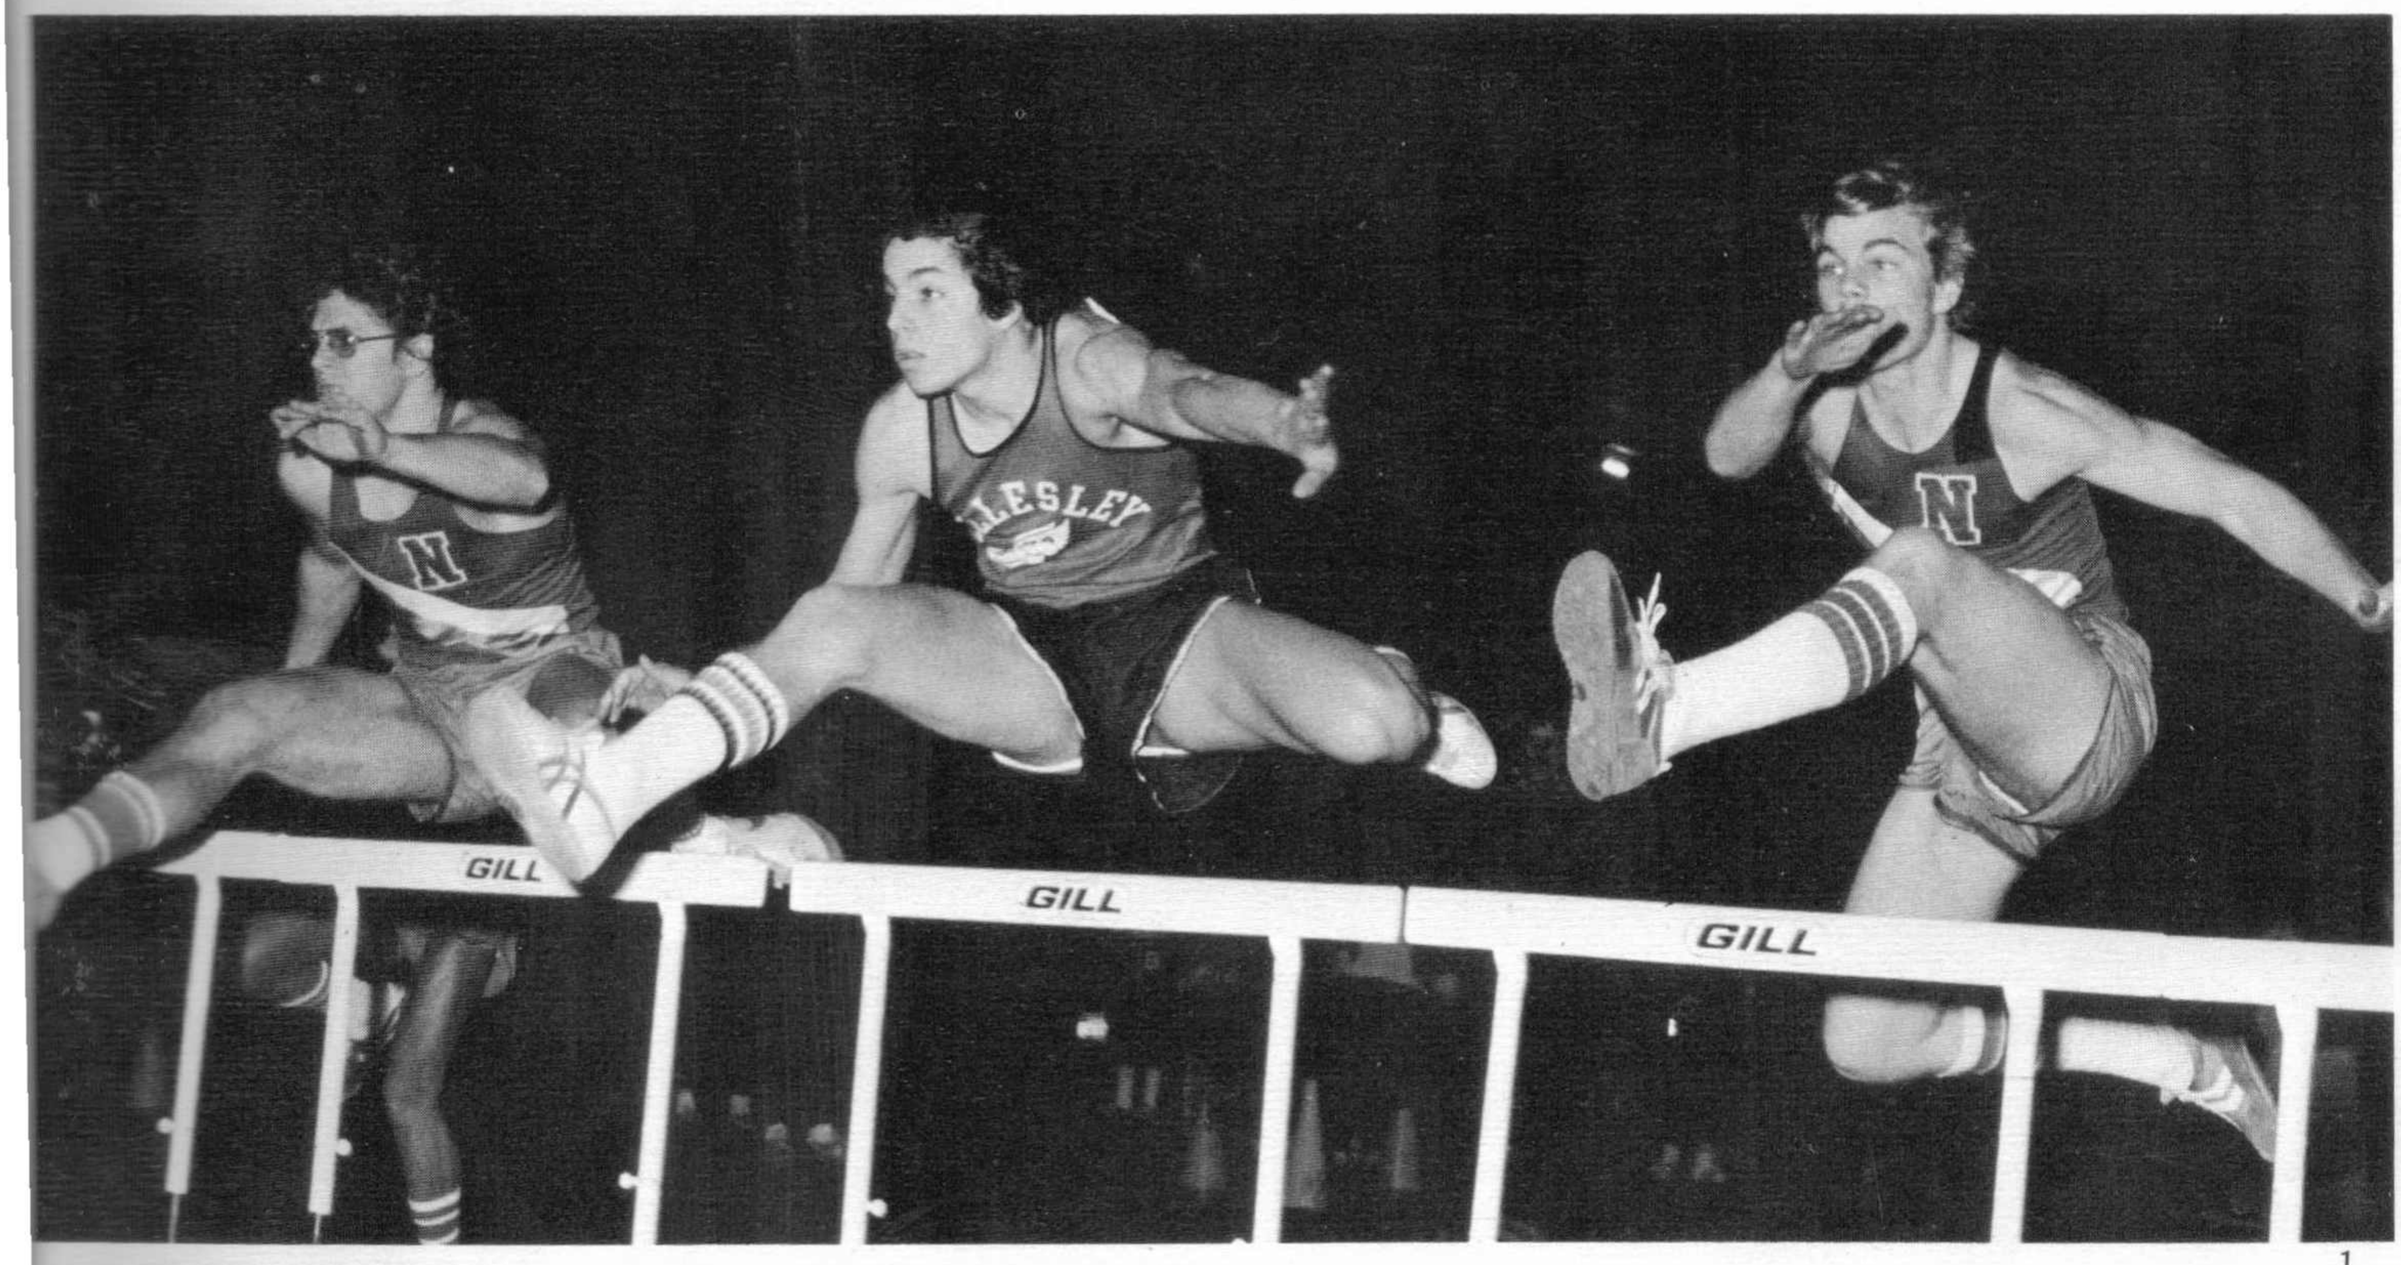

Certain people feel that Head Coach Burnham probably was not too pleased with the advent of girls on his team but there they were again. Unfortunately, two out of only five girls were sidelined midseason due to injuries.

The most exciting meet was the last one of the season, against Framingham South. Before the meet NHS had a 4-4 record; the season depended on this one meet. The teams were close all the way through until South pulled ahead near the end. Eventually, it all came down to the last relay. South put their strongest combination in and they were not quite good enough. They dropped their baton to give Natick a winning record of 5-4.

Boys gymnastics, not one of Natick's stronger teams, is slowly making changes that should improve upon their present 2-5 league standing. According to coach Theriaque the group has been building for the past several years. Apparently support and interest fell off during 1972 but this year with the help of a few team members the needed support is returning.

Three boys who have done alot for the sport are Bill Cormier, Mark Cameron and Scott Waxler. All three are juniors and have been chosen to return as tri-captains to lead the team next year. Cameron was also chosen as MIP because along with his ability as a gymnast improving, his leadership asserted itself. Waxler, who was all-around gymnast this year and MVP as well, suffered a ruptured joint cap that was never quite healed. Senior Ed Jacobs captained gymnastics this year and must also be given credit for helping to spark some new interest. Gymnastics is, at present, the only sport that has co-ed meets and shares a banquet which Theriaque feels is due to the fact that he and Coach Maloney cooperate.

Girls gymnastics is consistently a threat to other teams. For the second year in a row, their record has been one of the best in the league; this year it earned them second place. With each passing season, the Redmen come closer to first place Braintree. Seniors Sherry Chouinard and Paula Weber led the team which was coached by Nancy Maloney. Sherry was unable to attend the State competition because of an elbow that she dislocated while vaulting.

Paula and Sherry will be relieved by Katy Abrams and Chris Paul. Chris has compiled quite an impressive record for herself during the past two years. Sister Ellen is a strong gymnast in her own right. She qualified for three meets after the regular season, winning third place on the unevens in the Bay State Conference meet. Lori Sassi, Debbie Cope, Katy Abrams, and Chris and Ellen Paul also competed in that conference. The trophy for most valuable player was awarded to Chris Paul, while Debbie Cope earned the most improved player trophy. Next year Natick will, hopefully, unseat Braintree from a seemingly permanent first place position. Only three girls are graduating so we should have quantity and some first rate quality.

Junior Chris Paul had another great year. Last year she tumbled into NHS history by holding several records in the Bay State Conference meet. She also placed highly in the state meet; quite an accomplishment for a sophomore.

This year she was second to no one as she placed first in all-round at both the Conference meet and the state competition. She received the MVP trophy for the second year in a row and, as Coach Nancy Maloney put it, "She is the backbone of our team." Coach Maloney was also quoted as saying that Chris is one of the finest athletes ever to attend NHS. We wish Chris the best of luck next year and in the future.

This year's wrestlers pinned down an improved record over last year's team, finishing the season 8-8. Co-Captains Paul Ryder and Larry Delahanty not only led the team in spirit, but also captured berths in the state tournament. The four medal winners in this tournament were Steve Shohan, Ricky Sewell, Larry Delahanty and Paul Ryder. Most Valuable Player was awarded to Larry Delahanty, the Total Dedication award was earned by Paul Ryder and Most Improved went to John Haswell.

The team suffered a loss when an important senior wrestler, Ricky Lamont, was injured in a match and was forced to sit out the remainder of the season with a broken collar bone. Fortunately, his was the only major injury.

Mike Panchuck, who guided the team to this fine record, retired his position as wrestling coach. He will be sorely missed in the future. However, there is potential, and the prospects look good for next year as there are ten experienced wrestlers returning.

BASKETBALL

Girls' basketball had a disappointing season this year, finishing with an overall record of 4 wins and 14 losses. Janet Forance and Carol Naranjo led the unusually small group. Janet and Carol are to be followed by Linda Perry and Joan Murphy as the team leaders next year.

Linda Perry received the honor of being chosen MVP for the team. Cherial Caldor was awarded the Most Improved Player award for the year. According to Co-captain Carol Naranjo, the biggest disappointment was losing to Milton. NHS had tied up the score when the buzzer went off, only to lose in overtime. The '77 season was a rebuilding year for Natick after losing several key players who graduated last year. Hopefully, with a little more Spectator Support, the team will make a comeback in '78.

This year's basketball team, captained by Bo Cronin and coached by Charles Christie, saw a very disappointing season. The team started the season off by beating Watertown by eight points. After this win the rest of the season would reveal only two more wins in the victory column giving the Redmen a 3-16 record.

One game which will not be forgotten by the Redmen was the Braintree game which the team saw end in a tie and go into overtime. Though the game went into overtime, the Redmen could not pull it out of the fire.

Next year's team, captained by Gary Devane, will be yound and, yet, will have a good many returning varsity players which will make for a strong center.

John Crisafulli and Jim Peirce led the boys' swim team to a 4-2 final record. Coached by Dave Webb, the team had to deal with short practice hours which can be a real problem. In spite of this they did very well. Out of a group of eighteen, six members were chosen by the coaches to be on the Bay State All-Star Team; quite an accomplishment.

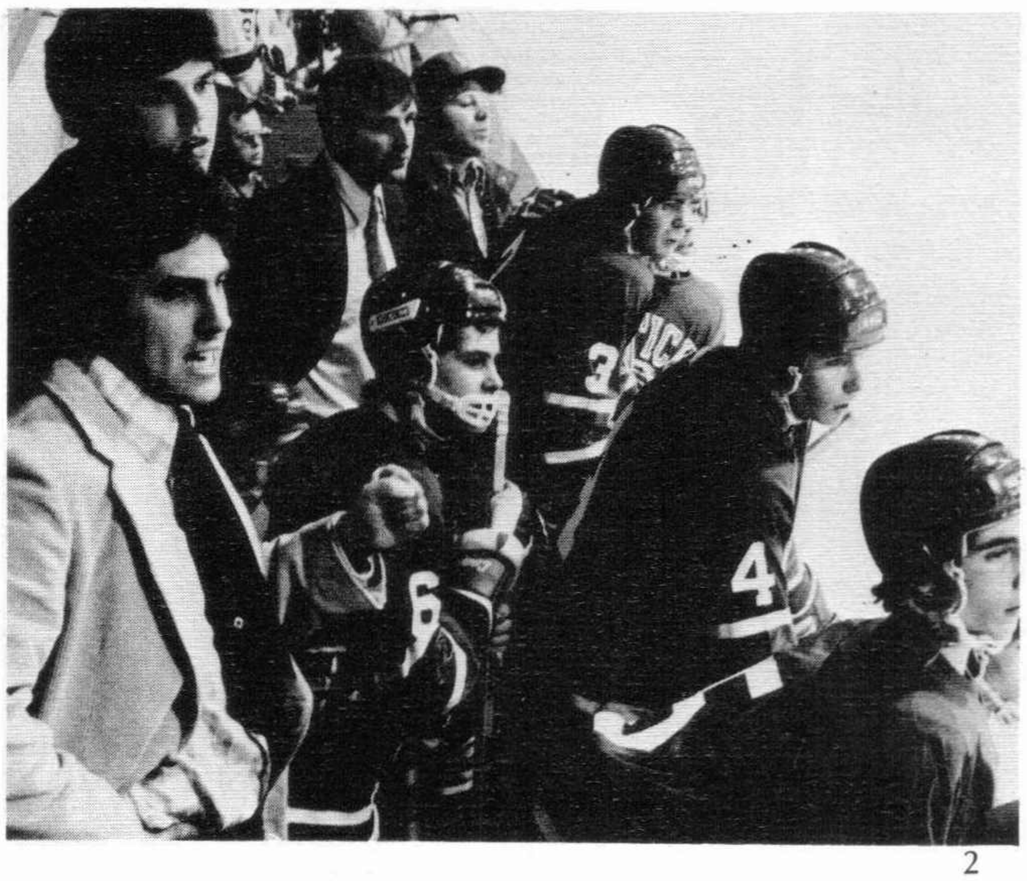

Of their two losses the most upsetting was to our rival, Wesslesley. Co-captain Crisafulli feels that the team is basically stronger then the Red Raiders. Perhaps, with a little more experience, a Natick victory would have been possible. Crisafulli was the MVP for the third consecutive year and with sophomore Chris Shedd, was given an honorable mention to the Boston Globe's All-Star Team. The trophy for the most improved player went to hardworking Billy Jones. At the season's end, six swimmers competed in the Eastern Competition. NHS took home a fifth place out of a field of thirty. With a little more interest Natick will be soon competing for the number one spot.

In his sophomore year as coach of the N.H.S. varsity hockey team, Bill Lacouture accomplished the primary goal he had set for himself and the team prior to the '75-'76 season: he completely turned the hockey program around and produced a team that could win consistently in the tough Bay State League. The '76-'77 team recorded an excellent 12-3-3 record, finished in second place in their league, and qualified for the state tournament for the first time in countless years. Lacouture was not alone in his quest of this seemingly hopeless dream; he was assisted by coaches Carl Bates, Jim Mckeon, and Tim Cerulo.

The season began dimly as Mike Sullivan, Chris Williamson, and Co-captain Steve Valle suffered injuries which kept them out of the line-up for key games early in the season. At the halfway point of the season the team was sporting a dismal 3-3-3 record; at this point many critics were not too bright in their forecasts for the season half. The team, however, led by Co-captains Tom Murray and a healthy Steve Valle snapped off nine victories in a row. The Dedham, Needham, Norwood, and Braintree games were the most gratifying because these teams had not lost to Natick in many years. Chris Williamson, Tommy Murray and Glenn Karian were selected to the Bay State League All-Star team. Bobby Wells, with Murray and Williamson, was selected to the Dedham Transcript All-Stars. Murray, who received the team MVP award, was also selected to the Boston's Globe's second team All-Scholastic hockey squad.

The best way to spend a cold wintery night during the holiday season is at a festive party with close friends. The Winter Cotillion was just that kind of party on the night of December 20.

The seniors arrived, excited from all the preparation that went into this night. The guys psyched everyone out with their formal suits and gentlemanly manner; and the girls dazzled all with their long flowing gowns. Many people there had never seen their classmates so dressed up.

Even the cafeteria was dressed up thanks to the help of many seniors. They cleaned and decorated until the cafeteria didn't LOOK like "the Cafe".

Jack Hahn and his band provided the dancing music, but the rest of the entertainment was provided by the seniors themselves. This was the brightest night in a long time for NHS.

The annual NHS Candlelight Concert was held on the fifteenth of December. This concert was one of the highlights of the holiday season, both for the participants and those who attended. All of the singers and musicians worked hard for this performance, and their efforts resulted in an astounding performance. The groups in concert were: Chamber Singers (1.), Concert Choir (2.), Stage Band (3.), and Jazz Band (4.).

Winter Concert

March 9, 1977, was a night of creative expression for the students at Natick High. The Concert Choir and the Chamber Singers did a superb job of performing. Besides these groups of students, many individuals had the opportunity to express themselves creatively. A number of students did this through poetry readings. These students included: Mark Miller, Edward Jacobs, Jon Rosenkranz, Veronica Smith, and Lauren Wiles. Jeanne Golan, a senior, has won many awards for her piano playing. At this concert, she gave the audience a taste of that fine musical ability.

All the students involved displayed their talents beautifully. It is nice to see we have such creative and talented students at NHS and we wish them the best of luck in using these talents throughout their lives.

TENNIS

The NHS girls' tennis team, coached by Jim Linsky, finished the season with a 3-15 record. This, however, does not reveal the excitement generated in some of the matches. One of the wins was against a tough Walpole team and kept Natick out of last place. A very impressive comeback effort lifted Natick to a 3-2 victory over rival Framingham South.

The team was led by Co-Captain Nancy Castelli who was selected MVP for the season. Other fine individual performances came from senior Jeanne Golan and Co-Captain Cindy Zatz. Joyce Levin and Linda Perry compiled a 9-3 record for themselves and competed in the state doubles tournament.

Next year's team will be captained by Maria Demasi and Joyce Levin. Coach Linsky is looking foreward to the thirteen underclassmen coming back to help provide a strong nucleus for the future seasons.

This year's tennis team had a record of 8-10. The first half of the season saw the team's record standing at 3-6. However, with captains Bob Wells and Greg Hennrikus and Coach Crow at the helm, the team managed a winning second half. In the latter part of the season, Natick showed improvement by beating a strong Milton and an always powerful Framingham South. Natick's low point for the spring came at the hands of Braintree. They lost this meet 3-2 in the last set.

The MVP award went to Co-Captain Bob Wells for his excellent play. Another outstanding player, Ed Vercelli, was the number one man for Natick this season.

With six returning varsity players and lots of help from the JV squad, next year's team has the ability to put it all together and go all the way.

The softball team wound up its season with a respectable 8-10 record. According to Coach Nancy Maloney, this team was an excellent defensive team performing superbly in the field and without many errors. Although the team lost to first place Milton 5-3, this game ranked as one of the most exciting due to the high caliber performance on the part of the team.

Tri-captains Carol Naranjo, Kitty Murphy and Linda Goldrick all had a good season. Carol was voted the MVP and was picked for the Baystate all-star team.

The track team reached the finish line this year with a 6-3 record. This bested last year's record of 5-4.

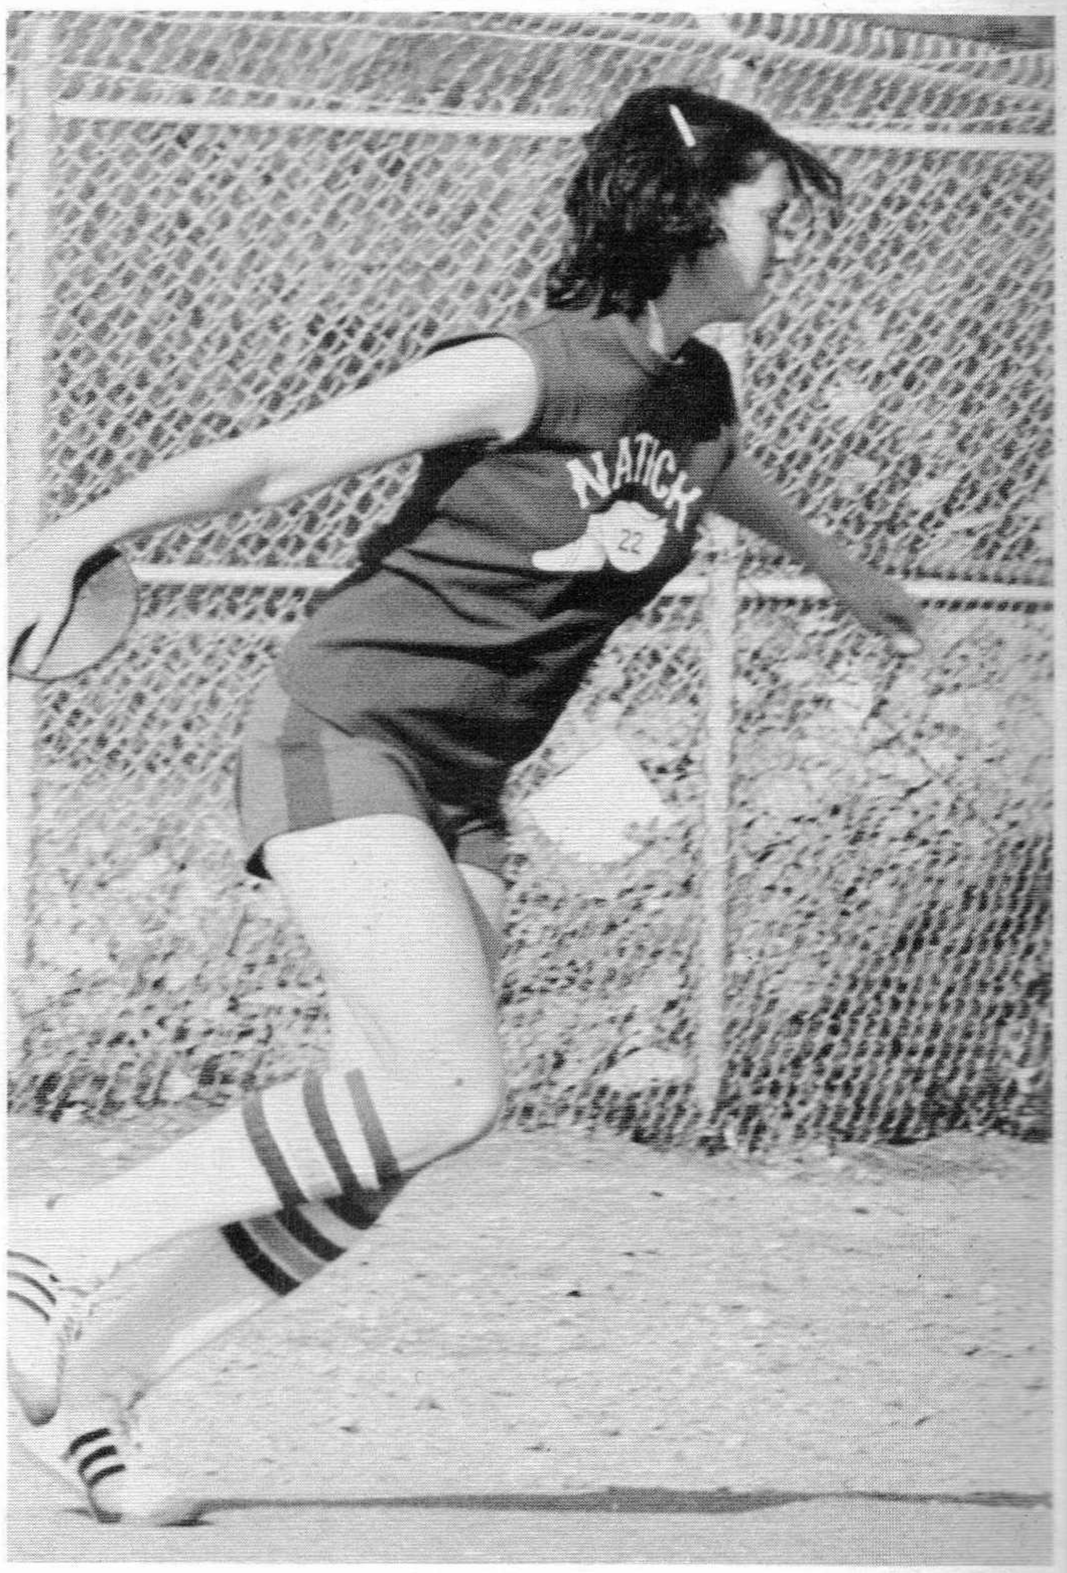

All the victories were hard fought, but one of the most outstanding was the tremendous 96-49 sweep over Dedham. The relay win over Needham was also especially satisfying.

This year the team did well in the discus and relay events. Among the most natable performances were put in by Mike Krupski in the mile relay and Marc Montgomery in the hurdles.

The girls' track team, led by Co-captains Sue Ehrlich and Cheryle Dolbec, finished their third season by duplicating their last year's record of 8-1. They came within ten points of being league champions when they were again defeated by Dedham, 64-54.

Some of the highlights of the season were the victory over one of the top teams in the league, Norwood, and the team's fourth place at the state meet. The whole group put out a strong effort all year long, with special compliments to the record breakers, Sue Ehrlich in the 880, Tricia Moores in the mile and two mile and the 110 x 4 relay consisting of Giorgio, Dale, Carey and Watkins. That relay also broke the league record. The team's mile relay, consisting of Jasinski, Taylor, Ehrlich and Ehrlich, was undefeated and took second place in states and fifth place in all-states.

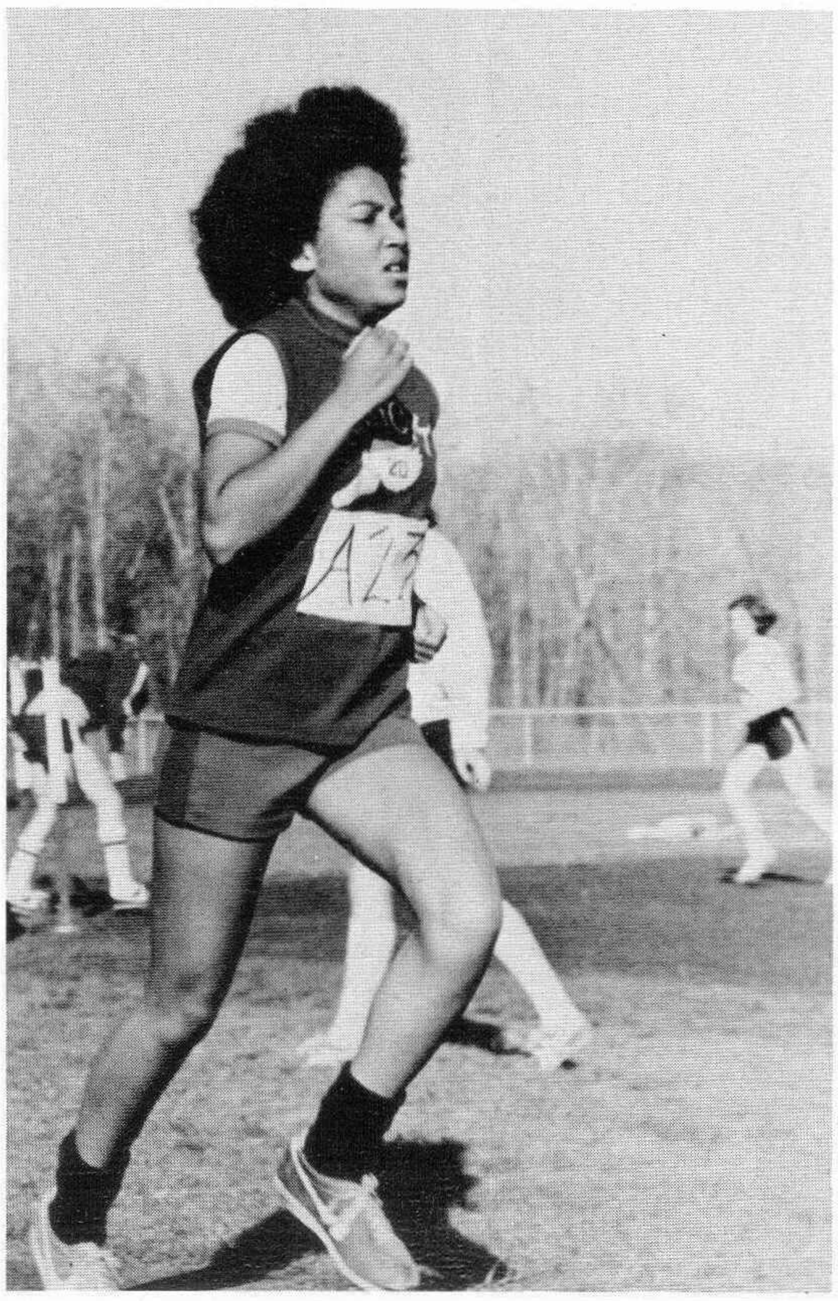

The team holds 6 out of 12 league records and was one of the most dominant teams in the Bay State League. Next year the tri-captains are all veterans, Leslie Dale, Stella Watkins and Tricia Moores.

The year's golf team had to battle more than their share of problems: not only opposing golf teams but also an injury to Captain Mike Murphy put him out for most of the season (we will not mention the injury). Despite the unfavorable weather conditions for practice, the team worked out. The final tally for the season was 1-8.

The team had its bright spots, though, with some outstanding performances by Paul Rothwell. Rothwell missed the cut for the state tourney by only a couple of strokes.

The future looks bright for Coach O'Connor's squad. O'Connor feels sure that the job can be done a little better next year with able leadership provided by Ricky Kane.

BASEBALL

This year's edition of NHS baseball featured a 14-8 record. With only five varsity letter-winners back from last year, the young Redmen, tamed by inexperience and burned by mental and physical errors, fell one game short of qualifying for the state tourney.

The team had the privilege of visiting West Point during May. A lion's share of the credit should be given to Coach Carroll for his work. The team was led by senior captain Tom Murray at third base who had a respectable season at the plate and by senior pitcher Dave Pennie. Pennie only had a 5-3 record but earned an all-star berth in the outfield on the Bay State League squad.

Natick also had some fine talent behind the plate in Captain-elect Charlie MacGregor; while Captain-elect Tony Armata opened some eyes with some solid play at first base. Junior Mike Caccavelli possessed the best record on the club as a pitcher with a 6-3 record and a very low ERA. Larry Denaro, senior right-fielder had the best arm in the league from the outfield. Steve Sweeny was rewarded the Unsung Hero trophy for his diligent work and effort.

The girls' lacrosse team has been one of the "unsung" sports at Natick High. This team of dedicated athletes has practiced as hard as any other team but has suffered due to lack of recognition.

Since lacrosse is not a varsity sport, the girls had to sell candy bars and hold bake sales during the year in order to raise enough money to hire buses for their away games. Enough money was raised this year to travel to nine towns and to buy lacrosse shirts.

With a thirteen game schedule, the team established a fine record of 8-5. Lisa Firth was high scorer with twenty-nine goals; followed by Joanne Gildea with twenty-one. The MVP award went to the "dynamite" goalie, Debbie Blume, who had over two hundred saves.

Hopefully, the lacrosse team will be given its long overdue recognition and be granted varsity status.

Despite an unseasonable blizzard, students did show up for the annual Sassamon Sock Hop on March 18, 1977. The roads were slushy and snow was falling continuously. Driving was treacherous, but that didn't phase out the enthusiastic students. They showed up greased and ready to rock and roll. Dale and the Duds returned once again for another smashing performance. Though not as many students went this year, those students will never forget this night of rock and roll. The general rowdy atmosphere is best summed up in the words of Bob Seeger; "ROCK AND ROLL NEVER FORGETS!!"

100 Days

100 days before graduation. What better way to celebrate than with a dance? The whole school was invited to join the the celebration on March 4. This dance was the original idea of the senior class and organized totally by the class. Axis was an excellent choice for a band. They played many well known favorites and even some requests. The 100 Days dance was such a big success that the only complaint was that the band didn't know "Freebird!"

1. How come Paul always seems to collect the $$? 2. We always come armed with cards. 3. Anne, "Don't mind her, Joan's just a little flaky!" 4. Dancin' the night away. 5. AXIS.

March 25, 1977, will go down in history as the bloodiest day of the school year. On this day, approximately 142 pints of blood were donated by the students and faculty of Natick High to the Red Cross. There was much joking going around about who was chicken, who would be rejected, etc. When it all came down to it, though the students took the matter very seriously and acted maturely. Most "victims" made it through the experience with no problems, but those problems which did arise were handled so efficiently by the staff that everyone around felt secure. The students left feeling a genuine sense of pride that they had perhaps saved a life, and the respect and thanks of many.

1. Is she dead yet? 2. John Crisafulli — feeling no pain! 3. Hey — this is a breeze! 4. They're relaxed now — wait till they see the needle!

"Don't Drink the Water"

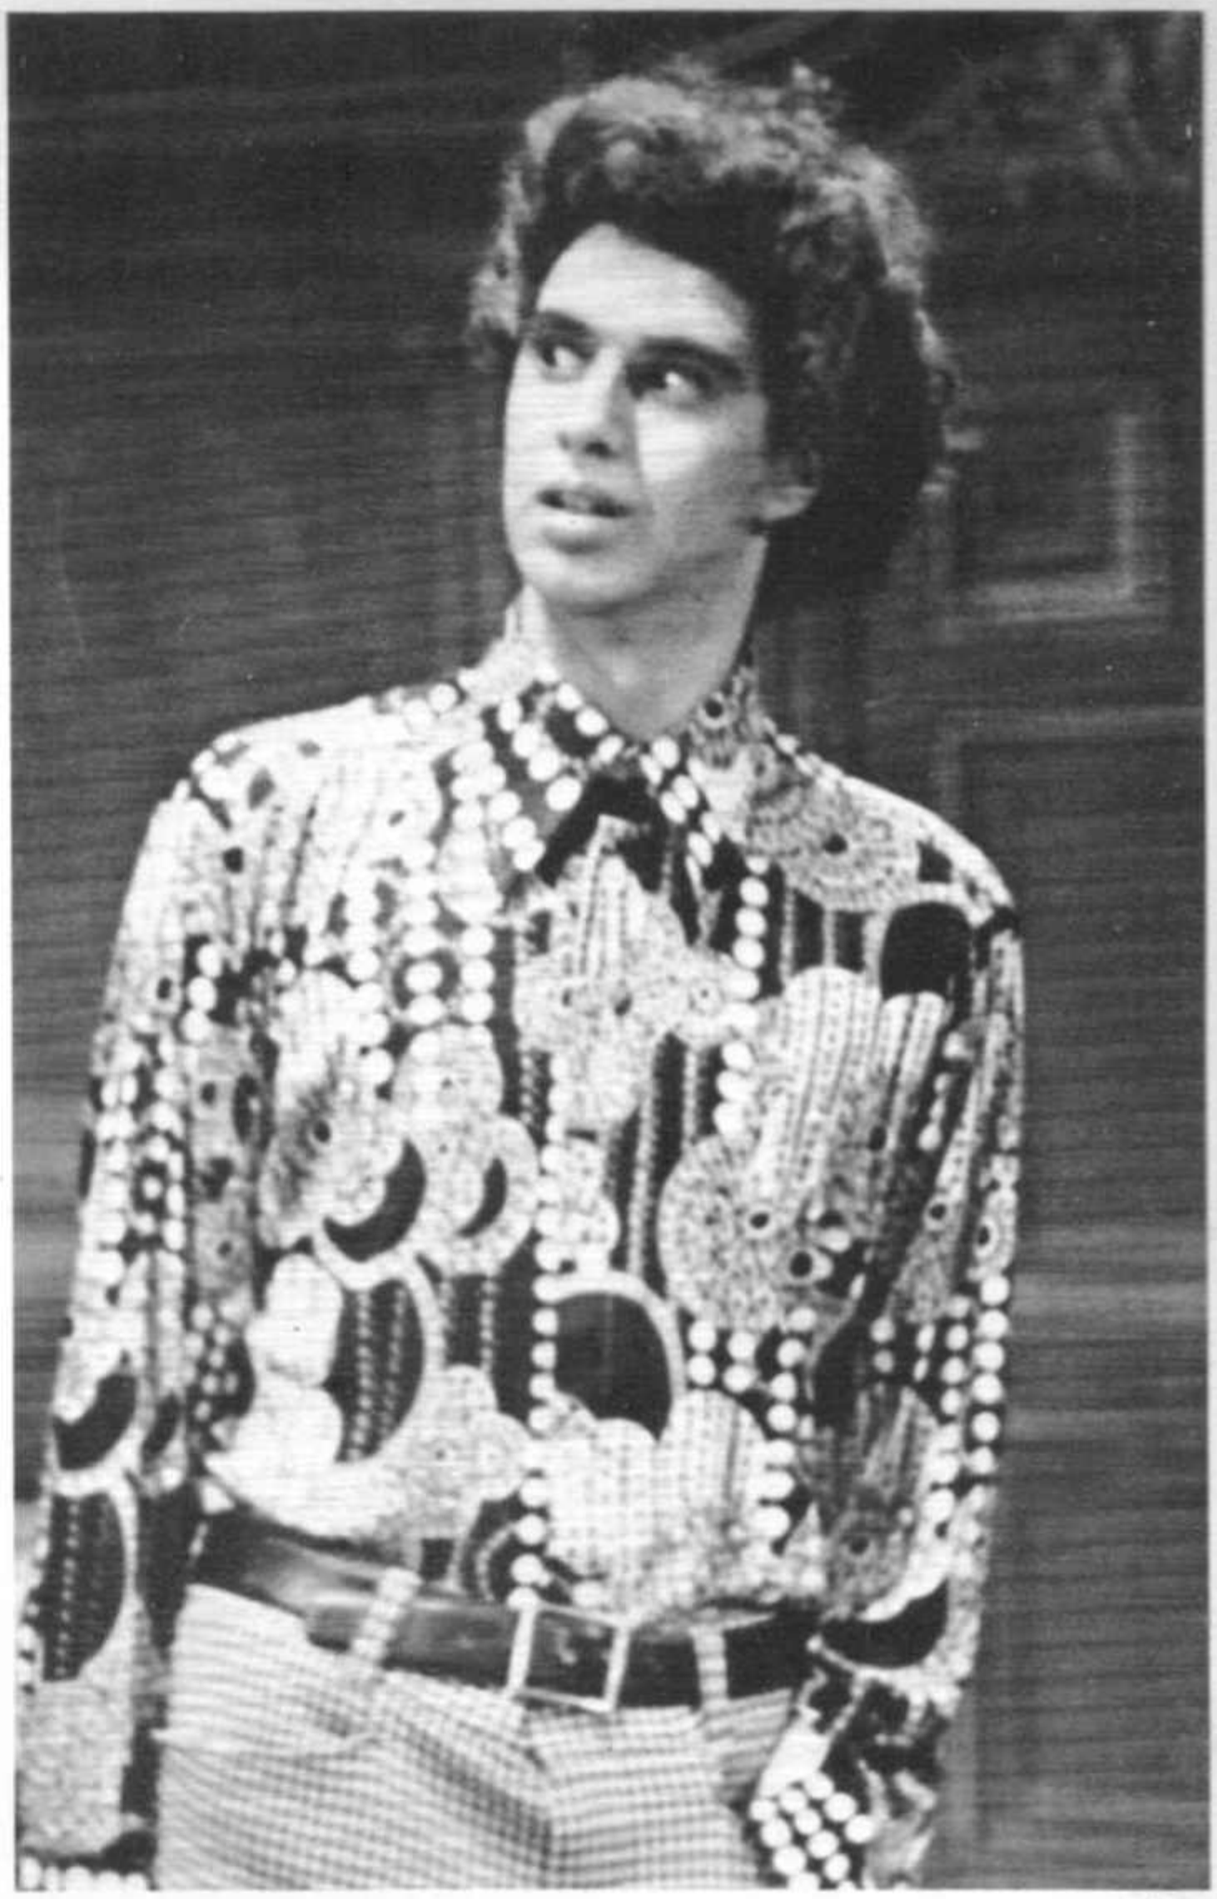

"Don't Drink the Water" was presented by the Drama Club on April 1. Fortunately, the play did not go over as a joke. Sponsored by the junior class, this play was one of the more successful plays of the year.

The Boston Spanish Ballet Troupe was one of the highlights of last year's International Week. They used our auditorium for a central performance where other area schools could travel to. This year they again displayed the beauty and skill of this dance.

Whist seems to be the most played, most talked about, and all around most popular game in NHS. Therefore, the National Honor Society sponsored an official night of whist for such avid players. A minimal fee was charged in order to subsidize the National Honor Society scholarship. Prizes were donated by local merchants, cards were rounded up, and the party was on! Unfortunately most of the wild whist players seemed content to play at home, but those that did attend enjoyed the evening.

"PORTRAITS," directed by Gerald Dyer and student director Beth Kowal, went off with a bang on May 19 and ran for three nights. The show displayed talent drawn from the student body. The all-school show is perennially one of the favorite events of the school because anyone and everyone is welcome to participate (even the audience) and do!

GOOD TIMES

May 28 saw one of the most festive events of the year, the third annual Pops Concert. The warm spring evening was enhanced by the music of the Concert Choir and Chamber Singers directed by Mrs. Karen Bergmann, the Concert Band and Jazz Ensemble directed by Mr. Joseph Keown, and the Harmoneers.

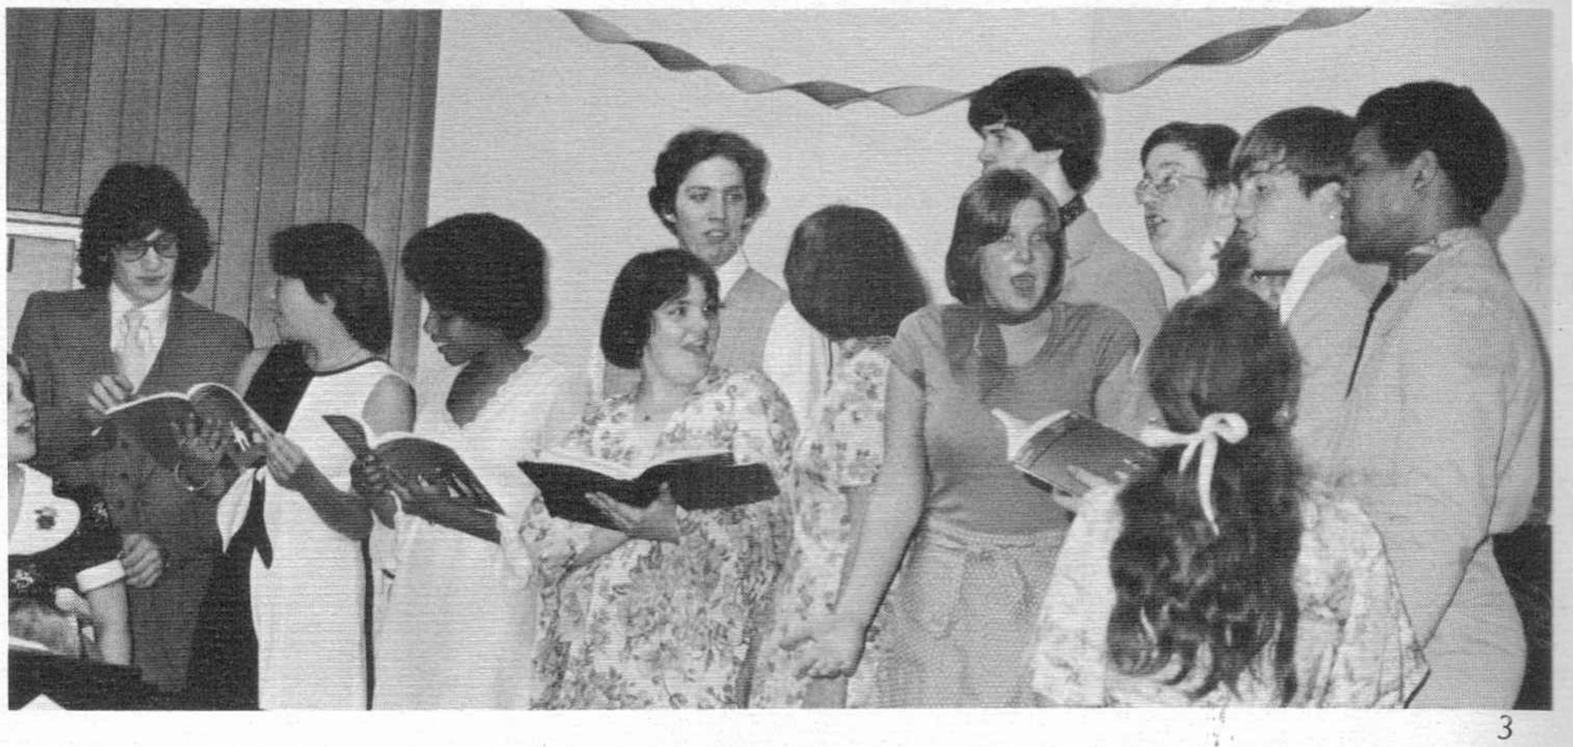

The occasion was greatly enjoyed by parents and friends who enthusiastically applauded the performers. Later, many parents congratulated the groups on the high level of musical accomplishment displayed throughout the year.

PICCADILLY CIRCUS
CARNABY ST.
LONDON

This section is filled with the faces and personal reflections of the class of 1977. Some of the faces will be familiar and others may not be; our class was not a small one by any means. In looking at this section it is important to look at each senior as a member of the class of '77, but perhaps more importantly one should see each senior as an individual with his or her own special thoughts, ideas, and personality.
